Modernism and the Classics J. Alison Rosenblatt, 2016-09-22 This volume is a major ground breaking study of the modernist E E Cummings engagement with the classics With his experimental form and syntax his irreverence and his rejection of the highbrow there are probably few current readers who would name Cummings if asked to identify 20th century Anglophone poets in the Classical tradition But for most of his life and even for ten or twenty years after his death this is how many readers and critics did see Cummings He specialised in the study of classical literature as an undergraduate at Harvard and his contemporaries saw him as a pagan poet or a Juvenalian satirist with an Aristophanic sense of humour In E E Cummings *Modernism and the Classics* Alison Rosenblatt aims to recover for the contemporary reader this lost understanding of Cummings as a classicizing poet The book also includes an edition of previously unpublished work by Cummings himself unearthed from archival research For the first time the reader has access to the full scope of Cummings translations from Horace Homer and Greek drama as well as two short pieces of classically related prose a short *Alcaics* and a previously unknown and classicizing parody of T S Eliot's *The Waste Land* This new work is exciting in its own right and essential to understanding Cummings development as a poet **Love Poems To A Poet: 111 Poems Of Eternal Love, Passion and Desire** Leila Ziari ,2020-02-14 Leila Ziari's first collection of poetry invites readers into a world of transformative love Dedicated to and inspired by Bob Dylan these one hundred and eleven poems reveal the bliss pain expansion longing and ecstasy of eternal love Earthly and ethereal timely and timeless Just as Ziari chronicles her own metamorphosis she invites the reader to be inspired uplifted healed and renewed Through her bold confession of passionate devotion Ziari dissects the very essence of love and the whirlwind of emotions therein It is her vulnerability that allows for such immersion reminding readers that those we love are part of our spirits and have been embedded in our souls since the

Retelling the Story Larry Lange,2005 Is the typical didactic sermon still an adequate vehicle for communicating essential biblical truth In this provocative and enlightening volume Larry Lange contends that story sermons are a far more effective way to proclaim the Good News in a modern world that largely communicates through narrative driven multimedia spectacle The powerful stories in the Bible don t need to be turned into morals or ideas to convey the gospel But because they were composed in a radically different cultural context they may require additional explanation or interpretation to make them relevant for contemporary audiences So how can a preacher add narrative elements to these stories without diminishing their dramatic impact or changing their meaning Retelling The Story outlines an innovative process for retelling biblical stories that utilizes fictional elements and contexts yet remains faithful to the scriptural text Several creative and homiletical issues are comprehensively examined and six sample sermons are included to illustrate various aspects of this process at work Inject exciting new life into the old old story with this primer for developing dramatic sermons that touch hearts and minds and souls Lange s book is very well connected to recent homiletical literature is well researched deeply biblical and creatively challenging Parish pastors will benefit from this clear and brief presentation of biblical retelling Richard A Jensen Carlson Professor of Homiletics emeritus Lutheran School of Theology at Chicago Larry Lange and his wife
