**David Laycock, Lynda Erickson**

## **Rae Days The Rise And Fall Of The Ndp:**

Rae Days Thomas Walkom,1994      **Reviving Social Democracy** David Laycock,Lynda Erickson,2014-11-13 In the 2011 general election the New Democratic Party stunned political pundits by becoming the Official Opposition in the House of Commons After near collapse in the 1993 election how did the NDP manage to win triple the seats of its Liberal rivals and take more than three quarters of the ridings in Quebec *Reviving Social Democracy* examines the federal NDP's transformation from nearly dead party to new power player within a volatile party system Its early chapters on the party's emergence in the 1960s its presence in Quebec and the Jack Layton factor pave the way for insightful analyses of issues such as party modernization changing ideology voter profile and policy formation that played a significant role in driving the Orange Crush phenomenon Later chapters explore such future facing questions as the prospects of party mergers and the challenges of maintaining support in the long term      Fearful Symmetry - The Fall and Rise of Canada's Founding Values

Brian Lee Crowley,2013-07-27 In the 1960s Canada began a seismic shift away from the core policies and values upon which the country had been built A nation of makers transformed itself into a nation of takers Crowley argues that the time has come for the pendulum to swing back back to a time when Canadians were less willing to rely on the state for support when people went where the work was rather than waiting for the work to come to them Thought provoking meticulously detailed and ultimately polarizing *Fearful Symmetry* is required reading for anyone who is interested in where this country began where it's been and where it's going      **Uneasy Partnership** Geoffrey E. Hale,2006-01-01 Both teachers and students are indebted to Professor Hale for this up to date comprehensive and high quality text Kenneth Kernaghan Brock University

From Consent to Coercion Bryan Evans,Carlo Fanelli,Leo Panitch,Donald Swartz,2023-02-27 *From Consent to Coercion* examines the increasing assault against trade union rights and freedoms in Canada by federal and provincial governments Centring the struggles of Canadian unionized workers this book explores the diminution of the welfare state and the impacts that this erosion has had on broader working class rights and standards of living The fourth edition witnesses the passing of an era of free collective bargaining in Canada an era in which the state and capital relied on obtaining the consent of workers and unions to act as subordinates in Canada's capitalist democracy It looks at how the last twenty years have marked a return to a more open reliance of the state and capital on coercion on force and on fear to secure that subordination *From Consent to Coercion* considers this conjuncture in the Canadian political economy amid growing precarity poverty and polarization in an otherwise indeterminate period of austerity This important edition calls attention to the urgent task of rebuilding and renewing socialist politics of thinking ambitiously and meeting new challenges with unique solutions to the left of social democracy      **Policy Analysis in Canada** Laurent Dobuzinskis,David H. Laycock,Michael Howlett,2007-01-01 This volume offers a comprehensive overview of the many ways in which the policy analysis movement has been conducted and to what effect in Canadian governments and for the first time in business associations labour unions universities and

other non governmental organizations      **A New Education Politics** George Martell,1995-01-01 Preface Acknowledgements Introduction The Politics of Money PART I FIGHTING THE SOCIAL CONTRACT Chapter Premier Bob s Coalition Chapter 2 The Social Contract Juggernaut Chapter 3 Digging In For Battle PART 11 TOWARDS A NEW EDUCATION POLITICS A REPOSE TO THE ROYAL COMMISSION ON LEARNING Introduction Chapter 4 Finding the Money Chapter 5 Democracy vs Central Control Chapter 6 The Struggle for Curriculum      Provinces Christopher Dunn,2006-08-01 Provinces is both a study of Canadian provincial government and a review of comparative politics As such it represents a long overdue return to the comparative tradition with its emphasis on subject specific studies across the country The chapters in this revised edition of Provinces each of which has been written for the book by a leading scholar are arranged according to four major sections political life institutions public administration and public policy making the book highly suitable for those interested in areas beyond provincial politics At the same time the adopted comparative approach reveals a wealth of insight into Canadian politics at the beginning of the new millennium This new edition covers some of the vital concerns of our time a disquiet about the quality of democracy concern about women s place in provincial societies interest in the nature and potential of governance in the north unease on the question of the fiscal imbalance between all orders of government a sensitivity to the needs of cities and communities assessment of the retrenchment of the state and consideration of the policy futures influenced by the changing demography of the provinces Special Combined Price Provinces second edition may be ordered together with The Provincial State in Canada Politics in the Provinces and Territories at a special discounted price In order to secure the package price the following ISBN must be used when ordering 978 1 55402 587 9      *Revolution at Queen's Park* Sid Noel,1997-01-01 First published in 1997 Revolution at Queen s Park tracks radical changes in Ontario politics during the crucial decade between 1985 and 1995 Written by prominent political analysts these essays cover a wide range of topics including electoral behaviour changes in Ontario s political culture over the decade and the factors that led to the defeat of Bob Rae s government in 1995 Lively and readable Revolution at Queen s Park is a well written account of this remarkable period in Ontario s history      **Divided Province** Greg Albo,Bryan M. Evans,2019-02-28 No government jurisdiction in Canada has so radically transformed its public policies over the past decades as Ontario and yet the province has also maintained a striking degree of political stability in its party system Since the 1990s neoliberalism has been the point of reference in constructing policy agendas for all of Ontario s political parties It has guided the strategy for governance of the dominant Liberal Party since 2003 even as it divides the province between workers and employers north and south rural and urban and racialized minorities and the majority population With a focus on the governments of Mike Harris Dalton McGuinty and Kathleen Wynne Divided Province brings together leading researchers to dissect the province s public policies since the 1990s Presenting original state of the art research the book demonstrates that although the Conservative government of Mike Harris implemented the sharpest and most profound shift

towards the establishment of a neoliberal regime in the province the subsequent Liberal governments consolidated that neoliberal turn The essays in this volume explore the consequences of this ideological turn across a spectrum of policies including health education poverty energy employment manufacturing and how it has impacted workers women First Nations and other distinct communities The first book to offer a comprehensive critical account of neoliberalism in Ontario Divided Province overturns conventional readings of the province s politics and suggests that building a more democratic and egalitarian alternative to the current orthodoxy requires nothing less than a radical rupture from existing policies and political alliances Without such a decisive break political space may well open up again for the populist right     **Cycling**

**into Saigon** David R. Cameron, Graham White, 2011-11-01 The essence of democracy is the peaceful and legitimate transfer of government In 1995 in Ontario the omens for a successful transition weren t promising Almost no one had expected Mike Harris s Common Sense Revolution to catapult his Progressive Conservatives from third party obscurity to victory in the June election The Harris manifesto declared its intention to dismantle almost every policy of the defeated NDP administration of Bob Rae Weeks of confrontation and confusion seemed inevitable Yet as Cameron and White compellingly describe the transition was a surprising success involving necessary co operation between political mortal enemies Cycling into Saigon has important lessons for everyone involved or interested in this key stage of the electoral process wherever it takes place

*Canadian Parties in Transition, Fifth Edition* Alain-G Gagnon, Brian Tanguay, 2024-10-01 The fifth edition of Canadian Parties in Transition continues and enriches the work of earlier editions in bringing together a highly respected group of scholars to offer a comprehensive account of the development of party politics in Canada The book addresses the origin and the evolution of the Canadian party system and discusses how that system has been impacted by regionalism brokerage politics and political marketing It focuses on the competing ideological currents that occupy the political stage while also paying attention to the role of third parties in federal politics Contributors address the representation and democracy through an exploration of voting systems direct democracy the role occupied by constituencies gender politics and the distinct Quebec dynamics in the federal party system Finally the book analyses topical issues such as electoral participation social movements right wing populist parties political campaigning and digital party politics This new edition has been thoroughly revised and updated to reflect ongoing transformations and includes nineteen new contributing authors and coverage of seven new topics Canadian Parties in Transition presents a multi faceted image of party dynamics electoral behaviour political marketing and representative democracy     **Transforming Provincial Politics** Bryan M. Evans, Charles W. Smith, 2015-01-01 Transforming Provincial Politics is the first province by province analysis of politics and political economy in more than a decade and the first to directly examine the turn to neoliberal policies at the provincial and territorial level and examines how neoliberal policies have affected politics in each jurisdiction in Canada     The New Industrial Geography Trevor Barnes, Meric S Gertler, 2002-01-04 Drawing on the theoretical resources of institutional

economics The New Industrial Geography opens new perspectives in economic geography In its focus on historical and geographical context institutional embeddedness and tacit rules and formal regulations institutional economics is shown to be the perfect basis for understanding the profound economic and geographical changes of the last two decades and on which also to build a new kind of industrial geography Issues covered include the retheorization of the geography of industrial districts the analysis of institutional thickness and the economic geographical effects of institutional rigidity and sclerosis the economic geographical consequences of new regulatory bodies and policies and the geographically situated character of institutions and regulatory frameworks and the effects of separating them from their originating context the development of new strategies for achieving more equitable forms of regional development 35 *Accords* Tony

Penikett, John Calvert, 2025-06-23 What does a cash strapped government do when the collective agreements for almost a quarter million of its unionized employees expire simultaneously while wishing to maintain a respectful relationship with its labour supporters In 1997 the Premier of British Columbia BC Canada Glen Clark thought of an imaginative solution It was to offer unions an opportunity to participate with the government in developing policies on issues affecting their members and the services they provide This was BC s public sector policy Accord process The goal was to establish a different more collaborative relationship with unions one in which they had a voice in shaping policy solutions This parallel process entirely separate from collective bargaining would also avoid the adversarial relationship that so often characterizes a government s relations with its unions by recognizing the positive role unions and their members could play in contributing to improving BC s public programs and services The authors who worked on the Accord process with Premier Clark provide an insider s story of the intensive three year period during which the parties negotiated 35 policy accords across the entire provincial public sector The Accords covered a wide range of issues including pension trusteeship and portability early retirement provincial school class size benefits trusts government procurement policy hospital laboratory services workforce training pay equity creation of a health and safety agency and numerous smaller policy fixes The accord process demonstrated that it was possible for a government to initiate a new and more collaborative relationship with its unions by inviting them into the policy process The accords definitely improved relations with the government and contributed to collective bargaining settlements within the government s money mandate Public Policy for Women Marjorie Griffin Cohen, Jane

Pulkingham, 2009-01-01 Containing essays from leading feminist academics and social activists *Public Policy for Women* addresses important public policy issues that fail to address women s needs The volume s contributors pay particular attention to the relationship between the welfare state and vulnerable populations of women while making substantial contributions to current public policy debates in Canada Focusing on discussions of controversial issues such as single working mothers prostitution mandatory retirement guaranteed income and work for welfare these essays also consider the political and economic constraints that have been brought about by neo liberal policy changes Full of relevant policy critiques

and original recommendations for improvement Public Policy for Women readdresses often neglected subjects and concerns and makes informative appeals for public policy to address women s needs      **Welfare Hot Buttons** Sylvia B.

Bashevkin,2002-09-28 Welfare Hot Buttons provides one of the first comparative assessments of contemporary social policy change in three Western countries Canada the United States and Great Britain Sylvia Bashevkin probes the fate of single mothers on social assistance during the period when three third way political executives were in office Bill Clinton US Jean Chr tien Canada and Tony Blair Great Britain and argues that despite seemingly progressive campaign rhetoric the social assistance policy realities under each of these three leaders were in crucial respects more punitive and restrictive than those of their neo conservative predecessors in the 1980s Bashevkin addresses even more contentious issues in her study including the question of whether Anglo American welfare states are being eclipsed by what she views as newly emergent duty states In her comparative approach and in her substantive analysis Bashevkin makes an original and critical contribution to the existing body of literature on social policy      **Challenging Racism in the Arts** Carol Tator,Frances Henry,Winston

Mattis,1998-01-01 Contending that cultural production gives voice to racism the authors anthropologists Carol Tator and Frances Henry and attorney Winston Mattis here examine how six controversial Canadian cultural events have given rise to a newly empowered radical or critical multiculturalism      **The Public Sector in an Age of Austerity** Bryan M. Evans,Carlo Fanelli,2018-07-23 Following the 2008 global financial crisis Canada appeared to escape the austerity implemented elsewhere but this was spin hiding the reality A closer look reveals that the provinces responsible for delivering essential public and social services such as education and healthcare shouldered the burden The Public Sector in an Age of Austerity examines public sector austerity in the provinces and territories specifically addressing how austerity was implemented what forms austerity agendas took from regressive taxes and new user fees to public sector layoffs and privatization schemes and what if any political responses resulted Contributors focus on the period from 2007 to 2015 the global financial crisis and the period of fiscal consolidation that followed while also providing a longer historical context austerity is not a new phenomenon A granular examination of each jurisdiction identifies how changing fiscal conditions have affected the delivery of public services and restructured public finances highlighting the consequences such changes have had for public sector workers and users of public services The first book of its kind in Canada The Public Sector in an Age of Austerity challenges conventional wisdom by showing that Canada did not escape post crisis austerity and that its recovery has been vastly overstated      *Private Profits versus Public Policy* Joel Lexchin,2016-01-01 In his new work Private Profits versus Public

Policy Joel Lexchin addresses this question as he examines how public policy with respect to the pharmaceutical industry has evolved in Canada over the past half century

As recognized, adventure as competently as experience very nearly lesson, amusement, as well as accord can be gotten by just checking out a books **Rae Days The Rise And Fall Of The Ndp** furthermore it is not directly done, you could take even more in relation to this life, on the subject of the world.

We find the money for you this proper as competently as simple artifice to acquire those all. We provide Rae Days The Rise And Fall Of The Ndp and numerous books collections from fictions to scientific research in any way. in the middle of them is this Rae Days The Rise And Fall Of The Ndp that can be your partner.
