Peshitta Of Daniel Monographs Of The Peshitta Institute Leiden Vol 7:

The Madness of King Nebuchadnezzar M. H. Henze, 1999 This study of Nebuchadnezzar's madness in Daniel 4 demonstrates how the elements which the biblical author borrowed from Ancient Near Eastern myth commanded the attention of early Jewish and Christian exegetes

The Madness of King Nebuchadnezzar Matthias Henze, 2021-10-25 In the mythic lore of the Ancient Near East the trope of animalization contains a wealth of interpretive potential The account of Nebuchadnezzar's madness in Daniel 4 the most potent example of this mythic trope in the Hebrew Bible has provoked much fanciful elaboration among early biblical interpreters After a study of the many ancient variants of the ubiquitous tale the book investigates the Ancient Near Eastern background of Nebuchadnezzar's transformation The discussion then turns to the early reception of Daniel 4 in rabbinic Judaism the Western Fathers and most importantly the Syriac tradition A number of Syriac texts from the fourth century onward explicitly draw on the model of Nebuchadnezzar as the basis for a newly evolving ascetic discipline

The Peshitta and the Versions Johann E. Erbes, 1999

A Study of the Translation Technique of Peshitta Proverbs Changhak Hyun, 2001

The Verbal System of the Aramaic of Daniel Tarsee Li, 2009 This book explains the verbal system of the Aramaic of Daniel in the context of current research on grammaticalization which though first mentioned by Meillet in 1912 did not flourish until the beginning of the 1980's and has only more recently been applied to the study of Ancient Near Eastern languages Although various aspects of the Aramaic of Daniel have been subject of numerous studies including a few exhaustive studies on the verbal system in the last century it remains among the most difficult to explain The explanation offered here is coherent with the historical development of Aramaic as well as the observable tendencies in the development of human languages in general

Peoples of the Apocalypse Wolfram Brandes, Felicitas Schmieder, Rebekka Voß, 2016-05-24 This volume addresses Jewish Christian and Muslim future visions on the end of the world focusing on the respective allies and antagonists for each religious society Spanning late Antiquity to the early modern period the collected papers examine distinctive aspects represented by each religion's approach as well as shared concepts

Supplement to the Thesaurus Syriacus of R. Payne Smith J. P. Margoliouth, 2009-09-01 The study of languages forms the foundation of any study of ancient societies While we are dependent upon archaeology to unearth pottery tools buildings and graves it is through reading the documentary evidence that we learn the nuances of each culture from receipts and letters to myths and legends And the access to those documents comes only through the basic work of deciphering scripts conjugating verbs untangling syntax and mastering vocabulary Ancient Language Resources brings together some of the most significant reference works for the study of ancient languages including grammars dictionaries and related materials While most of the volumes will be reprints of classic works we also intend to include new publications The linguistic circle is widely drawn encompassing Egyptian Sumerian Akkadian Ugaritic Phoenician Hattic Hittite Nesite Hurrian Hebrew Aramaic Syriac Ethiopic Arabic Greek Coptic Latin Mandaean Armenian and Gothic It is the hope of the

publishers that this will continue to encourage study of the ancient languages and keep the work of groundbreaking scholars accessible K C Hanson Series Editor *Historical Dictionary of Prophets in Islam and Judaism* Scott B. introduces readers to the main primary sources but also addresses the unavoidable interpretive issues present in the secondary literature The essays in *The Harp of Prophecy* represent some of the very best scholarly approaches to the study of early Christian exegesis bringing new interpretations to bear on the work of influential early Christian authorities such as Athanasius Augustine and Basil of Caesarea Subjects that receive detailed study include the dynamics of early Christian political power gender expressions and the ancient conversation between Christian Jewish and Greek philosophical traditions The essays and bibliographic materials enable readers to locate and read the early Christian sources for themselves and also serve to introduce the various interdisciplinary methods and perspectives that are currently brought to bear on early Christian psalm exegesis Students and scholars of theology and biblical studies will be led in new directions of thought and interpretation by these innovative studies

Outside of Eden M. W. Scarlata, 2012-06-28 This study is an examination of the principal ancient translations of Gen 4 1 16 in the Hebrew Bible The goal is to understand the translation techniques adopted by the translators to what extent external influences may have affected their work and how each version communicates its message through its literary form In addition to the versional renderings of the Hebrew text this inquiry also takes into account various ancient Jewish and Christian interpretations of the Cain narrative The primary focus of the work is on the diverse exegetical tendencies of Hebrew Bible translation in the ancient world and on how these interpretations were transmitted in particular cultural milieus
