**Populism in Central and Eastern Europe** Roman Krakovsky, 2025-02-01 The rise of illiberal democracies across Central and Eastern Europe represents an ongoing challenge to the democratic and liberal principles of post Enlightenment societies However considerable debate remains about how to disentangle the complex factors that have contributed to this phenomenon and gain a clearer understanding of the issues shaping the political landscape In this incisive analysis of the populist phenomenon Populism in Central and Eastern Europe re examines the roots of the current political situation tracing the historical evolution of Central and Eastern European populism From late nineteenth century Imperial Russia to Viktor Orb n s Hungary and Jaroslaw Kaczy ski s Poland this book offers an innovative approach to addressing these enduring political issues [Nikolai Chernyshevskii and Ayn Rand](#) Aaron Weinacht, 2021-10-07 Nikolai Chernyshevskii and Ayn Rand Russian Nihilism Travels to America argues that the core commitments of the nihilist movement of the 1860 s made their way to 20th century America via the thought of Ayn Rand While mid nineteenth century Russian nihilism has generally been seen as part of a radical tradition that culminated in the Bolshevik Revolution of 1917 the author argues that nihilism s intellectual trajectory was in fact quite different Analysis of such sources as Nikolai Chernyshevskii s What is to Be Done 1863 and Ayn Rand s Atlas Shrugged 1957 archival research in Rand s papers and broad attention to late nineteenth century Russian intellectual history all lead the author to conclude that nihilism s legacy is deeply implicated in one of America s most widely read philosophers of capitalism and libertarian freedom

**From Marx to Lenin** David W. Lovell, 1984-07-19 This study is a contribution to the debate begun just after the October Revolution concerning the relationship between Marx s project and Soviet society It focuses however only on the political aspects of the matter to what extent was early Soviet authoritarianism the necessary outcome of Marx s works Since Lenin s practice and theory largely determined and justified the early political character of the Soviet state we may ask whether Lenin was implementing Marx s project or a project of his own design Lenin influenced by debates within Social Democracy and by the

experience of the Russian revolutionary tradition used a one sided interpretation of Marx s work to build and defend a transition which was fundamentally authoritarian Marx was not causally responsible for the theoretical foundation of Soviet authoritarianism
