

NEW MEXICO IN 1850: A MILITARY VIEW

COLONEL GEORGE ARCHIBALD McCALL

EDITED AND WITH AN INTRODUCTION BY

ROBERT W. FRAZER

New Mexico In 1850 A Military View

Janne Lahti

New Mexico In 1850 A Military View:

New Mexico in 1850. A Military View George Archibald MacCall, 1968 **New Mexico in the Mexican-American War** Ray John de Aragón, 2019-04-15 Establishing New Mexico as a U S territory was anything but bloodless The Mexican American War brought ferocious battles brutal sieges guerrilla warfare and scorched earth tactics More than three hundred Mexican and American forces were killed or wounded in a single battle near Santa Fe During the Taos Revolt Governor Charles Bent was scalped and murdered in his home and American forces fired cannons into a church where Pueblos and Mexicans sought refuge Soldiers destroyed entire villages like Los Valles killing or forcing residents to flee Author Ray John de Aragón recounts these and other dramatic stories behind the birth of the Land of Enchantment **Soldiers in the Southwest Borderlands, 1848-1886** Janne Lahti, 2017-04-13 Most military biographies focus on officers many of whom left diaries or wrote letters throughout their lives and careers This collection offers new perspectives by focusing on the lives of enlisted soldiers from a variety of cultural and racial backgrounds Comprised of ten biographies Soldiers in the Southwest Borderlands showcases the scholarship of experts who have mined military records descendants recollections genealogical sources and even folklore to tell common soldiers stories The essays examine enlisted soldiers cross cultural interactions and dynamic situational identities They illuminate the intersections of class culture and race in the nineteenth century Southwest The men who served under U S or Mexican flags and on the payrolls of the federal government or as state or territorial volunteers represented most of the major ethnicities in the West Hispanics African Americans Indians American born Anglos and recent European immigrants and many moved fluidly among various social and ethnic groups For example though usually described as an Apache scout Mickey Free was born to Mexican parents raised by an American stepfather adopted by an Apache father given an Irish name and was ultimately categorized by federal authorities as an Irish Mexican White Mountain Apache George Goldsby a former slave of mixed ancestry served as a white soldier in the Union army during the Civil War and then served twelve years as a Buffalo Soldier in the all black Tenth U S Cavalry He also claimed some American Indian ancestry and was rumored to have crossed the Mexican border to fight alongside Pancho Villa What motivated these soldiers Some were patriots and adventurers Others were destitute and had few other options Enlisted men received little professional training and possibilities for advancement were few Many of these men witnessed underwent or inflicted extreme violence some of it personal and much of it related to excruciating military campaigns Spotlighting ordinary men who usually appear on the margins of history the biographical essays collected here tell the stories of soldiers in the complex world of the Southwest after the U S Mexican War **The Hispano Homeland** Richard L. Nostrand, 1996-09-01 Richard L Nostrand interprets the Hispanos experience in geographical terms He demonstrates that their unique intermixture with Pueblo Indians nomad Indians Anglos and Mexican Americans combined with isolation in their particular natural and cultural environments have given them a unique sense of place a sense of homeland Several processes shaped

and reshaped the Hispano Homeland Initial colonization left the Hispanos relatively isolated from cultural changes in the rest of New Spain and gradual intermarriage with Pueblo and nomad Indians gave them new cultural features As their numbers increased in the eighteenth century they began to expand their Stronghold outward from the original colonies Philmont Lawrence R. Murphy,1972 This classic account is the first and still the best comprehensive history of the Colfax County area of northeastern New Mexico **Política** Felipe Gonzales,2016 Pol tica offers a stunning revisionist understanding of the early political incorporation of Mexican origin peoples into the U S body politic in the nineteenth century Historical sociologist Phillip B Gonzales reexamines the fundamental issue in New Mexico s history namely the dramatic shift in national identities initiated by Nuevomexicanos when their province became ruled by the United States Gonzales provides an insightful rigorous and controversial interpretation of how Nuevomexicano political competition was woven into the Democratic and Republican two party system that emerged in the United States between the 1850s and 1912 when New Mexico became a state Drawing on newly discovered archival and primary sources he explores how Nuevomexicanos relied on a long tradition of political engagement and a preexisting republican disposition and practice to elaborate a dual party political system mirroring the contours of U S national politics Pol tica is a tour de force of political history in the nineteenth century U S Mexico borderlands that reinterprets colonization reconstructs Euro American and Nuevomexicano relations and recasts the prevailing historical narrative of territorial expansion and incorporation in North American imperial history Gonzales provides critical insights into several discrete historical processes such as U S racialization and citizenship integration and marginalization accommodation and resistance internal colonialism and the long struggle for political inclusion in the borderlands shedding light on debates taking place today over Latinos and U S citizenship **Brigadier General John Adams, CSA** Leslie R. Tucker,2013-11-13 John Adams is best remembered as one of the four Confederate generals who lay on the porch of the Carnton House dead when the Battle of Franklin ended on December 1 1864 Unfortunately he did not leave much in the way of personal papers and this biography has been pieced together from Army records and other sources including accounts of his contemporaries Adams s career in the U S Army gives us a good look at the military the concept of Manifest Destiny and the relations with those conquered by the Army the Indians This book also considers one of the more debated topics in Civil War history why did a man who served the United States for most of his life resign his commission and side with the Confederacy Feast Or Famine Reginald Horsman,2008 Drawing on the journals and correspondence of pioneers Horsman examines more than a hundred years of history recording components of the diets of various groups including travelers settlers fur traders soldiers and miners He discusses food preparation techniques including the development of canning and foods common in different regions Provided by publisher *The Pacific Historical Review* Anna Marie Hager,1976 *Cultural Resources Overview of Socorro, New Mexico* Mary Jane Berman,1979 **New Mexico's Spanish Livestock Heritage** William W. Dunmire,2013-04-01 The Spanish introduced European livestock to the

New World not only cattle and horses but also mules donkeys sheep goats pigs and poultry This survey of the history of domestic livestock in New Mexico is the first of its kind going beyond cowboy culture to examine the ways Spaniards Indians and Anglos used animals and how those uses affected the region's landscapes and cultures The author has mined the observations of travelers and the work of earlier historians and other scholars to provide a history of livestock in New Mexico from 1540 to the present He includes general background on animal domestication in the Old World and the New during pre-Columbian times along with specific information on each of the six livestock species brought to New Mexico by the early Spanish colonists Separate chapters deal with the impacts of Spanish livestock on the state's native population and upon the land itself and a final chapter explains New Mexico's place in the larger American livestock scene *From Texas to San Diego in 1851* Samuel Washington Woodhouse, 2007 Samuel W Woodhouse physician and naturalist with the 1851 Sitgreaves expedition to explore the southwestern territories won in the war with Mexico kept a journal of the expedition from San Antonio to San Diego describing the people topography plants and animals encountered This is the first publication of his account Provided by publisher

Borderlands of Slavery William S. Kiser, 2017-05-02 Borderlands of Slavery explores how the existence of two involuntary labor systems Mexican peonage and Indian captivity in the nineteenth century Southwest impacted the transformation of America's judicial and political institutions during the antebellum Civil War and Reconstruction eras *The Comanche Empire* Pekka Hamalainen, 2008-10-01 A groundbreaking history of the rise and decline of the vast and imposing Native American empire In the eighteenth and early nineteenth centuries a Native American empire rose to dominate the fiercely contested lands of the American Southwest the southern Great Plains and northern Mexico This powerful empire built by the Comanche Indians eclipsed its various European rivals in military prowess political prestige economic power commercial reach and cultural influence Yet until now the Comanche empire has gone unrecognized in American history This compelling and original book uncovers the lost story of the Comanches It is a story that challenges the idea of indigenous peoples as victims of European expansion and offers a new model for the history of colonial expansion colonial frontiers and Native European relations in North America and elsewhere Pekka Hamalainen shows in vivid detail how the Comanches built their unique empire and resisted European colonization and why they fell to defeat in 1875 With extensive knowledge and deep insight the author brings into clear relief the Comanches' remarkable impact on the trajectory of history 2009 Winner of the Bancroft Prize in American History Cutting edge revisionist western history Immensely informative particularly about activities in the eighteenth century Larry McMurtry *The New York Review of Books* Exhilarating a pleasure to read It is a nuanced account of the complex social cultural and biological interactions that the acquisition of the horse unleashed in North America and a brilliant analysis of a Comanche social formation that dominated the Southern Plains Richard White author of *The Middle Ground* Indians Empires and Republics in the Great Lakes Region 1650-1815

The Apaches Donald E. Worcester, 2013-04-08 Until now Apache history has been fragmented offered in

books dealing with specific bands or groups the Mescaleros Mimbres or Chiricahuas and the more distant Kiowa Apaches Lipans and Jicarillas In this book Volume 149 of The Civilization of the American Indian Series Donald E Worcester provides a synthesis of the total historical experience of the Apaches from the post Conquest era of the Spaniards to the present day In clear fluent prose he provides a panoramic coverage with the main focus on the nineteenth century the era of the Apaches sometimes splintered but always determined resistance to the white intruders They were never a numerous tribe but in their daring and skill as commando like raiders they well deserved the name Eagles of the Southwest The book highlights the many defensive stands and the brilliant assaults the Apaches made on their enemies The only effective strategy against them was divide and conquer and the Spaniards and after them the Anglo Americans employed it extensively using renegade Indians as scouts feeding traveling bands and trading with them at their presidios and missions When the Mexican Revolution disrupted this pattern in 1810 the Apaches again turned to raiding and the Apache wars that erupted with the arrival of the Anglo Americans constitute some of the most sensational chapters in America's military annals Not until the United States policy of extermination had succeeded in decimating them was the Southwest secure for white settlement The author describes the Apaches life today on the Arizona and New Mexico reservations where they manage to preserve some of the traditional ceremonies while trying to provide livelihoods for all their people Tragically far removed from the soaring eagles of yesterday the Apaches still have a proud history in their struggles against overwhelming odds of numbers and weaponry Worcester here recreates that history in all its color and drama

New Mexico Historical Review Lansing Bartlett Bloom, Paul A. F. Walter, 1984

Doniphan's Epic March Joseph G. Dawson, 1999 In 1846 1847 a ragtag army of 800 American volunteers marched 3 500 miles across deserts and mountains through Indian territory and into Mexico There they handed the Mexican army one of its most demoralizing defeats and helped the United States win its first foreign war Their leader Colonel Alexander Doniphan also a volunteer was a natural soldier of towering stature who became a national hero in the wake of his wartime exploits Doniphan was a small town Missouri lawyer untrained in military matters when he answered President Polk's call for volunteers in the war with Mexico Working from a host of primary sources Joseph Dawson focuses on Doniphan's extraordinary leadership and chronicles how the colonel and his 1st Missouri Mounted Regiment helped capture New Mexico and went on to invade Chihuahua Contending with wildfires sandstorms poor provisions and the threat of attack from Apaches they eventually came face to face with the formidable cannon and cavalry of a much larger Mexican force Yet at the Battle of Sacramento these hardy volunteers outflanked General Jose Heredia's army and claimed a stunning American

victory on foreign soil Dawson explores and analyzes the many facets of Doniphan's exploits from the decision to proceed to Chihuahua in the wake of the Taos Revolt to the tactics that shaped his victory at Sacramento describing that battle in heart stopping detail He tells how Doniphan's legal expertise enabled him to supervise America's first military government administering a conquered land at Santa Fe and highlights Doniphan's remarkable cooperation with U S Army officers at a time when antagonism typified relationships between volunteers and regulars He also introduces readers to other key personalities of the campaign from fellow officers Stephen W Kearny and Meriwether L Clark to James Kiker the controversial scout whom Doniphan reluctantly trusted Dawson's thorough account captures the expansionist mood of America in the mid nineteenth century and helps us understand how American soldiers were motivated by the idea of Manifest Destiny His portrait of Doniphan and his troops reinforces the importance of the citizen soldier in American history and provides a new window on the war that changed forever the hopes and dreams of our border nations

Reviewing **New Mexico In 1850 A Military View**: Unlocking the Spellbinding Force of Linguistics

In a fast-paced world fueled by information and interconnectivity, the spellbinding force of linguistics has acquired newfound prominence. Its capacity to evoke emotions, stimulate contemplation, and stimulate metamorphosis is really astonishing. Within the pages of "**New Mexico In 1850 A Military View**," an enthralling opus penned by a highly acclaimed wordsmith, readers embark on an immersive expedition to unravel the intricate significance of language and its indelible imprint on our lives. Throughout this assessment, we shall delve into the book's central motifs, appraise its distinctive narrative style, and gauge its overarching influence on the minds of its readers.
