## **Personal Responsibility Counselling And Therapy:**

*Personal Responsibility Counselling And Therapy* Richard Nelson Jones, 2022-03-01 First Published in 1988 All counselling approaches are means to helping people stand on their own two feet and assume effective responsibility for their lives Thus personal responsibility becomes an obvious integrating focus Though the concept gets implicitly or explicitly emphasized in all existing theoretical positions none has provided the deserved coverage Focusing on personal responsibility is almost like focusing on one's nose Though right in front of the face the concept is not always easy to observe This book aims at integration in a number of ways It rejects the narrow my theory right or wrong approach to counselling Theoretical concepts and practical interventions are derived from a number of different sources including the research literature The book does not take a one dimensional approach to behaviour in emphasizing people's actions alone Instead it takes a three dimensional approach emphasizing feelings thoughts and actions Personal Responsibility Counselling and Therapy
