Dargavel, 2018-06-29 The deaths of my parents on consecutive days and with the interference of the enemy caused extreme grief in my life It did however open the door of the spirit world for me in real very profound and personal manner In *On the Other Side of the Rainbow* I recount how my grief was transcended by remembering past readings and teachings to strengthen me and I came to develop abilities to perceive and experience my loved ones who were sharing time with me in the present The seeking to heal my soul also led me to connect with Jesus in a very real and personal way His friendship and mentorship has helped me to heal and develop spiritually He has also provided me with the protection I needed and he lifted

me up when I needed it and continues to daily Eventually we grew quite close as did my relationship with Mother Mary and Michael the archangel Without their divine help I am sure I could not have lasted in the face of the enemy Encounters with them as well as my loved ones on the other side of life have become normal occurrences I have also had encounters with other spiritual beings whom I consider allies such as Buddha Ganesh King David a fairy princess a British guard from Fort George during the 1812 War St Theresa St John Paul II and others It is especially interesting to see how my parents continued evolving once they reached the other side and how my spiritual growth and relationship with the Lord changed their course as well as my own Prior to my experiences with the Christian faith I had followed and had many other firsthand experiences that are based on truths that simply are Included in this are experiences with past lives and spiritualism as well as Buddhist teachings and Native American as well My personal experiences are based on truths and were a guided path that led to my development as a spiritual clairvoyant and light worker The book starts in more of the self help variety but soon evolves into a more complex novel that is experiential as well as unique as it embraces many teachings but is not confined by anything that is not based on truth It eventually broadens onto a serious journey with Christ but it does not leave out any past experiences and knowledge gained as a result of these truths It is not typical or confined by any religious teaching but it does not attempt to say they are not significance or important quite the opposite It is I believe a guided path from above that is meant to bring together many to break down walls not build them as what Jesus desires as are other teachers and great beings who work together to try to win this world away from the dark side and lead it into a world that desires light and welcomes it when it soon arrives I hope that my first book helps to achieve some of these Angels & Rainbows Wendy Rainbow,1998 **Working with Angels in Everyday Life** Carol May,2007-07 Rich with anecdotes meditations and cutting edge planetary information WORKING WITH ANGELS IN EVERYDAY LIFE brings a fresh perspective to the Angelic Human connection Carol not only introduces the various angels but indicates their jobs their appearance and how to attune with them She takes us between the dimensions to feel the love and purpose Angels and Humans are a team working together to advance the consciousness of Humanity Carol May enthuses They make our everyday life smoother help with choices and offer inspiration protection energy blessings and more Would you like to meet your 4 personal angels and understand how to contact them on an ongoing basis Are you curious about planetary angels such as The Devas from the Jade Temple or The Blue Ones Maybe you need the Angel s help to handle a current crisis or jumpstart a new business project Whatever you want to know about Angels this is the book for you This isn t an Angel book based on liturgical history or any religious belief system It is based on my energetic experience of universal love the defining relationship between what we know and what we feel The magic that exists inside each moment and the healing that happens when Angels and Humans work together consciously Based on her extensive work as an empath with the Angels Carol deftly introduces us to at least 20 Angels of importance including the Guardian Angels we all have the many ancient healing Angels the House deva even the Project

Angel Spirit Guides - Adesh Silva,2021-01-18 Angels are greater than myth and meditation is more than a story together they are your answer to healing from within In a fast paced world with a 24 hour news cycle life can quickly seem like it s getting out of control and despite our best efforts it s difficult not to spiral into negativity Indeed anxiety disorders affect over 18% of the population every year but it doesn t have to be this way By training our personal strength and balance we can change our course and gain control of our bodies our minds and our emotions We have an extraordinary power within us all with the right guidance we can channel the positive energies of the universe to help us fight whatever obstacles are thrown our way The problem is not many people are aware of this and fewer still know how to harness this power Both meditation and angels are often dismissed as fanciful stories but there s far more to both of them than popular culture would have you believe The concept of archangels may sound religious and it s true that the archangels are associated with the Abrahamic religions but they re not exclusive to any one group The archangels are simply supernatural beings each with their own power and responsibility They care not for which religious group you belong to they are superior beings of light that help humans channel the energy of the universe and no matter what religion you may practice they re here to help you By understanding the powers of the archangels and learning how to channel their light you can gain clarity and control over your own life In Angel Spirit Guides Part I you ll learn what three of the archangels have to offer and how to channel their energies You ll discover A clear guide to understanding the first 3 of the 7 archangels An understanding of why the power of the archangels transcends organized religion Key scientific research illustrating the power and effectiveness of meditation An easy to navigate guide to understanding the energy all around you Straightforward techniques to help you channel the power of the archangels How to use meditation to flood your inner self with light and clarity Why the Archangel Gabriel deserves more than a passing mention in the school nativity Fully guided meditations to help you access the power that s already inside you And much more You d be forgiven for thinking that meditation has no scientific basis after all it s often made light of and dismissed for its airy fairy connotations But it s far more powerful than you might realize and there s scientific evidence to prove it The answer to self healing comes from within you all meditation does is light your path to get you there And that s why guided meditation is your answer Whatever your preconceptions about archangels may be know that they are extraordinarily powerful and through understanding their powers you can connect with your own inner light and the positive energies of the universe Allow the light to come to you and see how you in turn can be the light scroll up and click Add to Cart right now
