One's Life Charles Knevitt, 1988-01-01 **Born to Be King** Catherine Mayer, 2015-02-17 A provocative surprising and utterly fresh portrait of Charles Prince of Wales He is one of the world's most fascinating and least understood figures now sixty six Prince Charles has spent his entire life preparing to be king while insisting on being his own man In this brilliant portrait he emerges as a complex character driven by a painful past a questing intellect and a powerful impulse not only to reshape the monarchy but to use the long wait for the throne to work toward high ideals Based on exclusive interviews with members of Charles's inner circle and on rare access to the Prince himself this revelatory biography takes us deep into the royal sphere a world of its own that Catherine Mayer calls Planet Windsor and shows us the skullduggery and unintentional comedy of court life At the same time it provides a clear eyed view of Charles's struggles and his achievements as a philanthropist and activist The book also offers a fundamental reappraisal of one of the most documented episodes in modern history his marriage to Diana The reality as with many aspects of the Prince's story is more gripping and more poignant than we knew Now closer than ever to achieving happiness the Prince is still far from settled He remains committed to bringing about social and political change but in aiming to be a king of hearts he often creates heartache for himself and others **Born to Be King** explains how and why Charles may redefine the role of the sovereign even as it reveals the astonishing extent to which the Prince has already left his mark on the world *Charles: The Heart of a King* Catherine Mayer, 2015-02-05 The Sunday Times Top Ten Bestseller Breathtaking The Times The book that made headlines around the world Independent The former Prince of Wales has lived his whole life in the public eye yet he remains an enigma He was born to be king but he aims much higher A landmark publication **Charles The Heart of a King** reveals Charles in all his complexity the passionate views that mean he will never be as remote and impartial as his mother the compulsion to make a difference and the many and startling ways in which the Prince and now King of the United Kingdom and fifteen other realms has already made his mark The book offers fresh and fascinating insights into the first marriage that did so much to define him and an assessment of his relationship with the woman he calls with unintended accuracy his dearest wife Camilla now Queen Consort We see Charles as a father and a friend a serious figure and a joker Life at court turns out to be full of hidden dangers and unexpected comedy Now updated and revised with a new preface and two new chapters covering details of Harry and Meghan's exit and its implications the cash for honours scandal Prince Andrew and more this significant study reveals a monarchy threatened and a man in sight of happiness yet still driven by anguish and a remarkable belief system a charitable entrepreneur activist agitator and avatar of the Establishment who just as often tilts against it Based on multiple interviews with his friends and courtiers palace insiders and critics and rare access to Charles himself before his kingship this biography explores his philanthropy and his compulsive interventionism his faith his significant impact on politics and the philosophy that means when he seeks harmony he sometimes creates controversy Gripping at times astonishing often laugh
