The New Cambridge English Course 1 Class Audio Cassette Set (3 Cassettes) Michael Swan, Catherine Walter, 1990-02-15 The New Cambridge English Course is a four level course for learners of English [Cambridge English for the World 2 Class Audio Cassette Set \(2 Cassettes\)](#) Andrew Littlejohn, Diana Hicks, 1996-11-28 [Buck 'Em!](#) Randy Poe, 2016-01-01 Buck Em The Autobiography of Buck Owens is the life story of a country music legend Born in Texas and raised in Arizona Buck eventually found his way to Bakersfield California Unlike the vast majority of country singers songwriters and musicians who made their fortunes working and living in Nashville the often rebellious and always independent Owens chose to create his own brand of country music some 2 000 miles away from Music City racking up a remarkable twenty one number one hits along the way In the process he helped give birth to a new country sound and did more than any other individual to establish Bakersfield as a country music center In the latter half of the 1990s Buck began working on his autobiography Over the next few years he talked into the microphone of a cassette tape machine for nearly one hundred hours recording the story of his life With his near photographic memory Buck recalled everything from his early days wearing hand me down clothes in Texas to his glory years as the biggest country star of the 1960s from his legendary Carnegie Hall concert to his multiple failed marriages from his hilarious exploits on the road to the tragic loss of his musical partner and best friend Don Rich from his days as the host of a local TV show in Tacoma Washington to his co hosting the network television show Hee Haw and from his comeback hit Streets of Bakersfield to his induction into the Country Music Hall of Fame In these pages Buck also shows his astute business acumen having been among the first country artists to create his own music publishing company He also tells of negotiating the return of all of his Capitol master recordings his acquisition of numerous radio stations and of his conceiving and building the Crystal Palace one of the most venerated musical venues in the country Buck Em is the fascinating story of the life of country superstar Buck Owens from the back roads of Texas to the streets of Bakersfield Click here to watch a video extra on YouTube for Buck Em **Tomorrow on Cassette** Benjamin Duester, 2025-05-15 Growing sales numbers for cassette tapes in the Global North since the early 2010s have led mass media outlets to repeatedly proclaim a tape revival Yet the grassroots projects of devotees in niche punk noise

and hip hop DIY music scenes have continuously upheld the unique material benefits of cassettes while wider society considered them a relic of bygone times Contrasting the popular notion of current cassette use being a mere side effect of the blazing interest in the vinyl record this book argues that the lasting embrace of tapes is based on complex cultural economic and material factors that shape cassettes as hybrid artefacts of music in the new media age Drawing on interviews with 85 experts active in DIY music cultures as independent record shop operators musicians event promoters fans and collectors across Japan Australia and the United States Tomorrow on Cassette presents a seminal exploration of how the cassette tape s significance as a tool for material expression creativity and sociality perseveres in the 21st century
