Personal Recollections Of The Anarchist Past:

Personal Recollections of the Anarchist Past George Cores, 2002-01-01 Written in 1947 and then laid aside these are recollections from the inside of the anarchist movement 1883 1939 by a forgotten veteran [The French Anarchists in London, 1880-1914](#) Constance Bantman, 2013 Depicts the social and political lives of the few hundred French anarchists exiled in London between 1880 and 1914 and focuses on their transnational political activism suspected terrorist activities the police surveillance they were subjected to and the epoch making changes in immigration and asylum law which their presence eventually led to **Transatlantic Anarchism during the Spanish Civil War and Revolution, 1936-1939** Morris Brodie, 2020-04-08 Between 1936 and 1939 the Spanish Civil War showcased anarchism to the world News of the revolution in Spain energised a moribund international anarchist movement and activists from across the globe flocked to Spain to fight against fascism and build the revolution behind the front lines Those that stayed at home set up groups and newspapers to send money weapons and solidarity to their Spanish comrades This book charts this little known phenomenon through a transnational case study of anarchists from Britain Ireland and the United States using a thematic approach to place their efforts in the wider context of the civil war the anarchist movement and the international left [Letterpress Revolution](#) Kathy E. Ferguson, 2023-01-20 While the stock image of the anarchist as a masked bomber or brick thrower prevails in the public eye a more representative figure should be a printer at a printing press In Letterpress Revolution Kathy E Ferguson explores the importance of printers whose materials galvanized anarchist movements across the United States and Great Britain from the late nineteenth century to the 1940s Ferguson shows how printers whether working at presses in homes offices or community centers arranged text ink images graphic markers and blank space within the architecture of the page Printers extensive correspondence with fellow anarchists and the radical ideas they published created dynamic and entangled networks that brought the decentralized anarchist movements together Printers and presses did more than report on the movement they were constitutive of it and their vitality in anarchist communities helps explain anarchism s remarkable persistence in the face of continuous harassment arrest assault deportation and exile By inquiring into the political material and aesthetic practices of anarchist print culture Ferguson points to possible methods for cultivating contemporary political resistance [Edward Carpenter](#) Sheila Rowbotham, 2020-05-05 The gay socialist writer Edward Carpenter had an extraordinary impact on the cultural and political landscape of the late nineteenth and early twentieth centuries A mystic advocate of among other causes free love recycling nudism women s suffrage and prison reform his work anticipated the sexual revolution of the 1960s Sheila Rowbotham s highly acclaimed biography situates Carpenter s life and thought in relation to the social aesthetic and intellectual movements of his day and explores his friendships with figures such as Walt Whitman E M Forster Isadora Duncan and Emma Goldman Edward Carpenter is a compelling portrait of a man described by contemporaries as a weather vane for his times **Living in sin** Ginger Frost, 2013-07-19 Living in sin is the

first book length study of cohabitation in nineteenth century England based on research into the lives of hundreds of couples. Common law marriages did not have any legal basis so the Victorian courts had to wrestle with unions that resembled marriage in every way yet did not meet its most basic requirements. The majority of those who lived in irregular unions did so because they could not marry legally. Others chose not to marry from indifference from class differences or because they dissented from marriage for philosophical reasons. This book looks at each motivation in turn highlighting class gender and generational differences as well as the reactions of wider kin and community. Frost shows how these couples slowly widened the definition of legal marriage preparing the way for the more substantial changes of the twentieth century making this a valuable resource for all those interested in Gender and Social History. *Rebel Crossings* Sheila Rowbotham, 2016-10-25

The transatlantic story of six radical pioneers at the turn of the twentieth century. *Rebel Crossings* relates the interweaving lives of four women and two men as they journey from the nineteenth to the twentieth century from Britain to America and from Old World conventions toward New World utopias. Radicalised by the rise of socialism, Helena Born, Miriam Daniell, Gertrude Dix, Robert Nicol and William Bailie cross the Atlantic dreaming of liberty and equality. The hope for a new age is captured in the name Miriam and Robert give their love child, born shortly after their arrival, Sunrise. A young Bostonian, Helen Tufts, learns of Miriam's defiant spirit through her close friendship with Helena; the love she feels for Helena and later for William fundamentally alters her life. All six are part of a wider historical search for self fulfillment and an alternative to a cruelly competitive capitalism. In articles, poems and allegories, Helena, Helen and Miriam resist the cultural constraints women face while female characters in Gertrude's novels struggle to combine personal happiness with radical social commitment. William campaigns against class inequality as a socialist and an anarchist while longing to read and study. Robert, the former union militant, becomes preoccupied with personal growth and mystical enlightenment in the wilds of California. *Rebel Crossings* offers fascinating perspectives on the historical interaction of feminism, socialism and anarchism and on the incipient consciousness of a new sense of self so vital for women seeking emancipation. These six lives bring fresh slants on political and cultural movements and upon influential individuals like Walt Whitman, Eleanor Marx, William Morris, Edward Carpenter, Patrick Geddes and Benjamin Tucker. It is a work of significant originality by one of our leading feminist historians and speaks to the dilemmas of our own time. *Shattered Past* Konrad H. Jarausch, Michael Geyer, 2009-03-24

Broken glass, twisted beams, piles of debris: these are the early memories of the children who grew up amidst the ruins of the Third Reich. More than five decades later, German youth inhabit manicured suburbs and stroll along prosperous pedestrian malls. *Shattered Past* is a bold reconsideration of the perplexing pattern of Germany's twentieth century history. Konrad Jarausch and Michael Geyer explore the staggering gap between the country's role in the terrors of war and its subsequent success as a democracy. They argue that the collapse of Communism, national reunification and the postmodern shift call for a new reading of the country's turbulent development, one that no longer suggests continuity but rupture and conflict.

Comprising original essays the book begins by reexamining the nationalist socialist and liberal master narratives that have dominated the presentation of German history but are now losing their hold. Treated next are major issues of recent debate that suggest how new kinds of German history might be written: annihilationist warfare, complicity with dictatorship, the taming of power, the impact of migration, the struggle over national identity, redefinitions of womanhood and the development of consumption as well as popular culture. The concluding chapters reflect on the country's gradual transition from chaos to civility. This penetrating study will spark a fresh debate about the meaning of the German past during the last century. There is no single master narrative, no *Weltgeist* to be discovered. But there is a fascinating story to be told in many different ways.

The Haymarket Tragedy Paul Avrich, 2020-12-08 This is the first paperback edition of a moving appraisal of the infamous Haymarket bombing, May 1886, and the trial that followed it, a trial that was a cause célèbre in the 1880s and that has since been recognized as one of the most unjust in the annals of American jurisprudence. Paul Avrich shows how eight anarchists who were blamed for the bombing at a workers' meeting near Chicago's Haymarket Square became the focus of a variety of passionately waged struggles.

Anarchist Seeds beneath the Snow David Goodway, 2011-12-12 From William Morris to Oscar Wilde to George Orwell, left libertarian thought has long been an important but neglected part of British cultural and political history. In *Anarchist Seeds beneath the Snow*, David Goodway seeks to recover and revitalize that indigenous anarchist tradition. This book succeeds as simultaneously a cultural history of left libertarian thought in Britain and a demonstration of the applicability of that history to current politics. Goodway argues that a recovered anarchist tradition could and should be a touchstone for contemporary political radicals. Moving seamlessly from Aldous Huxley and Colin Ward to the war in Iraq, this challenging volume will energize leftist movements throughout the world.

Rebel Alliances Benjamin Franks, 2006 A philosophical perspective on class struggle, anarchism in Britain today that identifies the main principles distinguishing this tradition from competing Leninist, liberal and social democratic groupings. From these key characteristics, Franks then constructs an ideal type of anarchism against which the theory and practice of contemporary groups are assessed. All the recurring concerns of anarchism are subjected to his scrutiny: the nature of the revolutionary subject, workplace and community organizing, violence and the meaning of direct action.

ABC ANARKISME Andrea Gaviota, Apakah kamu pernah kebingungan dengan makna anarki? Dulu istilah ini digunakan untuk mengartikan pemerintahan yang tidak teratur atau pemerintahan yang paling kasar dalam bentuk intimidasi oleh gerombolan perampok anarki militer. Namun saat ini ada banyak interpretasi berbeda atas istilah anarki yang seringkali menimbulkan kebingungan. Dalam buku *ABC Anarkisme*, kita diajak untuk memahami makna sejati anarki secara etimologis dan menghindari kebingungan. Beberapa anarkis mencoba mengatasi kebingungan dengan menyebut diri mereka sebagai otonom atau libertarian, namun hal ini juga menimbulkan ambiguitas lain. Dalam *ABC Anarkisme*, kita akan menemukan bagaimana konsepsi tentang anarki telah dikonseptualisasikan dalam berbagai cara, meskipun jumlah anarkis lebih sedikit dibanding jumlah konsepsi tentang anarki.

Buku ini mengajak pembaca untuk memahami cita-cita anarkis yang telah dicontohkan dalam berbagai cara. Baca buku ABC Anarkisme dan temukan jawaban atas pertanyaanmu mengenai makna sejati anarki dalam kekeruhan sosial. Mencerahkan pikiranmu tentang ideologi anarkisme dan bagaimana pemahaman yang lebih jelas dapat membantu kita mengatasi perdebatan dan ketidakjelasan seputar anarki dalam masyarakat.

Transnational Radicals Travis Tomchuk, 2015-04-17
 Italian anarchism emerged in the latter half of the nineteenth century during that country's long and bloody unification. Often facing economic hardship and political persecution, many of Italy's anarchists migrated to North America. Wherever Italian anarchists settled, they published journals, engaged in labour and political activism, and attempted to re-create the radical culture of their homeland. *Transnational Radicals* examines the transnational anarchist movement that existed in Canada and the United States between 1915 and 1940. Against a backdrop of brutal and open class war with governments calling upon militias to suppress strikes, radicals thrown in jail for publicly speaking against capitalism and the church, and those of foreign birth being deported and even executed for political activities, Italian anarchism was successfully transplanted. Transnationalism made it more difficult for states to destroy groups spread across wide geographical spaces. In Italy and abroad, the strong anarchist identity, informed by class, ethnicity, and gender, reinforced movement values, promoted movement expansion, and assisted mobilization during times of crisis. In *Transnational Radicals*, Tomchuk makes use of Italian government security files and Italian language anarchist newspapers to reconstruct a vibrant and little-studied political movement during a tumultuous period of modern North American history.

Reconstructing the Old Country Eliyana R. Adler, Sheila E. Jelen, 2017-11-20
 Scholars and students of American Jewish history and literature in particular will appreciate this internationally focused scholarship on the continuing reverberations of the Second World War and the Holocaust.
