## **Raices Indigenas De La Lucha Anticolonialista:**

**Raíces indígenas de la lucha anticolonialista en Nicaragua** Jaime Wheelock, 1985 *Raíces indígenas de la lucha anticolonialista en Nicaragua, de Gil González a Joaquín Zavala, 1523 a 1881* Jaime Wheelock, 1974 *Intellectual Foundations of the Nicaraguan Revolution* Donald C. Hodges, 2014-02-04 In this critical study of the thought of Augusto Cesar Sandino and his followers Donald C Hodges has discovered a coherent ideological thread and political program which he succeeds in tracing to Mexican and Spanish sources Sandino's strong religious inclination in combination with his anarchosyndicalist political ideology established him as a religious seer and moral reformer as well as a political thinker and is the prototype of the curious blend of Marxism and Christianity of the late twentieth century Nicaraguan government the Frente Sandinista de Liberación Nacional

**Female Prostitution in Costa Rica** Anne Hayes, 2013-09-13 This book analyzes the development of female prostitution in the Pacific port of Puntarenas Costa Rica during the advanced stage of the coffee exporting economy 1880-1930 at the height of the consolidation of the liberal state Hayes argues that prostitution in the port differed from that of the coffee producing highlands due to differential economic social and political development In the periphery of Puntarenas the development of prostitution reflected a less stigmatized view of sexual commerce than that of the highlands where prostitution although legal threatened the tenets of liberal nationalism based on racial homogeneity and family values Women of the highlands were encouraged to reproduce the nation's more European stock of workers and to ensure the legal transference of property through legal church marriages both part of a design to stabilize the coffee exporting project By contrast prostitutes and other working women of Puntarenas many immigrants from the less European populations of neighboring regions and most in concubinage were freer to do what the law prescribed register as prostitutes in legitimate trade Such regional disparities reveal weaknesses in traditional explanations of Costa Rican exceptionalism which have rested on the premise of cultural homogeneity and have reflected the realities of only one region of the country The book advances an alternative explanation for the development of the nation's more democratic institutions situating Costa Rican exceptionalism in the nation's free labor system of which the labor prostitute in Puntarenas provides an example

**The Grimace of Macho Ratón** Les W. Field, 1999 An ethnographic account of indigenous artisans in Nicaragua and the complex ways they have understood and constructed their own identity from the period of the Sandinistas to the present

*The Logic of the Latifundio* Marc Edelman, 1992 This book studies the changing social relations in a region of Costa Rica that does not conform to the country's image as an agrarian democracy and investigates why latifundios large unproductive or under utilized estates still dominate much of Latin America *El levantamiento indígena del Interoeste de 1990* Segundo Moreno Yáñez, José Figueroa (Lic.), 1992

Magnaghi,1998-03-12 This bibliography is focused on the history of the imposition of policies upon Native Americans by the governments of other peoples All of the books and articles included in this work were selected because they represent activities in which Native Peoples were forced into work religion or a lifestyle that ran contrary to their traditions     *International Socialism* ,     **Sandino y el pensamiento otro** Carlos Midence,2009     **Revista mexicana de ciencias políticas y sociales** ,1981     *Nicaragua* Ralph Lee Woodward (Jr.),1983     *Nicaragua, what Went Wrong?* Mike Gonzalez,1990     **Patrimonio cultural e identidad** Josefina Racedo,2004 Essays on a wide variety of subjects including Argentine cultural policy communication and social linguistics in education and the social conditions of miners     *Revista del pensamiento centroamericano* ,1975
