Peter Paul Rubens The Life Of Achilles:

Peter Paul Rubens Friso Lammertse, Alexander Vergara, Annetje Boersma, Guy Delmarcel, Fiona Healy, Museum Boijmans Van Beuningen (Rotterdam, Netherlands), Museo del Prado, 2003 Peter Paul Rubens The Life of Achilles highlights just one aspect of Rubens's extensive oeuvre a series of eight tapestries representing significant episodes from the life of the Greek hero Achilles The eight oil sketches Peter Paul Rubens 1577-1640 painted to serve as designs for these remarkable tapestries are among the most beautiful works he produced The sketches were subsequently worked up by Rubens and his studio and finally used as examples for far larger tapestries This lavishly illustrated book traces the process from sketch to tapestry and sheds new light on Rubens and his working methods Book jacket **Spectacular Rubens** Alejandro Vergara, Anne T. Woollett, 2014-10-14 The six glorious scenes that make up the Triumph of the Eucharist series by Peter Paul Rubens 1577-1640 are highlights of the Museo Nacional del Prado's superb collection of Flemish paintings Completed in 1626 these brilliantly detailed sketches were painted at the behest of the Infanta Isabel Clara Eugenia in preparation for a series of monumental tapestries that are now considered among the finest made in Europe in the seventeenth century Unfortunately additions to the wooden supports introduced after the paintings were created made the panels considerably larger than Rubens intended and over time caused serious damage to the original sections With the aid of the Getty Foundation's Panel Paintings Initiative the panels have been restored and returned to their original dimensions by the Prado and the magnificent oil sketches can once again be placed on public view This lushly illustrated and illuminating volume provides new insight into the history of the Eucharist series of paintings and tapestries and attests to Rubens's exhilarating art Spectacular Rubens is published on the occasion of an exhibition of the paintings on view at the Museo Nacional del Prado from March 25 through June 29 2014 and at the J Paul Getty Museum from October 14 2014 through January 4 2015

The A to Z of Renaissance Art Lilian H. Zirpolo, 2009-09-16 The Renaissance era was launched in Italy and gradually spread to the Netherlands Germany Spain France and other parts of Europe and the New World with figures like Robert Campin Jan van Eyck Rogier van der Weyden Albrecht Dürer and Albrecht Altdorfer It was the era that produced some of the icons of civilization including Leonardo da Vinci's Mona Lisa and Last Supper and Michelangelo's Sistine Ceiling Piet and David Marked as one of the greatest moments in history the outburst of creativity of the era resulted in the most influential artistic revolution ever to have taken place The period produced a substantial number

of notable masters among them Caravaggio Donato Bramante Donatello El Greco Filippo Brunelleschi Masaccio Sandro Botticelli Raphael Titian and Tintoretto The result was an outstanding number of exceptional works of art and architecture that pushed human potential to new heights The A to Z of Renaissance Art covers the years 1250 to 1648 the period most disciplines place as the Renaissance Era A complete portrait of this remarkable period is depicted in this book through a chronology an introductory essay a bibliography and over 500 hundred cross referenced dictionary entries on major Renaissance painters sculptors architects and patrons as well as relevant historical figures and events the foremost artistic centers schools and periods major themes and subjects noteworthy commissions technical processes theoretical material literary and philosophic sources for art and art historical terminology *Historical Dictionary of Renaissance Art* Lilian H. Zirpolo, 2016-08-19 The art of the Renaissance is usually the most familiar to non specialists and for good reason This was the era that produced some of the icons of civilization including Leonardo da Vinci's Mona Lisa and Last Supper and Michelangelo's Sistine Ceiling Piet and David Marked as one of the greatest moments in history the outburst of creativity of the era resulted in the most influential artistic revolution ever to have taken place The period produced a substantial number of notable masters among them Donatello Filippo Brunelleschi Masaccio Sandro Botticelli Raphael Titian and Tintoretto This second edition of *Historical Dictionary of Renaissance Art* contains a chronology an introduction and an extensive bibliography The dictionary section has over 700 cross referenced entries on artists from Italy Flanders the Netherlands Germany Spain and Portugal historical figures and events that impacted the production of Renaissance art This book is an excellent access point for students researchers and anyone wanting to know more about the Renaissance art *Classical Scholarship and Its History* Stephen Harrison, Christopher Pelling, 2021-04-06 It is unusual for a single scholar practically to reorient an entire sub field of study but this is what Chris Stray has done for the history of UK classical scholarship His remarkable combination of interests in the sociology of scholars and scholarship in the history of the book and of publishing and especially in the detailed intellectual contextualisation of classical scholarship as a form of classical reception has fundamentally changed the way the history of British classics and its study is viewed A generation ago the history of classical scholarship still consisted largely of accounts of particular scholars and groups of scholars written by other scholars from a broadly biographical and heroic individual perspective In these works scholars often sought to find their own place in the great tradition choosing to praise or blame those whose work they admired or deprecated and to identify with particular schools or trends and there were few attempts to provide a broader and less prosopographical perspective Almost all the chapters in the volume originated as papers at a conference in honour of the honoree and have been improved both by discussion there and by the rigorous peer review process conducted by the two experienced editors It covers various aspects of classical reception with a particular focus on the history of scholars their institutions and their writings the main focus is on the UK but there are also substantial engagements with continental Europe and especially the USA the period covered

runs from the Renaissance to the present The cast contains a number of world famous names Unusually the volume also contains an essay by the honorand but we are very keen to include this especially as it focusses on the topic of scholarly collaboration
