negligent or careless act In this book I examine every aspect of personal injury litigation from attracting new clients to jury trials and beyond The personal injury laws vary from state to state and between state and federal court Since 1983 I have been a trial lawyer in Pennsylvania and New Jersey Much of the information presented involves those experiences The law in your state may be different Nevertheless there is much uniformity throughout the states The information in this book can be used by personal injury litigants and their counsel in any state You may have to refer to local sources for the law or practice that applies to your situation The law is dynamic and ever changing It is flexible enough to accommodate a changing world When the first automobile accident lawsuit was filed the judge was not deterred by the fact that there were no automobile laws for guidance The judge simply looked to the legal logic of horse and buggy cases Similarly when new technologies cause injuries in the future the law will evolve to accommodate this The federal and state legislatures constantly pass new laws The courts rule every day on disputes that require interpretation of new laws and old When a court decides a dispute the court s ruling becomes precedent for the future In other words the interpretations that the judges dispense become the laws by which future litigants can be guided This concept is known by the Latin term stare decisis Sample Forms and Worksheets A book like this one cannot possibly include every procedural requirement of every jurisdiction in our country The sample forms provided are general in nature but are designed to give you a good idea of the types of forms that are used in most locations Your state county and or judge will have rules and forms that are not included in this book Check with the court clerk and or court website for your case to review any local rules and forms that apply Often such forms require the same information as the forms in this book and are merely laid out differently or use slightly different language You must follow the court s rules and use its forms When those forms conflict with mine use theirs **Hospitality Law** Stephen C.
