Looking At Women:

Ladies, Please! José Covaco, 2014-07-11 Try as you may you won't get the answer because we're guys and we come from Mars where it's an alien eat alien world. Most of the time we're confused as heck and need a girl to set us straight but all the other times we pretty much know what we want. The same way how we can't figure you out and why you need so many pairs of shoes we too can be hard nuts all puns intended to crack. Girls rule. That's a fact no guy can deny. That said there are a few things about you that drive us crazy and make us go running across continents and enroll into witness protection programmes to get as far away from you as possible. Here's a book that'll help you if not figure us out save you from a few nasty dates and know when to run screaming because at the end of the day boys will be boys. **Women's Bodies** Jane Arthurs, Jean Grimshaw, 1999-03-01 The articles in this volume consider the prevailing standards of feminine decorum and how these are being played with and challenged by various media. This is a collection of essays which focuses on the representation of women's bodies in historical and contemporary cultures. It discusses recent books on the subject and compares the two different approaches to the body adopted by the soft porn magazine *For Women* and the women's monthly *Cosmopolitan*. It also examines TV cult figures such as the comic body exemplified by comedienne Joe Brand and situation comedies such as *Absolutely Fabulous*. **Daily Life of Women in Postwar America** Nancy Hendricks, 2021-02-15 From Beatniks to Sputnik and from Princess Grace to Peyton Place this book illuminates the female half of the US population as they entered a brave new world that revolutionized women's lives. After World War II the United States was the strongest most powerful nation in the world. Life was safe and secure but many women were unhappy with their lives. What was going on behind the closed doors of America's picture perfect houses. This volume includes chapters on the domestic economic intellectual material political recreational and religious lives of the average American woman after World War II. Chapters examine topics such as the entertainment industry's evolving concept of womanhood Supreme Court decisions the shifting idea of women and careers advertising rural urban and suburban life issues women of color faced and child rearing and other domestic responsibilities. A timeline of important events and glossary help to round out the text along with further readings and a bibliography to point readers to additional resources for their research. Ideal for students in high school and college this volume provides an important look at the revolutionary transformation of women's lives in the decades following World War II. **Feminist Interrogations of Women's Head Hair** Sigal Barak-Brandes, Amit Kama, 2018-06-13 Feminist scholarship has looked extensively at the perception of the body as a flexible construction of cultural and social dictates but head hair has been often overlooked. *Feminist Interrogations of Women's Head Hair* brings new focus to this underrepresented topic through its intersections with contemporary socio-cultural contexts. Scholars from a wide range of disciplines investigate private and public meanings associated with female head hair problematising our assumptions about its role and implications in the 21st Century. Readers are invited to reflect on the use of hair in popular culture such as

children's television and pop album artwork as well as in work by women artists. Studies examine the lived experiences of women from a range of backgrounds and histories including curly haired women in Israel, African American women and lesbians in France. Other essays interrogate the connotations of women's head hair in relation to body image, religion and aging. *Feminist Interrogations of Women's Head Hair* brings together cultural discourses and the lived experiences of women across time and place to reveal the complex and ever evolving significance of hair. It is an important contribution to the critical feminist thought in cultural studies, fashion studies, media studies, African American studies, queer theory, gerontology, psychology and sociology.

Look Homeward, Angel & Of Time and the River Thomas Wolfe, 2023-12-15. Thomas Wolfe's seminal works *Look Homeward, Angel* and *Of Time and the River* offer a profound exploration of the human experience framed within the complexities of familial bonds and the quest for identity. Utilizing a stream of consciousness narrative style, Wolfe crafts an evocative tapestry of his semi autobiographical characters, particularly the introspective Eugene Gant, whose journey reflects the universal struggle between aspiration and the pull of home. Set against the backdrop of early 20th century America, these novels delve into themes of nostalgia, memory and the passage of time, all conveyed through Wolfe's lush lyrical prose that often teeters on the edge of the poetic. Thomas Wolfe, an American novelist born in 1900 in Asheville, North Carolina, was greatly influenced by his own tumultuous upbringing in a family of stone masons and his experiences of both small town life and the vastness of the American landscape. His formative years, marked by the dichotomy of ambition and the warmth of home, propelled him to articulate the intricacies of his personal narrative. Wolfe's encounters with literary giants such as Sherwood Anderson and F. Scott Fitzgerald further shaped his distinctive voice and experimental approach to storytelling. Readers are encouraged to engage with Wolfe's works as they grapple with not only the nuances of Gant's experience but also the larger questions of belonging and self-discovery. This profound duality encapsulates a poignant reflection on life itself, making both novels essential reading for those interested in the emotional depths of American literature.

Mongrels, Bastards, Orphans, and Vagabonds Gregory Rodriguez,2008-10-14 An unprecedented account of the long term cultural and political influences that Mexican Americans will have on the collective character of our nation In considering the largest immigrant group in American history Gregory Rodriguez examines the complexities of its heritage and of the racial and cultural synthesis mestizaje that has defined the Mexican people since the Spanish conquest in the sixteenth century He persuasively argues that the rapidly expanding Mexican American integration into the mainstream is changing not only how Americans think about race but also how we envision our nation Brilliantly reasoned highly thought provoking and as historically sound as it is anecdotally rich *Mongrels Bastards Orphans and Vagabonds* is a major contribution to the discussion of the cultural and political future of the United States

Brown Beauty Laila Haidarali,2018-09-25 Examines how the media influenced ideas of race and beauty among African American women from the Harlem Renaissance to World War II Between the Harlem Renaissance and the end of World War II a complicated discourse emerged surrounding considerations of appearance of African American women and expressions of race class and status *Brown Beauty* considers how the media created a beauty ideal for these women emphasizing different representations and expressions of brown skin Haidarali contends that the idea of brown as a respectable shade was carefully constructed through print and visual media in the interwar era Throughout this period brownness of skin came to be idealized as the real representational and respectable complexion of African American middle class women Shades of brown became channels that facilitated discussions of race class and gender in a way that would develop lasting cultural effects for an ever modernizing world Building on an impressive range of visual and media sources from newspapers journals magazines and newsletters to commercial advertising Haidarali locates a complex and sometimes contradictory set of cultural values at the core of representations of women envisioned as brown skin She explores how brownness affected socially mobile New Negro

women in the urban environment during the interwar years showing how the majority of messages on brownness were directed at an aspirant middle class By tracing brown s changing meanings across this period and showing how a visual language of brown grew into a dynamic racial shorthand used to denote modern African American womanhood *Brown Beauty* demonstrates the myriad values and judgments compromises and contradictions involved in the social evaluation of women This book is an eye opening account of the intense dynamics between racial identity and the influence mass media has on what and who we consider beautiful 7 best short stories - Coming of Age Kate Chopin, George Moore, Sherwood Anderson, Katherine Mansfield, Nathaniel Hawthorne, James Joyce, August Nemo, 2020-05-12 Becoming an adult is a difficult process often painful and always unforgettable Cultures and religions have always tried to demarcate this passage with a rite or public ceremony but the internal process of each one is unique Join us in these seven stories carefully selected by critic August Nemo *Caline* by Kate Chopin *My Kinsman Major Molineux* by Nathaniel Hawthorne *I m a Fool* by Sherwood Anderson *Her First Ball* by Katherine Mansfield *I Want to Know Why* by Sherwood Anderson *So On He Fares* by George Moore *Araby* by James Joyce **The Changing Consumer Cultures of Modern Egypt** Mona Abaza, 2006-12-01 This book consists of a collage of images that attempts to convey the transformation of consumer culture and how it is related to the urban reshaping of the city of Cairo to meet with the demands of globalisation Analyzing the shift from socialist economy to the opening up of Egypt s economy and how this has affected everyday life of the middle classes the author touches on various themes such as the general changing lifestyles and conspicuous consumption the spread of mobile phones and coffee shops the gated communities and secondary resorts The folklorisation of culture through the flowering tourist industry the expansion of local crafts plastic surgery and the body as a site of consumption are all analysed Although being influenced by the discourse of the Frankfurt school on the culture industry this work attempts to highlight the paradoxes pertaining to the democratising effects of consumer culture without denying the growing flagrant class polarisation Body Work Sylvia K. Blood, 2004-03-01 Are scientific facts about body image enough to define conceptions of normality Reassessing Experimental Psychology from a critical perspective Sylvia Blood demonstrates how its research into Body Image can be misused and prone to misuse Classifying women who experience distress and anxiety with food eating and body size as suffering body image disturbance or body image dissatisfaction it can reproduce dominant assumptions about language meaning and subjectivity Experimental psychology s discourse about body image has recently become more widely influential becoming popularised through domains such as women s magazines in which psychological experts provide facts about women s body image problems and offer advice and psychological treatments With acute cross disciplinary awareness *Body Work The Social Construction of Women s Body Image* exposes the assumptions at work in the methods and status of experimental approaches Penetrating beyond the usual dichotomy between experimental and popular psychology this book illuminates some of the ways in which women s magazines have embraced experimental psychology s treatment of the issue Drawing on

her experience in Clinical Psychology Sylvia Blood highlights the damaging effects of uncritically experimental views of body image She goes on to elaborate not only an alternative model of discursive construction but also the implications of such a theory for clinical practice Merging theory and clinical experience Sylvia Blood exposes the fallacies about women's bodies that underpin experimental psychology's body image research She demonstrates the dangerous consequences of these fallacies being accepted as truths in popular texts and in the talk of everyday women Postwar Vietnam Hy V. Luong, 2003 This historically grounded examination of the dynamics of contemporary society in Vietnam including cultural political and economic dimensions focuses on dynamic tensions both within society and among societal forces the state and global capital

Winning Women's Hearts and Minds Diana Cucuz, 2023-01-31 Throughout the Cold War Soviet citizens had limited access to US life and culture Amerika a glossy Russian language magazine similar to Life provided a rare exception Produced by the United States Information Agency USIA America's first peacetime propaganda organization Amerika was used to influence the Soviet public and convince women in particular that an American style consumer culture and conservative gender norms could better their lives Winning Women's Hearts and Minds relies on USIA archives issues of Amerika and American women's magazines such as the Ladies Home Journal to show how during the postwar period USIA officials deployed idealized images of American women as happy fulfilled and feminine wives mothers and homemakers This study analyses how Amerika was used to appeal to Soviet women Portrayed in the US media as babushkas they were considered unfeminine overworked and deprived of consumer goods and services by a repressive regime Diana Cucuz provides a gendered analysis of the USIA and of Amerika whose propaganda campaign relied heavily on postwar conservative gender norms and images of domestic contentment to convey positive messages about the American way of life in the hopes of undermining the Soviet regime Winning Women's Hearts and Minds sheds light on the significance of women gender and consumption to international politics during the Cold War

Alpha Males and Alpha Females Bettina Al-Sadik-Lowinski, 2023-05-22 What do international male business leaders have to say about gender diversity the rise of talented women into management and the opportunities for the sexes to work together harmoniously in boardrooms as well as the obstacles that stand in the way When most people think manager they think male Boardrooms around the world are still dominated by alpha men and their assertive decisive leadership styles Meanwhile their female counterparts alpha women remain underrepresented in almost every country Many women feel they've been excluded and are calling for equality This book offers a fresh perspective on gender roles that moves away from the old paradigm of male domination and female victimhood It argues that companies that want to succeed need to productively combine and leverage off the strengths offered by men and women It covers how mixed leadership teams can be made the norm in international companies To find some answers Bettina Al Sadik Lowinski interviewed senior male executives from eleven countries These alpha men agree that women and their abilities should be better represented on company boards They believe the current imbalance is due to a mix of talented women's reluctance to

pursue their career ambitions along with the barriers created by existing power structures Male managers fear losing face and being shown up by strong women They want recognition rather than aggression from their female colleagues The interviewees also discuss what they see as women s strengths such as their positive calming influence in male dominated meetings and comment on sensitive topics such as MeToo and the influence of erotic capital and old boys networks The book presents the men s views in their own words complemented by alternative perspectives from top female executives Al Sadik Lowinski s analysis shows how both sexes can work together in international companies to build a brighter sustainable future Alpha Males and Alpha Females seeks to promote greater equality at senior levels in global companies with mixed leadership teams made up of both qualified men and qualified women It gives women who are interested in pursuing a management career an insight into men s views as well as advice on their personal career development And it suggests strategies that executives can adopt to strengthen diversity build mixed leadership teams and secure their companies long term success
