**Handwriting** Diane Simpson, 1985      *Reading Between the Lines* Emma Bache, 2018-09-06 Handwriting is something of a  
 dying art nowadays as we tap messages to each other day after day But handwriting analysis can divulge everything from a  
 person's timidity to their ambition from their desire to please to their need to control In fact so revealing is your writing that  
 in Japan all CVs are still written by hand Written by the UK's leading handwriting expert *Reading Between the Lines* will  
 show you how to judge someone's handwriting as a whole and how to examine it in detail Because every aspect of  
 penmanship the height of an h the curliness of a g the pressure of the pen on the paper is a collection of signals that we are  
 giving out without meaning to The way we write can tell the world a huge amount sometimes more than the things we write  
 about It can expose how we interact with the world and the people around us and also how we cope with stress and express  
 emotions It can help us make choices for our future showing us what our desires are and even what jobs and partners may  
 suit us best Using real life examples including celebrity samples readers will be challenged to put their new found knowledge  
 to the test By the end of the book you will have amassed a wealth of knowledge that will help you understand human nature  
 including your own in all its colours      **Personality in Handwriting** Lawrence Warner, 2004 This book is for you if you

 you Or what makes some people act in the way they do This book will enable you to understand possible reasons and in so

 productive and successful relationships This book provides a foundation to the fascinating and complex subject of graphology  
 the text gives pointers to major factors that we look at in handwriting The book will not make you a professional handwriting  
 analyst but it will certainly help you to understand more about your own behaviour as well as that of fellow human beings It  
 will also inspire you to ask questions and to find out more Part 1 looks at major aspects of handwriting where you may see  
 differences between your style and that of others you meet they differ from you Part 2 looks at individual traits of character  
 how to recognise them and both their positive and negative aspects      **Handwriting Analyst's Toolkit** Peter West, 2004
