McDowell, 2006 Markus McDowell examines how the literature of the Second Temple period portrays women at prayer through an examination of the literary context and character of those prayers The goal of this work is a greater understanding of how women were portrayed in literary sources and an offering of some fresh insights for the study of women s religious and social roles in the ancient world The texts are analyzed and categorized within five areas social location content form occasion and gender perspective The prayers are also compared and contrasted with men s prayers in the same sources The analysis includes locating as much as possible the historical literary and cultic context of each document in which these prayers appear By examining all prayers in these texts uttered by women not just prayers of named or prominent women and then comparing them with all the prayers of men in those same texts certain patterns appear This study adds to our knowledge of women and religion in Second Temple Judaism by primarily exploring patterns that appear among the prayers in the literature of the Second Temple period While there are fewer prayers by women than men in this literature the prayers of women are not portrayed as significantly different from those of men in terms of social

location content form or occasion At the same time the prayers of women exhibit other patterns of language and in a minor way form and occasion that differ from the prayers of men Companion to the Prayer of Christians John Burke,1995-01-01 The Prayer of Christians also known as the Divine Office is the official prayer of the Church This companion to that prayer will help you attain the communion with God and with one another which is the gift of the Prayer of Christians Centered around the twin poles of Morning and Evening the Divine Office brings together the entire Church in a common prayer of praise and thanksgiving using the divinely inspired psalms The experience of oneness with the Church Universal is enhanced when the divine office is prayed aloud in common with fellow Christians in the parish Church The Companion to the Prayer of Christians provides a distinct focus for each psalm and connects the meaning of the psalm with our personal lives The psalms make us more and more conscious of God s infinite power wisdom and love by singing God s majesty and providence This Companion will help you understand the psalms and see their relevance to your daily life and with such a perspective it will carry you through even the greatest trials with hope **Handbook of Child Psychology, Theoretical Models of Human Development** William Damon,Richard M. Lerner,2006-05-19 Part of the authoritative four volume reference that spans the entire field of child development and has set the standard against which all other scholarly references are compared Updated and revised to reflect the new developments in the field the Handbook of Child Psychology Sixth Edition contains new chapters on such topics as spirituality social understanding and non verbal communication Volume 1 Theoretical Models of Human Development edited by Richard M Lerner Tufts University explores a variety of theoretical approaches including life span life course theories socio culture theories structural theories object relations theories and diversity and development theories New chapters cover phenomenology and ecological systems theory positive youth development and religious and spiritual development *The Throne of Grace* William Alfred Quayle,1919 **The POWER Of Personal PRAYERS** Cornerstone Godwin,2024-05-18 Whether individual or corporate prayers prayer remains a powerful spiritual force provided God s requirements for answered prayers are met when praying But this book sets out to reveal the power of Personal Prayers for you to not only believe in your prayers but equally begin to enjoy the full benefits of your supplications To know the power in our prayers is so very important because people now run helter skelter from pillar to post looking for Prayer Contractors or to use the more refined modern terminology Prayer Partners all over the place They do this because of their ignorance of the power of their prayers Little do they know that God deals with us first of all on an individual basis before ever considering us as a corporate entity Truth is during emergencies and in times of dire needs when you need prayers people are not always there to pray with and for you That s why God deals with us first as individuals thereafter as a congregation Not many people know the power of their prayers As a result of this ignorance they believe more in corporate prayers and other people s prayers than in their prayers It is important to state clearly that there s nothing bad with people praying for you Nothing is also wrong with corporate supplications While nothing is wrong in praying with other people or

even asking for people to pray for and with you there's everything wrong in depending on other people's prayers and over depending on corporate prayers This is not to under mind corporate prayers That's not the intention of this book God hears and answers both corporate prayers and individual supplications alike My position is that Personal Prayers your prayers are more important and even more powerful as far as the direct affairs and issues of your life are concerned There's room for corporate prayers and there's a place reserved also for personal prayers To estimate other people's prayers over and above your prayers is what is wrong and unacceptable The experiences of three biblical characters as captured in this book explain the wisdom of praying for yourself by yourself instead of relying on other people's prayers or depending on corporate prayers In Ishmael's case he and her mother wept after they were sent away from Abraham's house for their unruly behavior but it was his voice God heard and sent an angel to encounter them The author wonders what would have been their fate if the boy left the prayer for his mother and didn't cry that is pray for himself In the case of Peter Jesus caught a revelation of Satan's planned attack on Peter's faith and prayed for him that his fail should not fail but his prayer for Peter didn't fully insulate him from Satan's sifting as he still denied the Lord thrice thereby teaching us a great spiritual lesson that no matter who prays for you your prayer is more potent to avert Satan's onslaughts against you and your interest Our Lord Jesus Himself had his own experience of this just before his crucifixion his three closest disciples whom He trusted and had conscripted to stand with him in prayers were busy sleeping while the Lord was agonizing The book exposes the dangers of relinquishing what the author calls your Personal Prayer Responsibility to others and challenges you to rise to your responsibility of praying for yourself by yourself as no one can and will ever pray for you like you It teaches that without prejudice to corporate prayers personal supplications are as powerful with God if not more powerful in producing results and answers as any prayer can be All you must do is know how to pray according to the will of God and your prayers will move the same mountains solve the same problems and deal with the same challenges as any other person's prayer can do Overall the book gives you a fresh understanding of the efficacy and potency of individual supplications

Ancient Jewish Prayers and Emotions Stefan C. Reif, Renate Egger-Wenzel, 2015-11-13 Given the recent interest in the emotions presupposed in early religious literature it has been thought useful to examine in this volume how the Jews and early Christians expressed their feelings within the prayers recorded in some of their literature Specialists in their fields from academic institutions around the world have analysed important texts relating to this overall theme and to what is revealed with regard to such diverse topics as relations with God exegesis education prophecy linguistic expression feminism happiness grief cult suicide non Jews Hellenism Qumran and Jerusalem The texts discussed are in Greek Hebrew and Aramaic and are important for a scientific understanding of how Rabbinic Judaism and Early Christianity developed their approaches to worship to the construction of their theology and to the feelings that lay behind their religious ideas and practices The articles contribute significantly to an historical understanding of how Jews maintained their earlier traditions but also came to terms with the ideology of the
