Longest Night The Worst Night Of The London Blitz:

The Longest Night Gavin Mortimer, 2006-10-03 An emotionally stirring account of the single most devastating attack on London during the Blitz A captivating and important contribution History that reads like a novel Kirkus The untold story of the massive bombing raid that almost brought Britain to military collapse The Longest Night reveals just how close the Luftwaffe came to total victory On the night of May 10 1941 Nazi Germany sent some five hundred aircraft to drop more than seven hundred tons of explosives on London This vivid dramatically told account depicts how fate shifted based on Hitler's mistaken belief that he'd actually lost the air war over Britain and portrays the unsurpassed we can take it bravery of the British people when they'd been pushed beyond all human endurance An excellent book Gavin Mortimer has interviewed scores of survivors for his gripping narrative Andrew Roberts The Wall Street Journal

The Temple Church in London Robin Griffith-Jones, David Park, 2010 Founded as the main church of the Knights Templar in England at their New Temple in London the Temple Church is historically and architecturally one of the most important medieval buildings in England Its round nave modelled on the Holy Sepulchre in Jerusalem is extraordinarily ambitious combining lavish Romanesque sculpture with some of the earliest Gothic architectural features in any English building of its period It holds one of the most famous series of medieval effigies in the country The luminous thirteenth century choir intended for the burial of Henry III is of exceptional beauty Major developments in the post medieval period include the reordering of the church in the 1680s by Sir Christopher Wren and a substantial restoration programme in the early 1840s Despite its extraordinary importance however it has until now attracted little scholarly or critical attention a gap which is remedied by this volume It considers the New Temple as a whole in the middle ages and all aspects of the church itself from its foundation in the twelfth century to its war time damage in the twentieth Richly illustrated with numerous black and white and colour plates it makes full use of the exceptional range and quality of the antiquarian material available for study including drawings photographs and plaster casts Contributors Robin Griffith Jones Virginia Jansen Philip Lankester Helen Nicholson David Park Rosemary Sweet William Whyte Christopher Wilson

Landmark Cases in the Law of Restitution Charles Mitchell,Paul Mitchell,2006-04-18 It is now well established that the law of unjust enrichment forms an important and distinctive part of the English law of obligations Restitutionary awards for unjust enrichment and for wrongdoing are clearly recognised for what they are But these are recent developments Before the last decade of the twentieth century the very existence of a separate law of unjust enrichment was controversial its scope and content matters of dispute In this collection of essays a group of leading scholars look back and reappraise some of the landmark cases in the law of restitution They range from the early seventeenth century

to the mid twentieth century and shed new light on some classic decisions Some argue that the importance of their case has been overstated others that it has been overlooked or misconceived All persuasively invite the reader to think again about some well known authorities The book is an essential resource for anyone scholar student or practitioner with an interest in this fascinating area of the law

Britain at Bay Alan Allport,2020-11-03 A sweeping groundbreaking epic that combines military with social history to illuminate the ways in which Great Britain and its people were permanently transformed by the Second World War Here is the many faceted world historically significant story of Britain at war In looking closely at the military and political dimensions of the conflict s first crucial years Alan Allport tackles questions such as Could the war have been avoided Could it have been lost Were the strategic decisions the rights ones How well did the British organize and fight How well did the British live up to their own values What difference did the war make in the end to the fate of the nation In answering these and other essential questions he focuses on the human contingencies of the war weighing directly at the roles of individuals and the outcomes determined by luck or chance Moreover he looks intimately at the changes in wartime British society and culture Britain at Bay draws on a large cast of characters from the leading statesmen and military commanders who made the decisions to the ordinary men women and children who carried them out and lived through their consequences in a comprehensible and compelling single history of forty six million people For better or worse much of Britain today is ultimately the product of the experiences of 1938 1941
