Nietzsche A Re Examination:

Nietzsche Irving M. Zeitlin, 2018-03-08 In this book Irving Zeitlin re examines the work of this important philosopher and considers how we should assess Nietzsche's claims today **Nietzsche, Epistemology, and Philosophy of Science** B.E. Babich, 2013-03-09 Nietzsche Epistemology and Philosophy of Science is the second volume of a collection on Nietzsche and the Sciences featuring essays addressing truth epistemology and the philosophy of science with a substantial representation of analytically schooled Nietzsche scholars This collection offers a dynamic articulation of the differing strengths of Anglo American analytic and contemporary European approaches to philosophy with translations from European specialists notably Carl Friedrich von Weizsäcker Paul Valadier and Walther Ch Zimmerli This broad collection also features a preface by Alasdair MacIntyre Contributions explore Nietzsche's contributions to the philosophy of language and epistemology and include essays on the social history of truth and the historical and cultural analyses of Serres and Baudrillard as well as new contributions to the philosophy of science including theological and hermeneutical approaches history of science the philosophy of medicine cognitive science and technology Nietzsche's Anti-Darwinism Dirk R. Johnson, 2010-08-12 Friedrich Nietzsche's complex connection to Charles Darwin has been much explored and both scholarly and popular opinions have tended to assume a convergence in their thinking In this study Dirk Johnson challenges that assumption and takes seriously Nietzsche's own explicitly stated anti Darwinism He argues for the importance of Darwin for the development of Nietzsche's philosophy but he places emphasis on the antagonistic character of their relationship and suggests that Nietzsche's mature critique against Darwin represents the key to understanding his broader anti Darwinian position He also offers an original reinterpretation of the Genealogy of Morals a text long considered sympathetic to Darwinian naturalism but which he argues should be taken as Nietzsche's most sophisticated critique of both Darwin and his followers His book will appeal to all who are interested in the philosophy of Nietzsche and its cultural context **Nietzsche and the Politics of Reaction** Matthew McManus, 2023-01-01 This book is intended as a major interdisciplinary contribution to the study of Nietzsche's thought in particular and the political right more generally Historically the assessment of Nietzsche's politics has ranged from denouncing him as a forerunner to Nazism to claiming he effectively did not have articulated political convictions During the latter half of the 20th century he surprisingly became a major theoretical influence on a variety of post structuralist radical critics who saw in his perspectivism and genealogy of power useful tools to critique existent structures of domination This collection of essays reframes the debate by looking at Nietzsche's constructive political project defending aristocratic values from the levelling influence of the herd and its liberal socialist and democratic spokesmen The essays will also explore how this defense of aristocratic values continues to have an influence on the political right inspiring moderates like Jordan Peterson and far right authors and activists like Aleksandr Dugin and Steve Bannon **Contesting Nietzsche** Christa Davis Acampora, 2013-05-06 A brilliant exploration of a significant and understudied aspect of Nietzsche's

philosophy In this groundbreaking work Christa Davis Acampora offers a profound rethinking of Friedrich Nietzsche's crucial notion of the agon Analyzing an impressive array of primary and secondary sources and synthesizing decades of Nietzsche scholarship she shows how the agon or contest organized core areas of Nietzsche's philosophy providing a new appreciation of the subtleties of his notorious views about power By focusing so intensely on this particular guiding interest she offers an exciting original vantage from which to view this iconic thinker Contesting Nietzsche Though existence viewed through the lens of Nietzsche's agon is fraught with struggle Acampora illuminates what Nietzsche recognized as the agon's generative benefits It imbues the human experience with significance meaning and value Analyzing Nietzsche's elaborations of agonism his remarks on types of contests qualities of contestants and the conditions in which either may thrive or deteriorate she demonstrates how much the agon shaped his philosophical projects and critical assessments of others The agon led him from one set of concerns to the next from aesthetics to metaphysics to ethics to psychology via Homer Socrates Saint Paul and Wagner In showing how one obsession catalyzed so many diverse interests Contesting Nietzsche sheds fundamentally new light on some of this philosopher's most difficult and paradoxical ideas *Nietzsche's Jewish Problem* Robert C.

Holub, 2015-10-20 The first comprehensive account of Nietzsche's views of Jews and Judaism For more than a century Nietzsche's views about Jews and Judaism have been subject to countless polemics The Nazis infamously fashioned the philosopher as their anti-Semitic precursor while in the past thirty years the pendulum has swung in the opposite direction The increasingly popular view today is that Nietzsche was not only completely free of racist tendencies but also was a principled adversary of anti-Jewish thought Nietzsche's Jewish Problem offers a definitive reappraisal of the controversy taking the full historical intellectual and biographical context into account As Robert Holub shows a careful consideration of all the evidence from Nietzsche's published and unpublished writings and letters reveals that he harbored anti-Jewish prejudices throughout his life Nietzsche's Jewish Problem demonstrates how this is so despite the apparent paradox of the philosopher's well-documented opposition to the crude political anti-Semitism of the Germany of his day As Holub explains Nietzsche's anti anti-Semitism was motivated more by distaste for vulgar nationalism than by any objection to anti-Jewish prejudice A richly detailed account of a controversy that goes to the heart of Nietzsche's reputation and reception Nietzsche's Jewish Problem will fascinate anyone interested in philosophy intellectual history or the history of anti-Semitism

Nietzsche's Metaphysics of the Will to Power Tsarina Doyle, 2018-02-15 Presents a fresh interpretation of Nietzsche's controversial account of nature and value in relation to Kant and Hume **The Broadview Anthology of Social and**

Nietzsche and Jewish Culture Jacob Golomb, 2002-01-04 Friedrich Nietzsche occupies a contradictory position in the history of ideas: he came up with the concept of a master race, yet an eminent Jewish scholar like Martin Buber translated his *Also sprach Zarathustra* into Polish and remained in a lifelong intellectual dialogue with Nietzsche. Sigmund Freud admired his intellectual courage and was not at all reluctant to admit that Nietzsche had anticipated many of his basic ideas. This unique collection of essays explores the reciprocal relationship between Nietzsche and Jewish culture. It is organized in two parts: the first examines Nietzsche's attitudes towards Jews and Judaism; the second, Nietzsche's influence on Jewish intellectuals as diverse and as famous as Franz Kafka, Martin Buber, Franz Rosenzweig and Sigmund Freud. Each carefully selected essay explores one aspect of Nietzsche's relation to Judaism and German intellectual history, from Heinrich Heine to Nazism.

The Dark Side of Church/State Separation Stephen Strehle, 2014 *The Dark Side of Church/State Separation* analyzes the Enlightenment's attack upon the Judeo-Christian tradition and its impact upon the development of secular regimes in France, Germany and Russia. Such regimes followed the anti-Semitic, anti-Christian agenda of the French Enlightenment in blaming the Judeo-Christian tradition for all the ills of European society and believing that human beings can develop their own set of values and purposes through rational means, apart from any revelation from God or Scripture. Stephen Strehle's analysis extends our understanding of church-state relations and its history. He confirms the spiritual roots of modern anti-Semitism within the ideology of the Enlightenment and recognizes the intimate relationship between anti-Semitism and anti-Christianity. Strehle questions the absolute doctrine of church-state separation given its background in the bigotries of the philosophes. He notes the nefarious motives of subsequent regimes which used the French doctrine to replace the religious community with the state and its secular ideology. This detailed historical analysis of original sources and secondary literature is woven together with special appreciation for the philosophical and theological ideas that contributed to the emergence of political institutions. Readers will gain an understanding of the most influential ideas shaping the modern world and present-day culture.

Inside/Outside Nietzsche Eugene Victor Wolfenstein, 2018-10-18 Friedrich Nietzsche is both subject and interlocutor in this innovative study. The book mirrors the psychoanalytic situation mediating between the philosophical world that Nietzsche created for himself and the external world challenged by his philosophy. Eugene Victor Wolfenstein, a distinguished social theorist and practicing psychoanalyst, focuses on the opposition between the principles of psychoanalytic theory and Nietzsche's concepts of the will to power and perspectivism. Through critical engagement with these Nietzschean

concepts Wolfenstein brings them into the purview of psychoanalytic theory and practice Using this revised version of psychoanalytic theory Wolfenstein then conducts a psychobiography of Nietzsche's life He contends that Nietzsche philosophized from within a transitional space between the maternal and paternal extremes of the male imaginary a space in which gender identity is notably unstable and sublimity consorts with the most abject misery This psychic location is the impetus for Nietzsche's conceptions of eternal return and the feminine Finally Wolfenstein explores Nietzsche's genealogy of morals from a psychoanalytic perspective and in the light of Nietzsche's psychobiography He concludes that Nietzsche's revaluation of values leaves us painfully short on both love and compassion The whole book is also framed by a critical engagement with Michel Foucault's problematics of power knowledge **A Companion to Nietzsche** Keith Ansell-Pearson, 2011-08-24 A Companion to Nietzsche provides a comprehensive guide to all the main aspects of Nietzsche's philosophy profiling the most recent research and trends in scholarship Brings together an international roster of both rising stars and established scholars including many of the leading commentators and interpreters of Nietzsche Showcases the latest trends in Nietzsche scholarship such as the renewed focus on Nietzsche's philosophy of time of nature and of life Includes clearly organized sections on Art Nature and Individuation Nietzsche's New Philosophy of the Future Eternal Recurrence the Overhuman and Nihilism Philosophy of Mind Philosophy and Genealogy Ethics Politics Aesthetics Evolution and Life Features fresh treatments of Nietzsche's core and enigmatic doctrines **misReading Nietzsche** M. Saverio Clemente, Bryan J. Cocchiara, 2018-06-11 Perhaps more than any philosophy written in the past few centuries the work of Friedrich Nietzsche has given rise to controversy misunderstanding and dissent Today Nietzsche is remembered as the revolutionary author of such polemical ideas as the death of God the revaluation of values the will to untruth and the Übermensch Yet is Nietzsche's philosophy as atheistic relativistic nihilistic and immoral as some commentators have claimed Or ought we perhaps to give more credence to Nietzsche's own assertion that one writes books precisely to conceal what one harbors BGE 9 289 If whatever is profound loves masks BGE 2 40 then might Nietzsche's more daring claims be interpreted as clever masks behind which he conceals a deeper philosophy and on which he reveals a hidden truth Is it not possible that the standard readings of Nietzsche are in fact misreadings that his work invites misreading that it is intentionally unclear deceptive disguised The goal of this volume is to reread Nietzsche for all that he shows and all that he hides It is to dig deeper into his work in order to challenge misreadings of old and invite misreadings anew as indeed his work itself calls for and demands ***Nietzsche's The Gay Science*** Michael Ure, 2019-05-23 Shows how Nietzsche's pivotal work *The Gay Science* formulates his three key concepts the death of God eternal recurrence and self fashioning **Nietzsche's Justice** Peter R. Sedgwick, 2013-11-01 In Nietzsche's Justice Peter Sedgwick takes the theme of justice to the very heart of the great thinker's philosophy He argues that Nietzsche's treatment of justice springs from an engagement with the themes charted in his first book *The Birth of Tragedy* which invokes the notion of an absolute justice grasped by way of artistic metaphysics Nietzsche's

encounter with Greek tragedy spurs the development of an oracular conception of justice capable of transcending rigid social convention Sedgwick argues that although Nietzsche's later writings reject his earlier metaphysics his mature thought is not characterized by a rejection of the possibility of the oracular articulation of justice found in the Birth Rather in the aftermath of his rejection of traditional accounts of the nature of will moral responsibility and punishment Nietzsche seeks to rejuvenate justice in naturalistic terms This rejuvenation is grounded in a radical reinterpretation of the nature of human freedom and in a vision of genuine philosophical thought as the legislation of values and the embracing of an ethic of mercy The pursuit of this ethic invites a revaluation of the principles explored in Nietzsche's last writings Smart concise and accessibly written Nietzsche's Justice reveals a philosopher who is both socially embedded and oriented toward contemporary debates on the nature of the modern state **The Death of Nietzsche's Zarathustra** Paul S.

Loeb,2010-04-15 In this study of Nietzsche's Thus Spoke Zarathustra Paul S Loeb proposes a fresh account of the relation between the book's literary and philosophical aspects and argues that the book's narrative is designed to embody and exhibit the truth of eternal recurrence Loeb shows how Nietzsche constructed a unified and complete plot in which the protagonist dies experiences a deathbed revelation of his endlessly repeating life and then returns to his identical life so as to recollect this revelation and gain a power over time that advances him beyond the human Through close textual analysis and careful attention to Nietzsche's use of Platonic biblical and Wagnerian themes Loeb explains how this novel design is the key to solving the many riddles of Thus Spoke Zarathustra including its controversial fourth part its obscure concept of the *bermensch* and its relation to Nietzsche's Genealogy of Morals *Nietzsche and Eternal Recurrence* Bevis E.

McNeil,2020-10-27 This book examines the cogency and value of Nietzsche's idea of eternal recurrence as an antidote to the nihilism resulting from the catastrophic event of the death of God Its significance to Nietzsche's philosophy as a whole when presented either as an imaginative thought experiment a cosmological hypothesis or a poetic metaphor is analysed alongside the manifold criticisms the idea has attracted In this original reading of eternal recurrence McNeil explores the strength of metaphorical meaning contained within Heraclitean and Stoic cosmologies revealing their influence on Nietzsche's own cosmology along with their holistic approach to life which Nietzsche endorsed Furthermore an extensive critique of Heidegger's interpretation of eternal recurrence is given McNeil argues that Heidegger ignores not only the life affirming Dionysian aspects of the concept but also the Heraclitean sense of play evident in the cosmology and the importance of this for developing a positive celebratory attitude towards our lives and creative projects **Nietzsche's Free Spirit Works**

Matthew Meyer,2019-04-25 Presents the free spirit works often approached as mere assemblages of aphorisms as a coherent narrative of Nietzsche's self education Nietzsche on Conflict, Struggle and War James S. Pearson,2022-06-30 This book provides a clear analysis of Nietzsche's controversial endorsement of conflict struggle and war It also elucidates many of his defining theories including the will to power the overman and the eternal return **Hegel, Nietzsche, and Philosophy**
