PERSONAL OBSERVATIONS

Facilities

According to my observations, the City Mayor's Office facilities were well ventilated because they have air conditioning in all areas, which makes the workers' work and people inside the facility comfortable. Furthermore, they have janitors who are in charge of keeping the entire facility clean. Aside from that, they have a clean, pleasant-smelling environment, which I highly recommend. Finally, they have all of the appliances and equipment that workers require inside the workplace.

Services

Throughout my immersion at the City Mayor's office, I discovered that they provide services that mostly assist San Pablo citizens with financial problems. First, they provide financial help from kindergarten through higher education. Furthermore, I watched them providing cash assistance to the families of deceased residents and supervising death certificate documents.

Employee

Throughout my immersion in the City Mayor's office, I noticed that the employees were very generous and friendly to the individuals they served. For example, they frequently provide me with food while I am working with them, which is a good thing that has resulted from my enjoyment of my work immersion there. They were also humorous, which made the workplace light and enjoyable. Last but not least, they are dedicated employees both inside and outside of the job.

Management

Throughout my entire immersion in the City Mayor's office, the management was accessible and professional. Overall, the management of the city Mayor's Office, along with its staff, chiefs, and workforce members, was admirable.

Organization

In my humble view, the organization as a whole was very beneficial to the inhabitants of San Pablo City since it served as an avenue of hope for all students who received scholarships from the City Mayor's Office. They have a solid foundation of work that has been obvious through time, and they have a positive relationship with one
