Perspectives Francaises Level 1:

French Muslims in Perspective Joseph Downing, 2019-05-24 With the largest Muslim population in Western Europe France has faced a number of critiques in its attempts to assimilate Muslims into an ostensibly secular but predominantly Catholic state and society This book challenges traditional analyses that emphasise the conflict between Muslims and the French state and broader French society by exploring the intersection of Muslim faith with other identities as well as the central roles of Muslims in French civil society politics and the media The tensions created by attacks on French soil by Islamic State have contributed to growing acceptance of the Islamophobic discourse of Marine Le Pen and her far right Front National party and debates about issues such as headscarves and burkinis have garnered worldwide attention Downing addresses these issues from a new angle eschewing the traditional us and them narrative and offering a more nuanced account based on people's actual lived experiences French Muslims in Perspective will be of interest to students and scholars across sociology politics international relations cultural studies European Studies and French studies as well as policy makers and practitioners involved in immigration education and media OECD Public Governance Reviews: France An international perspective on the General Review of Public Policies OECD, 2012-08-21 The reform programme called General Review of Public Policies *R vision G n rale des Politiques Publiques* RGPP implemented at central government level in France in 2007 is a novel approach for OECD countries by its mode of governance directly and continuously involving the highest state office French Civil Liability in Comparative Perspective Jean-Sébastien Borghetti, Simon Whittaker, 2019-12-26 The French law of torts or of extra contractual liability is widely seen as exceptional For long it was based on a mere five articles of the Civil Code of 1804 but on this foundation the courts and legal scholars have constructed liabilities for fault and strict liability of an extraordinary breadth and significance While the rest of the general law of obligations including contract in the Civil Code was reformed in 2016 by executive ordonnance this area was left aside being the subject in 2017 of a proposal by the French Government for the legislative reform of the law of civil liability a new legislative category to include both contractual and extra contractual liability This work considers important aspects of this developing area of French law in a series of essays by French lawyers and comparative lawyers working in French law and other civil law systems In doing so it provides insight into the doctrinal thinking and judgments of French lawyers as well as the possible directions in which this area of the law may be developed in the future **OECD Reviews of Evaluation and Assessment in Education Synergies for Better Learning An International Perspective on Evaluation and Assessment** OECD, 2013-04-11 This report provides an international comparative analysis and policy advice to countries on how evaluation and assessment arrangements can be embedded within a consistent framework to improve the quality equity and efficiency of school education **New Perspectives on the Sacred and the Secular in Old French and Old Provençal Poetry** Cyril Aslanov, 2019-01-14 This book delves into the question of the coexistence convergence and opposition between the sacred

and the secular as reflected in Old French and Old Provençal poetry from the early to the late central Middle Ages that is from the end of the ninth century until the thirteenth century It breaks the boundaries between the intratextual dimension and the cultural and historical context wherefrom the texts emanated in order to reassess the role of sacredness in the civilizational landscape of France and Occitania during the golden age of Old French and Old Provençal poetry It will interest not only Romanists but also historians specialists of the history of religions and students and scholars of general and comparative literature

International Perspectives in the Early Years Linda Miller, Claire Cameron, 2013-12-05 This informative and wide ranging book argues persuasively for the value of multiple perspectives both international and disciplinary in the study and practice of early childhood education because they feed our imaginations and provoke us to think And while illustrating the many differences that exist between countries it highlights the shared issues confronting us wherever we live Emeritus Professor Peter Moss Institute of Education University of London Stemming from original research in the field a range of expert contributors explore the key themes and debates surrounding international perspectives on Early Childhood Education and Care ECEC Drawing on studies carried out in Norway Mexico France Hungary and many more countries the book covers a wide range of topics including the relationship between early childhood and primary education gender and play in ECEC curriculum inclusion early interventions working with families place based learning With case studies detailed suggestions for further reading at different levels and discussion points this is a key text for students of Early Years at all levels from Foundation Degree to Masters as well as current early years practitioners Linda Miller is Professor Emeritus of Early Years The Open University Claire Cameron is Senior Reader in Education at the Thomas Coram Research Unit Institute of Education University of London

New Perspectives on Political Economy and Its History Maria Cristina Marcuzzo, Ghislain Deleplace, Paolo Paesani, 2020-05-13 This Festschrift is published in honour of Annalisa Rosselli a political economist and historian of economic thought whose academic activity has promoted unconventional ways of thinking throughout her career A renowned list of scholars articulate and respond to this vision through a series of essays leading to an advocacy of pluralism and critical thinking in political economy The book is split into five parts opening with a section on new topics for the history of economic thought including new perspectives in gender studies and an illustration of the fecundity of the link with economic history This is followed by sections that address relevant perspectives on the Classical approach to distribution and accumulation Ricardo interpretation of Sraffa and the legacy of Keynes This book will appeal to students interested in reforming economics as well as academics and economists interested in political economy and the history of economic thought

Planning and Design Perspectives for Land Take Containment Benedetta

Giudice,2022-01-03 This book aims to provide a framework for the concept of land take the practice by which natural lands are lost to artificial land development practices and present its ecological implications in urban environments In particular the book intends to contextualize land take and its ecological implications in the field of planning through the analysis of the evolution of the relationship that exists between ecology and urban and regional planning with case studies focusing on cities in Europe Urban and regional planning specifically in terms of tools policies and strategies play a central role in the redevelopment of this relationship and through this perspective the text explores some operational criteria and guiding strategies for the creation of innovative scenarios of planning and design The book is indeed mainly based upon an ecological planning oriented perspective with the attempt of creating a strong link between the plan and the project that will be useful for students researchers policy makers and urban planners and designers

Self-Reported Population Health: An International Perspective based on EQ-5D Agota Szende,Bas Janssen,Juan Cabases,2013-12-05 The EQ 5D instrument as a standardized cross culturally validated measure of self assessed health has a hugely important role in understanding population health within and across countries Over the past two decades a wealth of international population health survey data have been accumulated by the EuroQol Group from research conducted in many countries across four continents One of the success factors of the EQ 5D instruments has been the easy availability of national or international sets of EQ 5D data as well as clear explanations and guidance for users There is an unmet need to produce a comprehensive book that captures up to date and expanded information of EQ 5D self reported health and index values EQ 5D population norms and cross country analyses are provided from representative national surveys of 20 countries and additional regional surveys This book will be a must for those who believe that how people report and value health is very important

Personal Wealth from a Global Perspective James B. Davies, 2008-11-13 This book provides the first study of personal wealth from a global viewpoint Previous international studies of wealth have focused on the rich countries Here the transition countries emerging economies and the developing world are examined too The book looks at wealth inequality and asset composition around the world showing how these are affected by history institutions gender and incomes There is a dramatic contrast between rich

countries where financial assets are so important and poor countries where farm assets and land still dominate The book shows that wealth inequality within countries is far higher than that of income and has been rising recently most notably in Russia China and other transition countries Concentration among the rich and super rich has also increased Worldwide the top 2% have about 50% of personal wealth and the top 10% have 85% In contrast the bottom half has just 1% Poor countries are even poorer in wealth than in income terms But these are just the countries where life is most insecure and personal assets are most needed The book concludes that steps must be taken to break down barriers and help the poor and middle class in low income countries build up their personal assets to overcome their wealth disadvantage
