This Isn't Happening Steven Hyden, 2020-09-29 THE MAKING AND MEANING OF RADIOHEAD'S GROUNDBREAKING CONTROVERSIAL EPOCHDEFINING ALBUM KID A In 1999 as the end of an old century loomed five musicians entered a recording studio in Paris without a deadline Their band was widely recognized as the best and most forward thinking in rock a rarefied status granting them the time money and space to make a masterpiece But Radiohead didn't want to make another rock record Instead they set out to create the future For more than a year they battled writer's block intra band disagreements and crippling self doubt In the end however they produced an album that was not only a complete departure from their prior guitar based rock sound it was the sound of a new era and it embodied widespread changes catalyzed by emerging technologies just beginning to take hold of the culture What they created was *Kid A* Upon its release in 2000 Radiohead's fourth album divided critics Some called it an instant classic others such as the UK music magazine *Melody Maker* deemed it tubby ostentatious self congratulatory whiny old rubbish But two decades later *Kid A* sounds like nothing less than an overture for the chaos and confusion of the twenty first century Acclaimed rock critic Steven Hyden digs deep

into the songs history legacy and mystique of Kid A outlining the album s pervasive influence and impact on culture in time for its twentieth anniversary in 2020 Deploying a mix of criticism journalism and personal memoir Hyden skillfully revisits this enigmatic alluring LP and investigates the many ways in which Kid A shaped and foreshadowed our world *1000 Songs that Rock Your World* Dave Thompson,2011-05-03 1000 Songs That Rock Your World is the ultimate visual guide to the best rock music ever produced From Abba to ZZ Top it s not simply the ideal playlist it s a one stop catalog of a half century of Rock n Roll Showcasing songs by nearly 500 artists in all rock genres 1000 Songs That Rock Your World goes behind the scenes to uncover the fascinating story of the creation significance and popularity of these dynamic hits More than 500 eye popping color photos of concert action shots album covers posters tickets guitars and more Indexed by ranking artist and year for easy reference Featuring Buddy Holly The Beatles Elvis Jimi Hendrix The Beach Boys The Rolling Stones Lou Reed The Grateful Dead The Who The Allman Brothers Simon Garfunkel Bob Dylan Queen Pink Floyd Led Zeppelin Neil Young Bruce Springsteen Green Day and Hundreds More Perfect from Now On John Sellers,2008-03-04 Sellers a pop culture journalist with articles published in GQ and The New York Times has written a rock music fan s memoir overflowing with humor self deprecation encyclopedic knowledge and R wish you were thereS personal anecdotes These Days Are Ours Michelle Haimoff,2012-02-28 Commencement meets Less Than Zero in this novel about a young woman who still jobless after college and living in her family s 5th Avenue penthouse tries to make sense of her wide open future in post 9 11 Manhattan Six months after September 11th New Yorkers are instructed to get on with their lives despite the terror advisories streets filled with 9 11 merchandise and mail that may contain Anthrax But for Hailey still jobless after college and living in her family s Fifth Avenue penthouse getting on with life means getting closer to Michael Brenner the Princeton graduate and future human rights lawyer who seems to have it all The city feels as if it s on the brink of apocalypse and seeking out any sort of future seems pointless So Hailey and her friends Katie already working at Morgan Stanley Randy a trust fund kid who wears sweaters with holes in them and Jess confident of her future success regardless of her present inertia stay out all night dream up get rich quick schemes and aspire to greatness while questioning how much that greatness really matters *The Rock Canon* CarysWyn Jones,2017-07-05 Canons are central to our understanding of our culture and yet in the last thirty years there has been much conflict and uncertainty created by the idea of the canon In essence the canon comprises the works and artists that are widely accepted to be the greatest in their field Yet such an apparently simple construct embodies a complicated web of values and mechanisms Canons are also inherently elitist however Carys Wyn Jones here explores the emerging reflections of values terms and mechanisms from the canons of Western literature and classical music in the reception of rock music Jones examines the concept of the canon as theorized by scholars in the fields of literary criticism and musicology before moving on to search for these canonical facets in the reception of rock music as represented by ten albums Bob Dylan s Highway 61 Revisited The Beach Boys Pet Sounds The Beatles Revolver The Velvet Underground s The

Radiohead's OK Computer Dai Griffiths,2004-08-11 Seemingly granted classic album status within days of its release in 1997 OK Computer transformed Radiohead from a highly promising rock act into The Most Important Band in the World a label the band has been burdened by and has fooled around with ever since Through close musical analysis of each song Dai Griffiths explores the themes and ideas that have made this album resonate so deeply with its audience and argues that OK Computer is one of the most successfully realized CD albums so far created EXCERPT But then Karma Police changes After the second chorus the track lifts in various ways Harmonically there s a key change of sorts the sheet music charmingly follows the convention of preparing the reader for the new key signature from E minor to B minor although in truth both sections use similar chords Then vocally or melodically the key change takes Thom Yorke to his angelic register Texturally there s a big shift with all the instruments doing lighter things Best to my mind though there s the one word phew Phew s great it s a cartoon word like gulp or zzzz or bah Its precision matters the fact that it s really there properly pronounced not just sort of breathed
