*Stay in Shape, Lead a Healthy Life* Valentin Matcas, 2016-04-20 How can you eat as much as you desire while staying slim and attractive for life enjoying your good health and your youthful vitality And if you ever become sick how can you regain your good health and maintain it

indefinitely Even more how can you prolong your life as much as possible remaining young looking strong and vibrant continuously These are essential questions and you should always consider them since you should always be able to lose weight and maintain your good health with ease because your body and mind can remain proper and fit for as long as they are not harmed or unbalanced And even when they are harmed or unbalanced your body and mind can still recover on their own to offer you good health sustained vitality and a beautiful young appearance This is exactly what you want but how can you achieve it Because you have tried everything as you still gain weight Additionally you feel weak many times even depressed while you become sick too And since it happens to everybody is it actually your fault Why is everybody sick weak tired overweight wrinkled on stimulants on medication and on all drugs Why can you not remain healthy indefinitely the way you should and the way your body and mind are supposed to offer These are important questions while their answer is rather simple Since many times a variety of factors harm your body and mind even continuously for various reasons and now your body and mind cannot recover unless you identify understand and counteract these main factors first Therefore in order for you to have your good health vitality happiness vibrancy and good appearance you have to find out what harms your body and mind in the first place along with everything keeping them unbalanced and you solve it Because throughout life and throughout the world you always have causes generating effects generating causes generating effects in very large lines of causality and this is why you have to find these main problems generating the entire line of causality affecting your health vitality feelings and appearance Otherwise you end up solving effects and symptoms but not main causes while your problems persist These keep manifesting while your mind and body are doomed to remain sick weak and dreadful indefinitely Since this is how people suffer and die for these main causes for these hidden ignored or unidentified problems as these are numerous throughout life and society affecting you continuously What main causes exactly The main causes determining you to eat excessively and therefore to gain weight yet there are other main causes affecting you continuously which are just as dreadful Because just by attempting to stop eating as you do during diets you never arrive to lose weight since you never solve the main causes making you hungry in the first place with all consequences piling up and intensifying While there are many main causes interfering right now with your health feelings vitality proper reasoning happiness and bodily appearance and you should know them well Because in general people focus on everything else while attempting to lose weight they focus on their symptoms and effects but not on the main dreadful factors causing these And it never works Throughout this book you learn everything about health nutrition and fitness helping you stay slim healthy vigorous happy vibrant and attractive for life while helping you identify and avoid many problems and illnesses If you seek the perfect program and lifestyle keeping you fit this book is for you     *Emergence*: Lester Churchill, 2019-12-18 If you're like most people you've encountered issues in your life that persist and if you only knew how to solve it you would without hesitation You've probably encountered people who have told you things like just let it go only to find that you don't know how even though you would

dearly love to do it This book walks you step by step through the MATISH process created by Lester Churchill a childhood trauma childhood poverty and combat zone survivor who spent more than 40 years searching for the answers in his own life After finishing his Bachelor of Science Degree in Psychology at Washington State University he compiled his findings after discovering each component of his model was backed by research each component already being used by many people around the world to heal parts of their lives It holds the promise of allowing people to heal their whole selves why not take a peek inside and see what it can do for you      **You Are Probability: Surfing The Matrix** Andrea Diem-Lane, David Christopher Lane, 2014-03-15 Just think of your father s sperm as a starting off point A usual male produces about 100 million sperm per ejaculation Only one of those sperm will survive the arduous journey to its terminal apex How many sperm does a male produce in say an 80 year life span No precise count is possible since it varies with each individual but one can roughly estimate the number to be around 500 billion or perhaps more impressive sounding as a 1 2 trillion If your own father had five children this would mean that just in terms of sperm you are a 1 in a 100 billion winner Couple this with the rarity of your mother s egg of the nearly half million follicles where only about 400 or so will become viable and the very fact that you are alive reading this essay is beyond any moneyed lottery you will ever enter      **Tough Topics in Shape and Angle** Peter Patilla, 2003
