Personal Responsibility And Christian Morality:

Personal responsibility and christian morality Joseph Fuchs,1983 *Personal Responsibility and Christian Morality* Josef Fuchs,1983-01-01 Personal Responsibility and Christian Morality Josef Fuchs,1983-05-01 In this volume Josef Fuchs has brought together 12 important essays which consider various aspects of the relationship between Christian morality and human behavior Among the subjects he discusses are the connections between moral theology and Christian experience the absolute character of moral norms and the importance of ethical reflection in shaping the future of the human race Josef Fuchs on Natural Law Mark Graham,2002-10-25 Appointed by Pope John XXIII to the Pontifical Commission on Population Family and Birth Fuchs ultimately found himself disappointed in his three years of service and spent the next thirty years exploring a broad array of issues pivotal to a reconstruction of Roman Catholic natural law theory This is the first full length analysis of Fuchs s efforts Beginning historically by looking at Fuchs s writings and beliefs before the Pontifical Commission appointment including his defense of natural law during the situation ethics debates of the 50s and 60s the concept of personal salvation and the status of nature and human nature Graham moves to the intellectual conversion that inspired Fuchs to reconsider his concepts following the commission appointment From there Graham engages in a sustained critique of Fuchs s natural theory addressing both the strengths and weaknesses to be found there and suggest possible avenues of development that would make a positive contribution to the ongoing quest to rehabilitate the Roman Catholic natural law theory that continues to dominate the landscape of moral theology today *An Introduction To Moral Theology, 2nd Edition* William May,2003-07-02 Faith Morals Here carefully documented footnoted and indexed is not only what the Church teaches but also why it is obligated to do so And why its members are obligated to examine and to apply that teaching This updated and expanded edition of a text long trusted and widely used in colleges universities and seminaries as well as in high schools and parish religious education programs offers the latest Catholic teaching on moral theology including Moral theology its nature purpose and biblical foundation Human dignity free human action virtue and conscience Natural law moral absolutes and sin Christian faith and our moral life Read why and how living what the Church teaches can transform hearts minds and souls Diverse Voices in Modern US Moral Theology Charles E. Curran,2019-02-15 In Charles E Curran s latest book *Diverse Voices in Modern US Moral Theology* he presents the diverse voices of US Catholic moral theologians from the mid twentieth century to the present The book discusses eleven key individuals in the development and evolution of moral theology as well as the New Wine New Wineskins movement This diversity which differs from the monolithic understanding of moral theology that prevailed until recently comes from the diverse historical circumstances or *Sitz im Leben* of the authors Each of these theologians developed her or his approach in light of these circumstances and in response to shifts in the three audiences of moral theology the Church the academy and the broader society By exploring this diversity Curran recognizes the deep divisions that exist within Catholic moral theology between the so called liberal and conservative

approaches and acknowledges the need for greater dialogue between them providing a deeper understanding of the methods and approaches of these significant figures This new book from a major figure in the field will be an important resource for students and scholars of US Catholic moral theology and for anyone seeking to understand the current state of moral theology in America today

Femenist Ethics and Natural Law Cristina L. H. Traina,1999-04-28 Heated debates over such issues as abortion contraception ordination and Church hierarchy suggest that feminist and natural law ethics are diametrically opposed Cristina L H Traina now reexamines both Roman Catholic natural law tradition and Anglo American feminist ethics and reconciles the two positions by showing how some of their aims and assumptions complement one another After carefully scrutinizing Aquinas s moral theology she analyzes trends in both contemporary feminist ethics theological as well as secular and twentieth century Roman Catholic moral theology Although feminist ethics reject many of the methods and conclusions of the scholastic and revisionist natural law schools Traina shows that a truly Thomistic natural law ethic nonetheless provides a much needed holistic foundation for contemporary feminist ethics On the other hand she offers new perspectives on the writings of Josef Fuchs Richard McCormick and Gustavo Gutierrez arguing that their failure to catch the full spirit of Thomas s moral vision is due to inadequate attention to feminist critical methods This highly original book proposes an innovative union of two supposedly antagonistic schools of thought a new feminist natural law that would yield more comprehensive moral analysis than either existing tradition alone This is a provocative book not only for students of moral theology but also for feminists who may object to the very notion of natural law ethics suggesting how each might find insight in an unlikely place

Christian Ethics, Volume 1 Karl-Heinz Peschke,2012-08-21 This recent edition of *Christian Ethics Volume I* is a thoroughly revised and updated version of fundamental moral theology As in the previous editions the author makes himself an interpreter of the demands of Vatican Council II and its request that moral theology be rooted more fully in Holy Scripture At the same time account is taken of the new developments in the field of ethics New issues of actual concern are taken up such as the deontological and teleological conditions of moral norms the confrontation between conscience and civil or ecclesiastical law the communal roots of Christian identity the requirement of liberty and the ethical compromise The book addresses itself to all who are interested in the moral teaching of the Christian faith and endeavors to be a helpful instrument to this end

[Ethics and Advocacy](#) Harlan Beckley,Douglas F. Ottati,Matthew R. Petrussek,William Schweiker,2022-03-25 Ethics and Advocacy considers the connections and differences between critical reflection or moral arguments or narratives and advocacy for particular issues regarding justice and moral behavior and dispositions The chapters in this volume share an interest in overcoming polarizing division that does not enable fruitful give and take discussion and even possible persuasive justifications The authors all believe that both ethics and advocacy are important and should inform each other but each offers a divergent point of view

on the way forward to these agreed upon ends Our shared goal is to avoid academic withdrawal and to speak relevantly to the important issues of our day while halting or at least mitigating the disruptive discourse almost shouting that characterizes our polarized current society

Christian Ethics Reginald Ernest Oscar White, 1994

Feminism and Christian Ethics Susan Frank Parsons, 1996-02-29 Feminists are aware of the diversity of thinking within their own tradition and of the different approaches to moral questions in which that is manifest This book describes and analyses that diversity by distinguishing three distinct paradigms of moral reasoning to be found within feminism Using the writings of feminists the major strengths and weaknesses of each theory are considered so that creative dialogue between them can be encouraged Three common themes are drawn out which are also on the agenda of new developments in philosophical and Christian ethics the search for an appropriate universalism the possibility of a redemptive community and the development of a new humanism Feminists may be encouraged through this account of their considerable scholarship in ethical thinking to contribute to these changes with their special concern for the lives and the fulfilment of women

Christian Ethics Russell A. Morris, 2015-08-14 Within the Christian community at large there is often little correlation between scriptural guidelines for Christian living and the lifestyle practices and behavior of believers Christian social scientist George Barna has done extensive research in this area that reveals alarming data For example nearly nine of ten adults state that religious faith is very important in their lives However only one in five adults claims that the Bible is the dominant influence in their decisions regarding lifestyle practices Further research suggests that there is often little difference between the lifestyle practices of Christians and non Christians This nominal difference in lifestyle practices and behavior between Christians and non Christians as well as the minimal correlation between Scripture and practice among many Christians produced an interest in this area of practical theology Serving as a Christian pastor over the past two decades the reality of Barnas research has

been observed personally The biblical parallel of the prevailing apathy within today's churches is seen in Judges 21:25 NASB In those days there was no king in Israel everyone did what was right in his own eyes That is in those days there was no accepted standard of truth Likewise only one in four American adults believes in the existence of absolute truth As a result the relationship between doctrine and practice belief and behavior is often minimal with many Christians doing only what is right in their own eyes rather than allowing God's Word to influence their mode of living A distinct relationship between belief and behavior is seen in I Timothy 4:16 In this passage Paul clearly identifies a correlation between what one believes doctrine and the lifestyle behavior one lives when he writes Watch your life and doctrine closely Persevere in them because if you do you will save both yourself and your hearers From this verse it is clear that there are two areas in the life of the Christian that need to be scrutinized and pursued namely belief and behavior The fundamental thesis of this book is that a deeper understanding of Christian ethics will inform and facilitate the Christian life *Christian Ethics* J. Philip Wogaman, 1993-01-01 Reviews the history of Christian thought about ethics and discusses its views concerning politics economics and culture **African Review**, 1903 **The vocabulary of philosophy, mental, moral and metaphysical** William Fleming, 1887 **Introduction to Christian Ethics** Roger H Crook, 2015-10-02 This book is a college level introductory textbook in Christian ethics It introduces the field of ethics and a variety of approaches to its study The book is written for college students and is designed to help them develop a method of dealing with the thorny moral issues

Natural Law Ethics in Theory and Practice Joseph Boyle, 2020-08-07 Natural Law Ethics in Theory and Practice brings together a selection of essays of the late Joseph Boyle Boyle was with Germain Grisez and John Finnis a founder and developer of the New Classical Natural Law Theory arguably the most important development in Catholic moral philosophy of the twentieth century While this theory is indebted to the work of St Thomas Aquinas it incorporates an understanding and assessment of that work that is different from that found in other statements of natural law Boyle made crucial contributions to a wide variety of aspects of this theory and the volume is divided into two parts Part One Articulating a Theory of Natural Law contains three sections in which Boyle defends the reality of free choice and the view that the basic reasons for action or first principles of natural law are incommensurable in goodness Boyle identifies the basic moral standard for choice and action and develops an account of human action that elucidates the important role played by intention and double effect in their moral evaluation The essays in Part Two Natural Law Theory and Contemporary Moral Problems demonstrate the strength and scope of Boyle's natural law account as he brings it to bear upon just war theory property and welfare rights and issues in bioethics The essays in bioethics address the difficult question of whether it is appropriate to tube feed patients in persistent vegetative state and include an unpublished essay Against Assisted Death which he delivered as the Anscombe Lecture at The Anscombe Bioethics Centre in Oxford about a year before he died This volume also includes a Foreword by Princeton's Robert P George an Introduction by the editors that highlights Boyle's contribution to the development of the

new classical natural law theory and a bibliography of Boyle s publications
