**Affair** Rebecca Ananian-Welsh, Gabrielle Appleby, Andrew Lynch, 2016-09-01 When Tim Carmody was appointed Chief Justice of Queensland by Premier Campbell Newman in 2014 he had been Chief Magistrate for only nine months It proved to be the most controversial judicial appointment in Australia's history Carmody's elevation plunged the Supreme Court and the legal profession into a bitter conflict with the government and with Carmody himself How did he come to be appointed to such a significant position What can we learn from this saga about the fragile relationships between politics and the courts The Tim Carmody Affair places the full story of Carmody's damaging and divisive tenure in context and identifies key reforms that could prevent this kind of controversy in the future A spellbinding and alarming account of one of Australia's great judicial dramas that ruptured the legal profession and the courts The Newman Government's appointment of Tim Carmody as Queensland's Chief Justice is a story of patronage betrayal leaking and political folly Brilliant and revealing Richard Ackland

**Like Nothing on this Earth** Tony Hughes-d'Aeth, 2017 During the twentieth century the southwestern corner of Australia was cleared for intensive agriculture In the space of several decades an arc from Esperance to Geraldton an area of land larger than England was cleared of native flora for the farming of grain and livestock Today satellite maps show a sharp line ringing Perth Inside that line tan colored land is the most visible sign from space of human impact on the planet Where once there was a vast mosaic of scrub and forest there is now the Western Australian wheatbelt Tony Hughes d Aeth examines the creation of the wheatbelt through its creative writing Some of Australia's most well known and significant

writers Albert Facey Peter Cowan Dorothy Hewett Jack Davis Elizabeth Jolley and John Kinsella wrote about their experience of the wheatbelt Each gives insight into the human and environmental effects of this massive scale agriculture Albert Facey records the hardship and poverty of small time selection in Australia Dorothy Hewett makes the wheatbelt visible as an ecological tragedy Jack Davis shows us an Aboriginal experience of the wheatbelt Through examining these writings Tony Hughes d Aeth demonstrates the deep value of literature in understanding the human experience of geographical change

**Policing Child Sexual Abuse** Paul Bleakley,2021-09-15 Policing Child Sexual Abuse provides a historical overview of the evolution of policing child sexual abuse in Queensland tracing a legacy of failure even corruption in the decades leading up to the foundation of Task Force Argos a branch of the Queensland Police Service created in part as a response to criticisms of police shortcomings in this area The book uses archival material as a foundation to trace the shifting approach to policing child sexual abuse CSA from the 1960s when juvenile justice first became a central focus of policing in Queensland to the 2010s at which point Task Force Argos made international headlines for its primary role in bringing major international CSA offenders like Shannon McCool Benjamin Warhead Faulkner and Richard Huckle to justice Examining archival material to pinpoint the reasons that CSA was not dealt with effectively in the past the book shows that often these reasons were political unrelated to the policing of CSA at all Policing Child Sexual Abuse stands as a testament to the victims

of CSA who have been failed by the system in the past In addition the book acts as a case study of how a police force with such a negative track record in policing this area was able to correct its path and reform its practices to the point that it could emerge as a world leader in policing CSA Though nominally focused on policing in one Australian state the implications are global with Task Force Argos s work naturally impacting on the CSA investigations of all of its partner agencies both in Australia and internationally Demonstrating how even in contexts where police responses to CSA have been met with significant criticism an opportunity still exists to reject historical failures in favour of a renewed commitment to proactive policing this book will be of great interest to scholars of policing historical criminology and child sexual abuse
