Peter McIntyre's New Zealand Peter McIntyre, 1972 **Peter McIntyre** Peter McIntyre, *Peter McIntyre's New Zealand. New Zealand* Peter McIntyre, 1964 *Peter McIntyre's West* Peter McIntyre, 1970 Dust jacket notes The beauty of the American West is familiar to most Americans We in this country have experienced its grandeur and its unique beauty in countless words and photographs but all of them created by fellow Americans whose cultural viewpoints and emotional associations are similar to our own That is precisely why Peter McIntyre was chosen to do this book Mr McIntyre a world famous New Zealand artist had previously visited only a few of the larger U S cities when his paintings were being exhibited in this country The Sunset book editors wanted an altogether fresh and different view of the West through the eyes of an artist who is not only known master of a wide variety of techniques but is also an acute observer with an outstanding ability to convey his impressions in both graphic and written form Here are those impressions the first discovery of all that is Western made during a 40 000 mile Sunset sponsored painting tour by one who had never really seen the American West before Peter McIntyre gives us an unbiased and unhampered view of the wonders that fill this vast area its natural and man made beauty the relics of its past the sweep of its new and vital growth its diverse customs and ways of life and its variety of mood and atmosphere It is a vivid portrait of the West of today as well as of that rich Western heritage that stands unique in American and world history This portrait is brought to you in a fitting format The fifty six color plates have each been printed in six colors rather than the four which are usually standard in color reproduction Throughout the volume from the gold stamped full cloth binding to the careful hand mounting of the color plates you will find expert book craftsmanship and exceptional quality This is a book for anyone who loves the West a wonderful tribute to what Peter McIntyre himself calls the most incredible area on the surface of the earth **The McMullan Family in New Zealand 2nd Edition** Randall McMullan, 2018 This collection of stories facts and photos is about a family living in Otago New Zealand in the last half of the nineteenth century and into the twentieth century The family lived in Gabriels Gully Lawrence Otago where the Gold Rush of the 1860s began The stories centre on Thomas McMullan and Beatrice Howe Johns and their 8 children Between them they lived from the 1870s until the 2000s As with most families their lives were both ordinary and special Their ordinary lives helped to build a country and their special lives formed us who are descended from them Rather than find gold they made it gold of the family type This second edition adds significant new information about the Thompson family in Ireland and their migration to New Zealand which for some members was via the goldfields of Victoria Australia **Peter McIntyre's New Zealand** , 1964 *Debrett's Handbook of Australia and New Zealand* , 1984 *New Zealand Painting* Michael Dunn, 2003 Completely revised and updated Chapters have been rewritten Also added in a substantial new chapter on contemporary Maori and Pacific Island painting as well as an acknowledgement of the coming wave of Asian artists *New Zealand War Pictures* by Peter McIntyre Peter McIntyre, 1943 **The Second World War Volume Two** Christopher B.
