Alexander and D.W. Simon. Division 1. 2 vols.; Division 2. 3 vols** Isaak August Dorner, 1866      *All the Doctrines of the Bible* Herbert Lockyer, 1964 His systemized study and analysis of the major Bible doctrines provides for readers Dr Lockyer s approach to understanding doctrines in logical sequence This method of biblical presentation can and should lead to a valuable comprehension of the Christian faith

Crowned with Glory and Honor Michael A. Wilkinson, 2024-03-06 Jesus defines what it means to be human The field of theological anthropology is at a standstill mired in debate between dualist and physicalist perspectives on body and soul In Crowned with Glory and Honor A Chalcedonian Anthropology Michael A Wilkinson argues that the man Jesus is the way forward Anthropology should be centered around Jesus God the Son incarnate is true man like us in all things except sin Wilkinson approaches human ontology through Christology by looking to the Chalcedonian Definition and its Christology Chalcedon confesses the man Jesus to be the divine person of the Son subsisting in a human nature A Chalcedonian anthropology extends Jesus s person nature constitution to define what it means to be human A human being is a human person subsisting in a human nature We are more than body and soul because Jesus is so much more      **The Creeds of Christendom** Philip Schaff, 2023-11-19 In *The Creeds of Christendom* Philip Schaff presents a meticulous examination of the historical development theological significance and divergent interpretations of the principal creeds of Christianity Structured into three comprehensive sections the book delves into the Apostles Creed the Nicene Creed and the Athanasian Creed among others while articulating the contexts that birthed these foundational texts Schaff s scholarly style is marked by clarity and depth which reveals his profound understanding of the interplay between theological doctrines and ecclesiastical history making this work an essential reference for both theologians and historians alike Philip Schaff a prominent 19th century theologian and church historian was instrumental in shaping modern Protestant thought His works often reflect the tensions and synergies between differing religious traditions spurred by his own experiences as a Swiss emigrant in America Schaff s deep commitment to ecumenical dialogue and understanding is evident in *The Creeds of Christendom* as he endeavors to foster unity amidst diversity within the Christian faith This book is highly recommended for students of theology historians and lay readers seeking to deepen their understanding of Christian doctrine Schaff s authoritative analysis not only elucidates the creeds but also invites readers on a journey through the rich tapestry of Christian faith fostering a greater appreciation for its historical and contemporary relevance      *Infinite Risk Theology* Stefano Salemi, 2025-03-19 Could God s Son incarnate sin Could the tomb have remained closed Could the story have gone differently More precisely could God s Son be eternally separated from the Father s communion and eventually die and go out of existence Mainstream theology often argued for Christ s impossibility to change immutability be separated from the triune God indivisibility and sin impeccability

Consequently there was no potential risk to his life his death on the cross could not affect in any form his divine life Would the cross not need instead a risk to be a sacrifice Here is where the question finds its raison d'être Could God's Son risk his eternal existence losing himself forever with all humankind This question is rarely considered or often neglected in Christological debates Ellen G White a woman among the most prolific nineteenth century authors and a prominent Adventist theologian delves into what she calls the infinite risk the potential reality of the death of God the Son Drawing on her extensive writings this book analyses White's Christology Incarnational model and views of the Godhead and of what could have happened at the cross cutting new paths in the comprehension of God's love while challenging conventional theological paradigms

**Atonement** Thomas F. Torrance, 2014-10-22 This companion volume to T F Torrance's *Incarnation The Person and Life of Christ* presents the material on the work of Christ centered in the atonement given originally in his lectures delivered to his students in Christian Dogmatics on Christology at New College Edinburgh from 1952-1978 Like the first volume the original lecture material has been expertly edited by Robert Walker complete with cross reference to Torrance's other works Readers will find this the most readable work of Torrance and together with *Incarnation* the closest to a systematic theology we have from this eminent theologian

**God Incarnate** Oliver D. Crisp, 2009-08-06 The doctrine of the incarnation is one of the central and defining dogmas of the Christian faith In this text Oliver Crisp builds upon his previous work *Divinity and Humanity The Incarnation Reconsidered* Cambridge 2007 In *God Incarnate* he explores the Incarnation further and covers issues he did not deal with in his previous book This work attempts to further the project of setting out a coherent account of the Incarnation by considering key facets of this doctrine as parts of a larger integrated doctrinal whole Throughout he is concerned to develop a position in line with historic Christianity that is catholic and ecumenical in tone in line with the contours of the Reformed theological tradition within which his own work falls And like its predecessor this book will draw upon philosophical and theological resources to make sense of the problems the doctrine faces

**Thomas F. Torrance's Theology of the Ascension** Stavan Narendran John, 2025-05-29 The ascension is a crucial doctrine integrally related to the incarnation When it is underemphasized it results in an impoverishment of our theology of Christ the church human beings and eschatology T F Torrance's theology offers a compelling vision and holistic doctrine of the ascension that notwithstanding its flaws deserves a careful and detailed examination Torrance develops a holistic account of the ascension by considering the ontology spatiality and present ministry of the ascended Jesus What results is a theological construction that affirms the ascended body of Christ and understands the Lord to be currently serving as our human representative in a ministry of priestly intercession prophetic declaration and ascended kingship Torrance is able to do this without succumbing to literalism space travel demythologization metaphorical reading or Pelagianism human effort based sanctification and glorification This book interprets and then develops Torrance's theology of the ascension in critical dialogue with contemporary theological interlocutors

**Handbook of Catholic Dogmatics 5.1** Matthias Joseph Scheeben, 2020-04-27 In Handbook of Catholic Dogmatics Book V Soteriology Part 1 Matthias Joseph Scheeben delineates who and what Jesus Christ is as the Incarnate Son of God in Person With characteristic brilliance Scheeben sets forth in this first half volume the essential nature and attributes proper to Christ as the hypostatic union of God and man Beginning with the Scriptural and traditional foundations he elucidates the Catholic Church s traditional teaching on Christ s unity of Person in two natures as they were developed in response to the main Christological heresies of the early Christian centuries On this basis he then delves into the speculative depths of the hypostatic union itself as well as the attributes of the God man that arise from this union T he translation of the Handbook of Catholic Dogmatics by the greatest speculative theologian of the nineteenth century into the modern lingua franca is an invaluable service to the future of the Church in the secular age With

his speculative penetration of the mystery of the Incarnation in the present volume enriched by a comprehensive knowledge of patristic scholastic and modern theology Matthias Joseph Scheeben preserves the mystery of Divine Revelation from attempts to naturalize it and the Church from the tendency to reduce it to a merely functional civil religion He proves that even on the highest level of rational reflection the believer can give to modern man an account for the hope that is in him cf 1 Pet 3 15 which puts us in a position to clarify definitively our understanding of ourselves and of the world in light of the knowledge of God Cardinal Gerhard Müller Prefect Emeritus of the Congregation for the Doctrine of the Faith
