Trillions Robin Wigglesworth, 2021-10-12 From the Financial Times's global finance correspondent the incredible true story of the iconoclastic geeks who defied conventional wisdom and endured Wall Street's scorn to launch the index fund revolution democratizing investing and saving hundreds of billions of dollars in fees that would have otherwise lined fat cats' pockets Fifty years ago the Manhattan Project of money management was quietly assembled in the financial industry's backwaters unified by the heretical idea that even many of the world's finest investors couldn't beat the market in the long run The motley crew of nerds including economist wunderkind Gene Fama humiliated industry executive Jack Bogle bull-headed and computer obsessive John McQuown and avuncular former WWII submariner Nate Most succeeded beyond their wildest dreams Passive investing now accounts for more than 20 trillion equal to the entire gross domestic product of the US and is today a force reshaping markets finance and even capitalism itself in myriad subtle but pivotal ways Yet even some fans of index funds and ETFs are growing perturbed that their swelling heft is destabilizing markets wrecking the investment industry and leading to an unwelcome concentration of power in fewer and fewer hands In Trillions Financial Times journalist Robin Wigglesworth unveils the vivid secret history of an invention Wall Street wishes was never created bringing to life the characters behind its birth growth and evolution into a world conquering phenomenon This engrossing narrative is essential reading for anyone who wants to understand modern finance and one of the most pressing financial uncertainties of our time

The Financial Crisis in Perspective (Collection) Mark Zandi, Satyajit Das, John Authers, George Chacko, Carolyn L. Evans, Hans Gunawan, Anders L. Sjöman, 2012-05-04 How the financial crisis really happened and what it really meant 3 books packed with lessons for investors and policymakers These three books offer unsurpassed insight into the causes and implications of the global financial crisis information every investor and policy maker needs to prepare for an extraordinarily uncertain future In Financial Shock Updated Edition renowned economist Mark Zandi provides the most concise lucid account of the economic political and regulatory causes of the collapse plus new insights into the continuing impact of the Obama administration's policies Zandi doesn't just illuminate the roles of mortgage lenders investment bankers speculators regulators and the Fed he offers sensible recommendations for preventing the next collapse In Extreme Money best selling author and global finance expert Satyajit Das reveals the spectacular dangerous money games that are generating increasingly massive bubbles of fake growth prosperity and wealth while endangering the jobs

possessions and futures of everyone outside finance Das explains how everything from home mortgages to climate change have become fully financialized how voodoo banking keeps generating massive phony profits even now and how a new generation of Masters of the Universe has come to own the world Finally in The Fearful Rise of Markets top Financial Times global finance journalist John Authers reveals how the first truly global super bubble was inflated and may now be inflating again He illuminates the multiple roots of repeated financial crises presenting a truly global view that avoids both oversimplification and ideology Most valuable of all Authers offers realistic solutions for decision makers who want to prevent disaster and investors who want to survive it From world renowned leaders and experts including Dr Mark Zandi Satyajit Das and John Authers

**An International Perspective on Disasters and Children's Mental Health** Christina W. Hoven, Lawrence V. Amsel, Sam Tyano, 2019-07-18 This book provides a broad international perspective on the psychological trauma faced by children and adolescents exposed to major disasters and on the local public health response to their needs An outstanding quality of the book is that it draws upon the experience of local researchers clinicians and public mental health practitioners who dedicated themselves to these children in the wake of overwhelming events The chapters address exemplary responses to a wide variety of trauma types including severe weather war industrial catastrophes earthquakes and terrorism Because disasters do not recognize geographic economic or political boundaries the chapters have been selected to reflect the diverse global community's attempt to respond to vulnerable children in the most challenging times The book thus examines a diverse range of healthcare systems cultural settings mental health infrastructure government policies and the economic factors that have played an important role in responses to traumatic events The ultimate goal of this book is to stimulate future international collaborations and interventions that will promote children's mental health in the face of disaster

Economic Management And Transition Towards A Market Economy: An Asian Perspective Anthony Theng Heng Chin, Hock Guan Ng, 1996-10-04 Much attention has been focused in recent years on the transformation of the economies of Eastern and Central Europe and the former Soviet Union However a growing demand for policy advice technical assistance and expertise is also coming from Asian reforming countries such as China Mongolia Vietnam Laos and Cambodia In addition business communities abroad are increasingly interested in exploring investment and marketing opportunities in these reforming countries Such developments are too important to overlook or ignore The transformation of socialist economies towards market based systems entails an unusually wide range of problems Studies of related topics are complicated by the speed of the changes and the lack of clear historical precedents Although the structural features of Asian reforming economies are in important ways different from those of the Eastern European economies all socialist economies share similar fundamental conditions on the eve of economic reform which raise a similar set of reform issues This volume brings together a rich collection of expertise and information in an attempt to shed some light on the transitional process in Asia The contributions are by no means exhaustive However they provide the reader and analyst with

an excellent starting point to the problems and prospects which are specific to Asian transforming economies

**International Banking in Global Perspective** Carmela D'Avino,Mimoza Shabani,2024-03-04 Banks play the most vital role in the economy by acting as financial intermediaries and providing the necessary credit to fund consumption and investment thereby effecting real economic activity Banks have been in existence for centuries and while the core of their function remains the same their business model has changed dramatically over the years Most notably banking internationalisation has gained prominence in the last three decades This book offers a comprehensive understanding of the business model challenges and benefits of international banks It features banks that are global and highlights their overseas activities It documents the recent trends in international banking activity and serves as a one stop shop for students and scholars Furthermore in the post financial crisis of 2007 09 there has been a surge in the FinTech industry where banks have sought an opportunity to expand and compete the core of which is the provision of services via the newly established online technology as well as the green finance initiative The book brings together the issues and opportunities ahead as global banks respond to market and environment conditions in these arenas The text will be a useful resource for students researchers and scholars of banking international finance and international economics as well as students wishing to pursue a professional career in banking Given the vital role banks play in the economy their structure and activities are of great interest to policy makers also
