My Shadow Ran Fast:

My Shadow Ran Fast Bill Sands, 1964 The story of Bill Sands his early life as a law breaking thug his time in San Quentin with cellmate Caryl Chessman and his life after prison helping ex cons and juvenile delinquents My Shadow Ran Fast. [An Autobiography.]. Bill SANDS (Wilber Power Sewell.), 1964 *My Shadow Ran Fast -CC* , *Rebel and a Cause* Theodore Hamm, 2001-11-20 Theodore Hamm uses the 1960 execution of Caryl Chessman as a lens for examining how politics and debates about criminal justice became a volatile mix that ignited postwar California The effects of those years continue to be felt as the state s three strikes law and expanding prison construction program spark heated arguments over rehabilitation and punishment Known as the Red Light Bandit Chessman allegedly stalked lovers lanes in Los Angeles Eventually convicted of rape and kidnapping he was sentenced to death in 1948 In prison he gained significant notoriety as a writer beginning with his autobiographical Cell 2455 Death Row 1954 In the following years Chessman presented himself not only as an innocent man but also as one rehabilitated from his prior life of crime He acquired an enthusiastic audience among leading criminologists liberal intellectuals and ordinary citizens many of whom engaged in protests to halt Chessman s execution Hamm analyzes how Chessman convinced thousands of Californians to support him and why Governor Edmund G Pat Brown who opposed the death penalty allowed the execution to go forward He also demonstrates the intrinsic limits of the popular commitment to the rehabilitative ideal *Rebel and a Cause* places the Chessman case in a broad cultural and historical context relating it to histories of prison reform the anti death penalty movement the popularization of psychology and the successive rise and decline of the New Left and the more enduring rise of the New Right **My Shadow Ran Fast** Bill Sands, Napoleon Hill Foundation, 1995 **The Seventh Step** Bill Sands, 2018-10-09 This book which describes the author s one man crusade for a new penal rehabilitation program known as The Seventh Step takes you right into the drama of prison life In 1963 Bill Sands an ex convict and the Reverend James Post formulated a self help group in the Kansas State Prison This first pre release program adopted a slogan and guidelines that are the basis of The Seventh Step programs today This was a danger charged mission of an ex inmate at San Quentin who crashed the Main Yard to prepare convicts for life in the squarejohn world to help them go outside and stay out Faced with the hopelessness of the men who had been parolled but not released because no one would hire them getting the men to face themselves and the outside world realistically knowing about the inmates desire for revenge all had to be channeled into an overwhelming desire for freedom Their stories are fascinating and inspiring Tremendously successful the program reduced the number of men returning to prison for crimes committed after their release from 80% to 20% and spawned Seventh Step chapters across the United States a shocking chronicle of prison life fascinating BIRMINGHAM NEWS I think it is a great book and I found it full of inspiration NORMAN VINCENT PEALE

Macallair,2015-10-30 The California youth corrections system is undergoing the most sweeping transformation in its 154 year history The extraordinary nature of this change is revealed by the striking decline in the state s youth incarceration rate In 1996 with 10 000 youth confined in 11 state run correctional facilities California boasted the nation s third highest youth incarceration rate Now with only 800 youth remaining in a system comprised of just three institutions California has one of the nation s lowest youth incarceration rate How did such unprecedented changes occur and what were the crucial conditions that produced them Daniel E Macallair answers these questions through an examination of the California youth corrections system s origins and evolution and the patterns and practices that ultimately led to its demise Beginning in the 19th century California followed national juvenile justice trends by consigning abused neglected and delinquent youth to congregate care institutions known as reform schools These institutions were characterized by their emphasis on regimentation rigid structure and harsh discipline Behind the walls of these institutions children and youth who ranged in age from eight to 21 were subjected to unspeakable cruelties Despite frequent public outcry life in California reform schools changed little from the opening of the San Francisco Industrial School in 1859 to the dissolution of the California Youth Authority CYA in 2005 By embracing popular national trends at various times California encapsulates much of the history of youth corrections in the United States The California story is exceptional since the state often assumed a leadership role in adopting innovative policies intended to improve institutional treatment The California juvenile justice system stands at the threshold of a new era as it transitions from a 19th century state centered institutional model to a decentralized structure built around localized services delivered at the county level After the Doors Were Locked is the first to chronicle the unique history of youth corrections and institutional care in California and analyze the origins of today s reform efforts This book offers valuable information and guidance to current and future generations of policy makers administrators judges advocates students and scholars **Library Services and Construction Amendments of 1970** United States.
