Raiders Of The China Coast:

Raiders of the China Coast Frank Holober, 1999 Now for the first time in print the full dramatic story of this large scale paramilitary campaign is revealed by a veteran of the operations This eyewitness account of special operations in an area that remains a political and military flashpoint will appeal to everyone from intelligence specialists and China scholars to history buffs and general readers who like action stories BOOK JACKET Special Warfare ,1998 **General William E. DePuy**

Henry G. Gole, 2008-09-26 This excellent biography of one of the US Army's unsung heroes provides a much needed re examination of the early post Vietnam Army Bowling Green Daily News By the 1970s the United States Army was demoralized by the outcome of the Vietnam War and shifting attitudes at home The institution as a whole needed to be reorganized and reinvigorated and General William E DePuy was the man for the job In 1973 DePuy was appointed commander of the newly established Training and Doctrine Command TRADOC By integrating training doctrine combat developments and management in the US Army he cultivated a military force prepared to fight and win in modern war General William E DuPuy is the first full length biography of this key figure in American military history With extensive interviews with those who knew DePuy as well as access to his personal papers Henry G Gole chronicles and analyzes his unique contributions to the Army and nation Gole guides the reader from DePuy's boyhood and college days in South Dakota through the major events and achievements of his life During World War II DePuy served in the 357th Infantry Regiment in Europe from the Normandy invasion until 1945 when he was stationed in Czechoslovakia DePuy was asked by George Patton to serve as his aide he supervised clandestine operations in China he was instrumental in establishing Special Forces in Vietnam and he briefed President Lyndon B Johnson in the White House But his finest contribution was fixing a broken Army

Taiwan, the United States, and the Hidden History of the Cold War in Asia Hsiao-Ting Lin, 2022-04-28 This book explores the challenges which faced the United States and Taiwanese alliance during the Cold War addressing a wide range of events and influences of the period between the 1950s and 1970s Tackling seven main topics to outline the fluctuations of the U S Taiwan relationship this volume highlights the impact of the mainland counteroffensive the offshore islands Tibet Taiwan's secret operations in Asia Taiwan's Soviet and nuclear gambits Chinese representation in the United Nations and the Vietnam War Utilizing multinational archival research particularly the newly available materials from Taiwan and the United States to reevaluate Taiwan's foreign policy during the Cold War revealing a pragmatic and opportunistic foreign policy disguised in nationalistic rhetoric Moreover this study represents a departure from previous scholarship emphasizing the dictatorial and incompetent nature of the Chinese Nationalist regime to provide fresh insights into the nature of U S Taiwan relations Presenting a revisionist view of one of the strongest bilateral relationships of the Cold War this will be an insightful resource for scholars and students of Chinese and East Asia History Cold War History Asian Studies and International Relations

Taiwan's Offshore Islands Bruce A. Elleman, 2019 Taiwan Offshore Islands and US China relations Provided by publisher

The Secret War for China Panagiotis Dimitrakis, 2017-09-22 In 1927 Chiang Kai shek the head of China's military academy and leader of the Kuomintang KMT began the northern expeditions to bring China's northern territories back under the control of the state. It was during this period that the KMT purged communist activities, fractured the army and sparked the Chinese Civil War which would rage for over twenty years. The communists led by General Mao Tse Tsung were for much of the period forced underground and concentrated in the Chinese countryside. As the author argues, this resulted in China's war featuring unusually high levels of espionage and sabotage and increased the military importance of information gathering. Based on newly declassified material, Panagiotis Dimitrakis charts the double crossings, secret meetings and bloody assassinations which would come to define China's future. Uniquely, *The Secret War for China* gives equal weighting to the role of foreign actors, the role of British intelligence in unmasking Communist International Comintern agents in China, for example, and the allies' attempts to turn nationalist China against the Japanese. *The Secret War for China* also documents the clandestine confrontation between Mao and Chiang and the secret negotiations between Chiang and the Axis Powers whose forces he employed against the CCP once the Second World War was over. In his turn, Mao employed nationalist forces who had defected during the last three years of the civil war: about 105 out of 869 KMT generals defected to the CCP. This book is an urgent and necessary guide to the intricacies of the Chinese Civil War, a war which decisively shaped the modern Asian world. *Military Review*, 2001

China at War Xiaobing Li, 2012-01-10 This comprehensive volume traces the Chinese military and its experiences over the past 2,500 years, describing clashes with other kingdoms and nations as well as internal rebellions and revolutions. As the first book of its kind, *China at War: An Encyclopedia* expands far beyond the conventional military history book that is focused on describing key wars, battles, military leaders and influential events. Author Xiaobing Li, an expert writer in the subjects of Asian history and military affairs, provides not only a broad chronological account of China's long military history but also addresses Chinese values, concepts and attitudes regarding war. As a result, readers can better understand the wider sociopolitical history of the most populous and one of the largest countries in the world and grasp the complex security concerns and strategic calculations often behind China's decision-making process. This encyclopedia contains an introductory essay written to place the reference entries within a larger contextual framework, allowing students to compare Chinese with Western and American views and approaches to war. Topics among the hundreds of entries by experts in the field include Sunzi's classic *The Art of War*, Mao Zedong's guerrilla warfare in the 20th century, Chinese involvement in the Korean War and Vietnam War, and China's nuclear program in the 21st century. [Ming China, 1368-1644](#)

John W. Dardess, 2012 This engaging, deeply informed book provides the first concise history of one of China's most important eras. Leading scholar John W. Dardess offers a thematically organized political, social and economic exploration of China from 1368 to 1644. He examines how the Ming dynasty was able to endure for 276 years, illuminating Ming foreign relations and border control, the lives and careers of its sixteen emperors, its system of governance and the

kinds of people who served it its great class of literati and finally the mass outlawry that in unhappy conjunction with the Manchu invasions from outside ended the once mighty dynasty in the mid seventeenth century The Ming witnessed the beginning of China s contact with the West and its story will fascinate all readers interested in global as well as Asian history

Casting about in the Reel World William A. Douglass,2002 From the bone fishing flats of the Pacific nuclear weapons proving ground Bikini Atoll to the taimen rivers of Outer Mongolia anthropologist Bill Douglas is the consummate angling adventurer

International Competition in China, 1899-1991 Bruce A. Elleman,2015-04-10 China s recent economic reforms have opened its economy to the world This policy however is not new in the late nineteenth century the United States put forward the Open Door Policy as a counter to European exclusive spheres of influence in China This book based on extensive original archival research examines and re evaluates China s Open Door Policy It considers the policy from its inception in 1899 right through to the post 1978 reforms It relates these changes to the various shifts in China s international relations discusses how decades of foreign invasion civil war and revolution followed the destruction of the policy in the 1920s and considers how the policy when applied in Taiwan after 1949 and by Deng Xiaoping in mainland China after 1978 was instrumental in bringing about respectively Taiwan s economic miracle and mainland China s recent economic boom The book argues that although the policy was characterised as United States economic imperialism during the Cold War in reality it helped China retain its sovereignty and territorial integrity

US-China Naval Co-operation Against the Soviet Union Bruce A. Elleman,2025-07-25 This book discusses the key role of the transfer of naval technology from the U S to China in building up the Chinese Navy during the Cold War Revealing how this process began in the late 1970s under the Carter Administration when Deng Xiaoping was newly in power and how it accelerated under both the Reagan and Bush administrations moving from the transfer of simple technology to entire naval systems the book highlights how the policy was successful in helping make China a serious threat to the Soviet Union and how it thereby contributed to the collapse of the Soviet Union and the end of the Cold War The book also demonstrates how this same policy also enabled China now with the world s largest navy to become much more assertive in East Asia more widely resulting in the U S reversing its technology transfer policy following the Tiananmen Square massacre and in China turning to Russia and other former Soviet countries including Ukraine for the supply of Soviet era equipment Utilising disclosed and formerly secret documents this book will be a valuable resource to both students and scholars of international relations security studies and naval studies particularly in relation to Chinese U S USSR relations during the Cold War

Tibet Lezlee Brown Halper,Stefan A. Halper,2014 The mythologizing of Tibet in the West and the Himalayan state s subsequent abandonment to China are recounted in this briskly paced and revealing new history

The Secret Army Richard Michael Gibson,2011-08-04 The incredible story of how Chiang Kai shek s defeated army came to dominate the Asian drug trade After their defeat in China s civil war remnants of Chiang Kai shek s armies took refuge in Burma before being driven into Thailand and Laos Based on recently declassified

government documents The Secret Army Chiang Kai shek and the Drug Warlords of the Golden Triangle reveals the shocking true story of what happened after the Chinese Nationalists lost the revolution Supported by Taiwan the CIA and the Thai government this former army reinvented itself as an anti communist mercenary force fighting into the 1980s before eventually becoming the drug lords who made the Golden Triangle a household name Offering a previously unseen look inside the post war workings of the Kuomintang army historians Richard Gibson and Wen hua Chen explore how this fallen military group dominated the drug trade in Southeast Asia for more than three decades Based on recently released previously classified government documents Draws on interviews with active participants as well as a variety of Chinese Thai and Burmese written sources Includes unique insights drawn from author Richard Gibson s personal experiences with anti narcotics trafficking efforts in the Golden Triangle A fascinating look at an untold piece of Chinese and drug running history The Secret Army offers a revealing look into the history of one of the most infamous drug cartels in Asia The US Navy and the South China Sea Bruce A Elleman,2024-08-13 This book explores the question Why is the US Navy in the South China Sea at all It traces the history of diplomatic economic and military tensions among the People s Republic of China the Soviet Union the United States and the Socialist Republic of Vietnam outlining the origins of the United States Vietnam relationship during the immediate post World War II period the turmoil of the Vietnam War during which China supported North Vietnam against a US backed South Vietnam and the decision of the US government to open relations with China beginning in 1972 It shows how from 1945 1975 the US government used its relations with Vietnam to exert diplomatic economic and military pressure on China to open negotiations leading to full recognition and further discusses the surprising action of the US Navy in 1974 to allow the Chinese Navy to take the Paracel Islands by force thereby denying control over these islands to a united Vietnam closely allied with the Soviet Union which was the common enemy of both China and the USA Overall the book demonstrates how the presence of the US Navy in the South China Sea is a crucial element in much wider global US strategy **Out of China** Robert Bickers,2017-03-30 SHORTLISTED FOR THE 2018 WOLFSON HISTORY PRIZE The extraordinary and essential story of how China became the powerful country it is today Even at the high noon of Europe s empires China managed to be one of the handful of countries not to succumb Invaded humiliated and looted China nonetheless kept its sovereignty Robert Bickers major new book is the first to describe fully what has proved to be one of the modern era s most important stories the long often agonising process by which the Chinese had by the end of the 20th century regained control of their own country Out of China uses a brilliant array of unusual strange and vivid sources to recreate a now fantastically remote world the corrupt lurid modernity of pre War Shanghai the often tiny patches of extra territorial land controlled by European powers one of which unnoticed had mostly toppled into a river the entrep ts of Hong Kong and Macao and the myriad means through armed threats technology and legal chicanery by which China was kept subservient Today Chinese nationalism stays firmly rooted in memories of its degraded past the quest for self sufficiency a

determination both to assert China's standing in the world and its outstanding territorial claims and never to be vulnerable to renewed attack. History matters deeply to Beijing's current rulers and Out of China explains why. The Ashgate Research Companion to the Korean War Professor Donald W Boose Jr, Professor James I Matray, 2014-08-28 This essential companion provides a comprehensive study of the literature on the causes, course and consequences of the Korean War 1950-1953. Aimed primarily at readers with a special interest in military history and contemporary conflict studies, the authors summarize and analyze the key research issues in what for years was known as the Forgotten War. The book comprises three main thematic parts, each with chapters ranging across a variety of crucial topics covering the background, conduct, clashes and outcome of the Korean War. The first part sets the historical stage with chapters focusing on the main participants. The second part provides details on the tactics, equipment and logistics of the belligerents. Part III covers the course of the war with each chapter addressing a key stage of the fighting in chronological order. The enormous increase in writings on the Korean War during the last thirty years, following the release of key primary source documents, has revived and energized the interest of scholars. This essential reference work not only provides an overview of recent research but also assesses what impact this has had on understanding the war.

High Seas Buffer Bruce A. Elleman, 2012 Following its defeat on the mainland in 1949, the Nationalist government retreated to Taiwan. Although the Nationalist navy was comparatively large to many, it seemed almost certain that the People's Republic of China (PRC) would attack and take Taiwan perhaps as early as summer 1950. The Korean War began on 25 June 1950, however, and the possibility of a PRC invasion of Taiwan was countered when on 27 June President Harry S. Truman ordered the Seventh Fleet to neutralize the Taiwan Strait. Mao Zedong at first postponed and eventually canceled altogether his planned invasion of Taiwan. The U.S. Navy's Taiwan Patrol Force operation lasted from summer 1950 until at least 1979, arguably even sporadically after that date. Lasting twenty-nine years, the Taiwan Patrol Force was one of the longest naval operations in modern history. It was also one of the most successful since, as the most obvious symbol of American power, it ensured that friction over the Taiwan Strait did not escalate into a full-blown war. In fact, the Taiwan Patrol Force did its job so well that virtually nothing has been written about it. U.S. Navy ships acted both as a buffer between the two antagonists and as a trip wire in case of aggression. The force fulfilled the latter function twice in the 1950s during the first 1954-55 and second 1958 Taiwan Strait crises and a third time in the next decade 1962, at which point additional U.S. Navy vessels were called in to assist. Even after the Taiwan Patrol Force was terminated in 1979, it continued in spirit as shown by a fourth Taiwan Strait crisis. During the PRC missile tests of 1995-96, two U.S. aircraft carriers were deployed to the area and in 2001 during the ten days of negotiations over the EP-3 incident of 1 April, a carrier was almost sent. As recently as 2009, when maritime tensions between an American survey ship and Chinese vessels threatened to escalate into a larger conflict, a U.S. Navy destroyer was sent to the scene. Thus, the patrolling functions that began in 1950 have continued largely unchanged to this day, as U.S. Navy vessels act to influence China's military, economic

and political relations with its maritime neighbors *A Contest for Supremacy* Aaron L. Friedberg, 2011-08-15 A political scientist describes the shifting global balance of power between China and the United States and offers a wake up call to American leaders and policymakers to take action to counter the growing geopolitical strength in Asia *Agents of Subversion* John P. Delury, 2022-10-15 *Agents of Subversion* reconstructs the remarkable story of a botched mission into Manchuria showing how it fit into a wider CIA campaign against Communist China and highlighting the intensity and futility of clandestine operations to overthrow Mao In the winter of 1952 at the height of the Korean War the CIA flew a covert mission into China to pick up an agent Trained on a remote Pacific island the agent belonged to an obscure anti communist group known as the Third Force based out of Hong Kong The exfiltration would fail disastrously and one of the Americans on the mission a recent Yale graduate named John T Downey ended up a prisoner of Mao Zedong s government for the next twenty years Unraveling the truth behind decades of Cold War intrigue John Delury documents the damage that this hidden foreign policy did to American political life The US government kept the public in the dark about decades of covert activity directed against China while Downey languished in a Beijing prison and his mother lobbied desperately for his release Mining little known Chinese sources Delury sheds new light on Mao s campaigns to eliminate counterrevolutionaries and how the chairman of the Chinese Communist Party used captive spies in diplomacy with the West *Agents of Subversion* is an innovative work of transnational history and it demonstrates both how the Chinese Communist regime used the fear of special agents to tighten its grip on society and why intellectuals in Cold War America presciently worried that subversion abroad could lead to repression at home

Raiders Of The China Coast Book Review: Unveiling the Power of Words

In a world driven by information and connectivity, the ability of words has are more evident than ever. They have the capability to inspire, provoke, and ignite change. Such may be the essence of the book **Raiders Of The China Coast**, a literary masterpiece that delves deep to the significance of words and their impact on our lives. Raiders Of The China Coast Introduction

Free PDF Books and Manuals for Download: Unlocking Knowledge at Your Fingertips In today's fast-paced digital age, obtaining valuable knowledge has become easier than ever. Thanks to the internet, a vast array of books and manuals are now available for free download in PDF format. Whether you are a student, professional, or simply an avid reader, this treasure trove of downloadable resources offers a wealth of information, conveniently accessible anytime, anywhere. The advent of online libraries and platforms dedicated to sharing knowledge has revolutionized the way we consume information. No longer confined to physical libraries or bookstores, readers can now access an extensive collection of digital books and manuals with just a few clicks. These resources, available in PDF, Microsoft Word, and PowerPoint formats, cater to a wide range of interests, including literature, technology, science, history, and much more. One notable platform where you can explore and download free Raiders Of The China Coast PDF books and manuals is the internet's largest free library. Hosted online, this catalog compiles a vast assortment of documents, making it a veritable goldmine of knowledge. With its easy-to-use website interface and customizable PDF generator, this platform offers a user-friendly experience, allowing individuals to effortlessly navigate and access the information they seek. The availability of free PDF books and manuals on this platform demonstrates its commitment to democratizing education and empowering individuals with the tools needed to succeed in their chosen fields. It allows anyone, regardless of their background or financial limitations, to expand their horizons and gain insights from experts in various disciplines. One of the most significant advantages of downloading PDF books and manuals lies in their portability. Unlike physical copies, digital books can be stored and carried on a single device, such as a tablet or smartphone, saving valuable space and weight. This convenience makes it possible for readers to have their entire library at their fingertips, whether they are commuting, traveling, or simply enjoying a lazy afternoon at home. Additionally, digital files are easily searchable, enabling readers to locate specific information within seconds. With a few keystrokes, users can search for keywords, topics, or phrases, making research and finding relevant information a breeze. This efficiency saves time and effort, streamlining the learning process and allowing individuals to focus on extracting the information they need. Furthermore, the availability of free PDF books and manuals fosters a culture of continuous learning. By removing

financial barriers, more people can access educational resources and pursue lifelong learning, contributing to personal growth and professional development. This democratization of knowledge promotes intellectual curiosity and empowers individuals to become lifelong learners, promoting progress and innovation in various fields. It is worth noting that while accessing free Raiders Of The China Coast PDF books and manuals is convenient and cost-effective, it is vital to respect copyright laws and intellectual property rights. Platforms offering free downloads often operate within legal boundaries, ensuring that the materials they provide are either in the public domain or authorized for distribution. By adhering to copyright laws, users can enjoy the benefits of free access to knowledge while supporting the authors and publishers who make these resources available. In conclusion, the availability of Raiders Of The China Coast free PDF books and manuals for download has revolutionized the way we access and consume knowledge. With just a few clicks, individuals can explore a vast collection of resources across different disciplines, all free of charge. This accessibility empowers individuals to become lifelong learners, contributing to personal growth, professional development, and the advancement of society as a whole. So why not unlock a world of knowledge today? Start exploring the vast sea of free PDF books and manuals waiting to be discovered right at your fingertips.

FAQs About Raiders Of The China Coast Books

1. Where can I buy Raiders Of The China Coast books? Bookstores: Physical bookstores like Barnes & Noble, Waterstones, and independent local stores. Online Retailers: Amazon, Book Depository, and various online bookstores offer a wide range of books in physical and digital formats.
2. What are the different book formats available? Hardcover: Sturdy and durable, usually more expensive. Paperback: Cheaper, lighter, and more portable than hardcovers. E-books: Digital books available for e-readers like Kindle or software like Apple Books, Kindle, and Google Play Books.
3. How do I choose a Raiders Of The China Coast book to read? Genres: Consider the genre you enjoy (fiction, non-fiction, mystery, sci-fi, etc.). Recommendations: Ask friends, join book clubs, or explore online reviews and recommendations. Author: If you like a particular author, you might enjoy more of their work.
4. How do I take care of Raiders Of The China Coast books? Storage: Keep them away from direct sunlight and in a dry environment. Handling: Avoid folding pages, use bookmarks, and handle them with clean hands. Cleaning: Gently dust the covers and pages occasionally.
5. Can I borrow books without buying them? Public Libraries: Local libraries offer a wide range of books for borrowing.

Book Swaps: Community book exchanges or online platforms where people exchange books.

6. How can I track my reading progress or manage my book collection? Book Tracking Apps: Goodreads, LibraryThing, and Book Catalogue are popular apps for tracking your reading progress and managing book collections. Spreadsheets: You can create your own spreadsheet to track books read, ratings, and other details.
7. What are Raiders Of The China Coast audiobooks, and where can I find them? Audiobooks: Audio recordings of books, perfect for listening while commuting or multitasking. Platforms: Audible, LibriVox, and Google Play Books offer a wide selection of audiobooks.
8. How do I support authors or the book industry? Buy Books: Purchase books from authors or independent bookstores. Reviews: Leave reviews on platforms like Goodreads or Amazon. Promotion: Share your favorite books on social media or recommend them to friends.
