**Theology and Down Syndrome** Amos Yong, 2007 While the struggle for disability rights has transformed secular ethics and public policy traditional Christian teaching has been slow to account for disability in its theological imagination Amos Yong crafts both a theology of disability and a theology informed by disability The result is a Christian theology that not only connects with our present social medical and scientific understanding of disability but also one that empowers a set of best practices appropriate to our late modern context

Publisher description *Family Policy and the American Safety Net* Janet Zollinger Giele, 2013 Family Policy and the American Safety Net shows how families adapt to economic and demographic change Government programs provide a safety net against the new risks of modern life Family policy includes any public program that helps families perform their four universal obligations of caregiving income provision shelter and transmission of citizenship In America this means that child care health care Social Security unemployment insurance housing the quality of neighborhood schools and anti discrimination and immigration measures are all key elements of a de facto family policy Yet many students and citizens are unaware of the history and importance of these programs This book argues that family policy is as important as economic and defense policy to the future of the nation a message that is relevant to students in the social sciences social policy and social work as well as to the public at large

**Transformative Inclusive Education** Rick Freeze, 2023-08-25 Inclusive education is a critical issue at the forefront of educators minds Transformative Inclusive Education tackles the subject by reimagining current practices in education and renovating teaching strategies This collection demonstrates that inclusion is an educational reform movement that can only succeed if educational institutions and practitioners rethink the meaning substance and purpose of education and adopt the new missions patterns of decision making understandings of teaching and learning pedagogies collaborative roles and classroom practices that flow directly from the inclusive reform movement Featuring contributions from a diverse array of scholars practitioners and people with disabilities this text weaves together the historical legal theoretical and pedagogical currents that underpin the implementation of inclusive education and speaks to current research in the field From there it moves forward with a practical trajectory and guide for enacting lasting effective change in schools to create an inclusive environment for all students The authors integrate concepts such as RTI UDL MTSS and SEL and address issues such as collaborative decision making positive approaches to behaviour academic scaffolding and inclusive technologies and teaching practices They also look beyond schools extending inclusive education to

families and communities and integrating self advocacy in practice Including case studies realistic examples and activities for further learning and reflection this volume is a vital resource for undergraduate and graduate students in education
