 West,2017-07-05 The essays collected in this volume reflect the profound impact of Martha Nussbaum s philosophical  
 writings on law and legal scholarship The capabilities approach that she has largely authored has influenced the approach  
 scholars take to the law of disabilities both in the United States and in Canada as well as to international human rights and to  
 domestic private law s protections of vulnerable populations Her analyses of the relationship between our emotions and our  
 thought and action has triggered a re assessment of the legal regulation and recognition of emotion in a range of fields most  
 particularly in the field of criminal law and her writing on the nature of dignity has informed an understanding of the  
 emerging civil rights of gay and lesbian citizens worldwide Our appreciation of the role of narrative in legal thought and  
 discourse and the contributions of literature to law and legal culture have also been broadened and deepened by her  
 contributions Taken together and including the introduction by the editor the essays collected in this volume demonstrate the  
 far reaching impact of Nussbaum s philosophical oeuvre      **List of Bureau of Mines Publications and Articles ... with**
