Lifetime Medical Organizer Sandra J. Yorong with Richard Schuttler, Ph.D.,2008-05-08 Sandi created the Lifetime Medical Organizer for the love of her family during a medical crisis with her father As she created organizers for others she realized the value it provided beyond her family s needs This value is what Sandi emphasizes in the Lifetime Medical Organizer as she shares her

story of how the organizer came to life and her step by step guide with helping others to establish their own organizer
 Creating an organizer without instructions is like baking a cake without directions It is difficult to record and organize
 important information in the same way it is to mix ingredients if you do not know how to begin The Lifetime Medical
 Organizer includes narrative pages for every form included in the book to walk you through the steps that are easy to follow
 and simple to understand While writing this book Sandi focused on how she could help you and those closest to you to better
 manage the process that many are unprepared to deal with until it is too late Whether you create an organizer for yourself or
 a loved one it will provide you with greater peace of mind in knowing that you are better prepared to help those you love In
 helping others we shall help ourselves for whatever good we give out completes the circle and comes back to us Flora
