Twentieth-century American Nature Writers Roger Thompson,J. Scott Bryson,2003 Essays on distinctly American nature writers from the earliest to the most recent that have consistently sought to convey both their wonder at the natural world and their individual personal experiences within it **Native American Political Systems and the Evolution of Democracy** Bruce E. Johansen,1996-05-14 For more than a decade scholars have debated the question of whether American Indian confederacies primarily the Iroquois helped influence the formation of U S basic law The idea has sparked lively debate in the public arena as well with Canadian diplomat Durling Voyce Jones contending it shows a paradigm shift in our thinking Patrick Buchanan calling it idiocy and George Will saying it s fiction For the first time this bibliography brings together some 450 citations on the debate The work describes the debate in the words of one of its major participants Bruce E Johansen author of three other books on the subject The bibliography also takes the reader back to suggestions of the idea long before the contemporary debate Lakota author Charles Eastman brought up the subject in 1919 Mohawk teacher Ray Fadden developed it in the 1940s and John F Kennedy touched on it in 1960 Bringing the debate to its full flower in the present day the bibliography illustrates both fervent support and equally emphatic denial in the academy and the public press The book is both a scholarly tool and a lively exploration of issues bearing on the study of history and multiculturalism

Genre ,2005 Nature's Kindred Spirits James I. McClintock,1994-04-01 In Nature s Kindred Spirits James McClintock shows how their mystical experiences with the wild led to dramatic conversions in their thinking and behavior By embracing the ecstasy of nature they reject modern alienation and spiritual confusion From Aldo Leopold America s most important

conservationist and author of the classic *A Sand County Almanac* to Pulitzer Prize winners Annie Dillard and Gary Snyder and defenders of the desert Joseph Wood Krutch and Edward Abbey these writers share a common vision that harkens back to Henry David Thoreau and John Muir To nineteenth century Romantic ideals they add the authority of modern ecological science Collectively they have elevated nature's importance in American culture shaping the growth of the environmental movement and influencing American environmental policies Widely admired among educated readers but relatively neglected by the literary establishment these writers unite the experiential with the metaphysical the ordinary with the sacred the personal with the public and the natural with the social Using ecology as a touchstone McClintock further draws connections among science politics religion and philosophy to create an enlightening overview of the work of these kindred spirits
