Personnel Directors Legal Guide:

Personnel Director's Legal Guide Steven C. Kahn, Brent E. Zepke, 1984 The Physician Manager's Handbook Robert J. Solomon, 2008 Physicians are increasingly taking on new roles as executives and managers in today's health care delivery system. As such, management skills should be an essential part of every physician's repertoire. Complete with sophisticated and practical approaches to health system management and leadership problems encountered by physicians, this text is an ideal resource. Personnel Director's Legal Guide Steven C. Kahn, 1990 *Personnel Literature* United States. Office of Personnel Management. Library, 1985 *Personnel Director's Legal Guide* Steven C. Kahn, Michael Lanzarone, 1991 **The Legal Guide for Religious Institutions** David Blaikie, Diana Ginn, 2010-01-01 Providing both a comprehensive legal overview and practical advice, this is an essential reference work for every pastor, church administrator, and parish council member. The US is the most litigious country in the world. The sex abuse scandal has virtually bankrupted the American Roman Catholic Church. The breakup of the American Episcopal Church threatens innumerable lawsuits over ownership of church property. Every religious community in the US has reason to be concerned about its legal liability. Wrongful dismissal, potential liability for the actions of employees or volunteers, a parishioner slipping on icy church steps—these are just some of the other legal issues that should be of concern to every Christian church and parish community in America. Recognizing that most people working in the church need guidance when confronting church-related legal issues, lawyers and long-term church members David Blaikie and Diana Ginn have adapted their popular *Legal Guide for Canadian Churches* for the American religious community. This handy reference book takes readers step by step through all the legal implications of the daily operation of a church and parish community. Blaikie and Ginn explain different areas of the law, including administrative law, property law, employment law, and civil liability. This book provides a legal context for understanding and responding to relevant legal issues while, at the same time, providing answers and directions on specific legal questions. *The Legal Guide for Religious Institutions* provides a comprehensive legal overview coupled with practical advice that will be required reading for every American pastor, church administrator, and parish council member. **United States Government Organization Manual**, 1996 **The United States Government Manual, 1996-1997** Bernan Press, 1996-10 As the official handbook of the Federal Government, this manual provides comprehensive information on quasi-official agencies, international organizations in which the US participates, and boards, commissions, and committees. **Pushing the Limits** Sakre K. Edson, 1988-01-30 By providing new understanding and insights into the backgrounds and experiences of women pursuing administrative careers in education, *Pushing the Limits* fills a critical void in the existing literature. Sakre Edson's five-year investigation documents the accounts of 142 nonminority and minority women across the United States seeking administrative roles in an area of public school responsibility where women remain underrepresented. Edson's book is unique in its focus on aspirants—those women currently preparing and competing for principalships and other top administrative

positions rather than on established female administrators or on women who have chosen not to aspire beyond the classroom. The female teachers, graduate students, and entry level administrators quoted here give voice to the struggles women school executives face and their experiences and reflections not only question the impact of the women's movement and equity legislation upon employment practices but serve to illuminate the problems of women and minorities excluded from managerial ranks in professions outside of education. Throughout the work one theme prevails: As they push the limits of this traditional male bastion, these women are confident in their abilities to succeed and even to excel in managing the nation's schools.
