## **Rainbow Bridge Rainbows In Art Myth And Science:**

**The Rainbow Bridge** Raymond L. Lee, Alistair B. Fraser, 2001 Venerated as god and goddess feared as demon and pestilence trusted as battle omen and used as a proving ground for optical theories the rainbow's image is woven into the fabric of our past and present From antiquity to the nineteenth century the rainbow has played a vital role in both inspiring and testing new ideas about the physical world Although scientists today understand the rainbow's underlying optics fairly well its subtle variability in nature has yet to be fully explained Throughout history the rainbow has been seen primarily as a symbol of peace covenant or divine sanction rather than as a natural phenomenon Lee and Fraser discuss the role the rainbow has played in societies throughout the ages contrasting its guises as a sign of optimism bearer of Greek gods' messages of war and retribution and a symbol of the Judeo-Christian bridge to the divine The authors traverse the bridges between the rainbow's various roles as they explore its scientific artistic and folkloric visions This unique book exploring the rainbow from the perspectives of atmospheric optics art history color theory and mythology will inspire readers to gaze at the rainbow anew For more information on *The Rainbow Bridge* visit [The Rainbow Bridge](#)

**Figuring Faith and Female Power in the Art of Rubens** J. Vanessa Lyon, 2025-10-01 *Figuring Faith and Female Power in the Art of Rubens* argues that the Baroque painter, propagandist and diplomat Peter Paul Rubens was not only aware of rapidly shifting religious and cultural attitudes toward women but actively engaged in shaping them Today Rubens's paintings continue to be used and abused to prescribe and proscribe certain forms of femininity Repositioning some of the artist's best known works within seventeenth-century Catholic theology and female court culture this book provides a feminist corrective to a body of art historical scholarship in which studies of gender and religion are often mutually exclusive Moving chronologically through Rubens's lengthy career the author shows that in relation to the powerful women in his life Rubens figured the female form as a transhistorical carrier of meaning whose devotional and rhetorical efficacy was heightened rather than diminished by notions of female difference and particularity

**Scented Visions** Christina Bradstreet, 2022-06-29 Smell loomed large in cultural discourse in the late nineteenth century thanks to the midcentury fear of miasma the drive for sanitation reform and the rise in artificial perfumery Meanwhile the science of olfaction remained largely mysterious prompting an impulse to see smell and inspiring some artists to picture scent in order to better know and control it This book recovers the substantive role of the olfactory in Pre-Raphaelite art and Aestheticism Christina Bradstreet examines the iconography and symbolism of scent in nineteenth-century art and visual culture Fragrant imagery in the work of John Everett Millais Dante Gabriel Rossetti Simeon Solomon George Frederic Watts Edward Burne-Jones and others set the trend for the preoccupation with scent that informed swaths of British European and American art and design Bradstreet's rich analyses of paintings perfume posters and other works of visual culture demonstrate how artworks mirrored the period nose and intersected with the most clamorous debates of the day including evolution civilization race urban morality mental health faith and the woman question Beautifully illustrated

and grounded in current practices in sensory history Scented Visions presents both fresh readings of major works of art and a deeper understanding of the cultural history of nineteenth century scent *Wonders of the Air* Tamra Andrews,2004-11-30 This second book in a four book series exploring the elements Wonders of Nature Natural Phenomena in Science and Myth looks at the wonder of air from both a scientific and mythical perspective Intended for teachers and librarians to use with students in intermediate and middle school grades the book looks at natural phenomena that occurs in the air around us such as rainbows snow tornadoes lightning and thunder through ancient myth and details the explanations of modern day science With this interdisciplinary approach students will be encouraged to appreciate the magic in both myth and science and to understand the commonality of human experience with nature over time Each book contains eight myths each from a different culture and accompanying scientific explanation to use with students Included are bibliographies recommended Web sites ideas for field trips student projects discussion and activities and illustrations and diagrams that will enhance student interest Grades 4 8 *21st Century Homestead: Sustainable Agriculture II: Farming and Natural Resources* Marlon Henkel,2015-02-22 21st Century Homestead Sustainable Agriculture II contains the second part of everything you need to stay up to date on sustainable agriculture farming and natural resources **Light, heat and sound in Robert Grosseteste's Physics** Amelia Carolina Sparavigna,2016-11-28 Robert Grosseteste was one of the most prominent thinkers of the Thirteenth Century Philosopher and scientist he was Bishop of Lincoln from 1235 to 1253 He was heavily influenced by Augustine whose thought permeates his writings but he also made extensive use of the thought of Aristotle Avicenna and Averroes Grosseteste s physics is the science of Nature of which we will discuss in this book This science is quite different from the Galilean physics However in the scientific treatises written by Grosseteste we find some features preparing the born of the new physics that produced the Galilean revolution and the Newtonian mechanics This is the reason why Robert Grosseteste English statesman philosopher and scientist is defined by Alistair Cameron Crombie as the real founder of the tradition of the scientific thought in Oxford In this book we will propose a discussion of this Grosseteste s physics in particular that which is described in his treatises on light heat and sound **Living as a River** Bodhipaksa,2010-10-01 To face reality is to embrace change to resist change is to suffer This is the liberating insight that unfolds with Living as a River A masterful investigation of the nature of self this eloquent blend of current science and time honored spiritual insight is meant to free us from the fear of impermanence in a world defined by change An interesting lively and genuinely illuminating teaching of dharma Jack Kornfield author of A Path with Heart A Guide Through the Perils and Promises of Spiritual Life At a time when it s increasingly challenging to find clear and honest direction on the spiritual path Living as a River offers contemporary insight into an ancient practice and wise counsel we can trust This book is both beautifully written and useful to all serious seekers Mariana Caplan PhD author of Eyes Wide Open Cultivating Discernment on the Spiritual Path and Halfway Up the Mountain The Error of Premature Claims to Enlightenment The primary vehicle for

this journey is Buddhism's traditional Six Element Practice a deconstructive process of deep reflection that helps us let go of the belief in a separate static self the root of unhappiness Bodhipaksa takes readers through a systematic yet poetic analysis of the self that supports the realization of A sense of spaciousness and expansiveness that transcends the limitations of the physical body Profound gratitude awe and a feeling of belonging as we witness the extent of our connectedness with the universe Freedom from the psychological burden caused by clinging to a false identity The relaxed experience of consciousness pure and bright Engrossing and incisive Living as a River is at once an empowering guide and a meditative practice we can turn to again and again to overcome our fear of change and align joyfully with the natural unfolding of creation

**The Book of Nice** Josh Chetwynd, 2013-04-16 Nice is the secret

ingredient to a better life It makes us happy It may even be what makes us civilized when we say thank you shake hands send flowers we're doing the nice things that bring people together A compulsive and chunky book for lovers of trivia popular history customs and culture and a perfect gift to say you're nice The Book of Nice is an entertaining quirky compendium of those signs traditions and expressions that we so often take for granted yet turn out to be quite fascinating It's about why we cover a yawn originally to prevent evil spirits from entering our bodies now to hide the impression that something's boring us About holiday traditions it's thanks to Guy Lombardo's December 31 broadcast in 1929 that we now sing Auld Lang Syne on New Year's Eve About customary offerings the wedding cake evolved out of the Roman use of wheat as a symbol of fertility and it's much tastier than bits of grain And about those simple yet essential niceties how Thomas Edison championed an obscure term hello if Alexander Graham Bell had gotten his way we'd all be saying ahoy Why not put a little nice in your day

**A Mathematical Nature Walk** John A. Adam, 2011-09-12 How heavy is that cloud Why can you see farther in rain than in fog Why are the droplets on that spider web spaced apart so evenly If you have ever asked questions like these while outdoors and wondered how you might figure out the answers this is a book for you An entertaining and informative collection of fascinating puzzles from the natural world around us A Mathematical Nature Walk will delight anyone who loves nature or math or both John Adam presents ninety six questions about many common natural phenomena and a few uncommon ones and then shows how to answer them using mostly basic mathematics Can you weigh a pumpkin just by carefully looking at it Why can you see farther in rain than in fog What causes the variations in the colors of butterfly wings bird feathers and oil slicks And why are large haystacks prone to spontaneous combustion These are just a few of the questions you ll find inside Many of the problems are illustrated with photos and drawings and the book also has answers a glossary of terms and a list of some of the patterns found in nature About a quarter of the questions can be answered with arithmetic and many of the rest require only precalculus But regardless of math background readers will learn from the informal descriptions of the problems and gain a new appreciation of the beauty of nature and the mathematics that lies behind it

**The Underground Girls of Kabul** Jenny Nordberg, 2015-07-14 An investigative journalist uncovers a hidden custom in Afghanistan that will transform your understanding of what it means to grow up as a girl An astonishingly clear picture of this resourceful if imperfect solution to the problem of girlhood in a society where women have few rights and overwhelming restrictions The Boston Globe In Afghanistan a culture ruled almost entirely by men the birth of a son is cause for celebration and the arrival of a daughter is often mourned as misfortune A bacha posh literally translated from Dari as dressed up like a boy is a third kind of child a girl temporarily raised as a boy and presented as such to the outside world Jenny Nordberg the reporter who broke the story of this phenomenon for the New York Times constructs a powerful and moving account of those secretly living on the other side of a deeply segregated society where women have almost no rights and little freedom The Underground Girls of Kabul is anchored by vivid characters who bring this remarkable story to life Azita a female parliamentarian who sees no other choice but to turn her fourth daughter Mehran into a boy Zahra the tomboy teenager who struggles with puberty and refuses her parents attempts to turn her back into a girl Shukria now a married mother of three after living for twenty years as a man and Nader who prays with Shahed the undercover female police officer as they both remain in male disguise as adults At the heart of this emotional narrative is a new perspective on the extreme sacrifices of Afghan women and girls against the violent backdrop of America s longest war Divided into four parts the book follows those born as the unwanted sex in Afghanistan but who live as the socially favored gender through childhood and puberty only to later be forced into marriage and childbirth The Underground Girls of Kabul charts their dramatic life cycles while examining our own history and the parallels to subversive actions of people who live under oppression everywhere

*The Cosmic Viewpoint* Gareth D. Williams, 2012-04-05 The Cosmic Viewpoint examines the literary and philosophical

qualities essential to Seneca's art of science in his *Natural Questions* Seneca's meteorological theme raises our gaze from a terrestrial level to a higher more intuitive plane a conceptual climb by which Seneca promotes a change of perspective in his readership towards the cosmic viewpoint      Shakespeare and Visual Culture Armelle Sabatier, 2016-11-17 Statues coming to life and lively portraits ready to breathe in Shakespeare This new volume reassesses the key role played by visual culture in his drama and poetry by providing readers with an up to date guide to the main publications on the subject as well as offering a synthesis on the main literary and historical sources for inspiration While scrutinising the complex issue of image on an Elizabethan stage and exploring the codification of colours in Shakespeare's poetry this dictionary highlights the fierce rivalry between the poet the dramatist and the visual artist This volume will be of great interest and value to students of Shakespeare students of art history or anyone working on the interdisciplinary subject of literature and art      Medieval and Renaissance Lactations Jutta Gisela Sperling, 2016-04-22 The premise of this volume is that the ubiquity of lactation imagery in early modern visual culture and the discourse on breastfeeding in humanist religious medical and literary writings is a distinct cultural phenomenon that deserves systematic study Chapters by art historians social and legal historians historians of science and literary scholars explore some of the ambiguities and contradictions surrounding the issue and point to the need for further study in particular in the realm of lactation imagery in the visual arts This volume builds on existing scholarship on representations of the breast the iconography of the Madonna Lactans allegories of abundance nature and charity women mystics food centered practices of devotion the ubiquitous practice of wet nursing and medical theories of conception It is informed by studies on queer kinship in early modern Europe notions of sacred eroticism in pre tridentine Catholicism feminist investigations of breastfeeding as a sexual practice and by anthropological and historical scholarship on milk exchange and ritual kinship in ancient Mediterranean and medieval Islamic societies Proposing a variety of different methods and analytical frameworks within which to consider instances of lactation imagery breastfeeding practices and their textual references this volume also offers tools to support further research on the topic      *Stimulating Story Writing!* Simon Brownhill, 2015-10-16 *Stimulating Story Writing Inspiring Children* aged 7-11 offers innovative and exciting ways to inspire children to want to create stories and develop their story writing skills This practical guide offers comprehensive and informed support for professionals to effectively engage child authors in stimulating story writing activity Packed full of story ideas resource suggestions and practical activities the book explores various ways professionals can help children to develop the six key elements of story these being character setting plot conflict resolution and ending All of the ideas in the book are designed to complement and enrich existing writing provision in classrooms with strategies such as role play the use of different technologies and using simple open ended resources as story stimuli Separated into two sections and with reference to the Key Stage 2 curricula this timely new text provides professionals with tried and tested strategies and ideas that can be used with immediate effect Chapters include Creating Characters The Plot Thickens Inspired Ideas Resourcing the Story

Stimulation This timely new text is the perfect guide for inspiring children aged 7 11 in the classroom and will be an essential resource for teachers and students on teacher training courses      Reading Madeleine L'Engle Heidi A.

Lawrence,2023-10-20 Using a critical lens derived from ecopsychology and its praxis ecotherapy this book explores the relationships Madeleine L Engle develops for her characters in a selection of the novels from her three Time Austin family and O Keefe family series as those relationships develop along a human nonhuman kinship continuum This is accomplished through an examination both of pairs of novels from the fantastic and the realistic series and of single novels which stand out as slightly different from the most prominent genre in a given series Thus this examination also shows L Engle s fluid movement along a fantasy reality continuum and demonstrates the integration of the three series with each other

Importantly through examining these relationships and this movement along continuums in these novels the project demonstrates how ecopsychology and ecotherapy provide strong and important and as yet virtually unexplored intersections with children s literature      Media Anthropology Eric W. Rothenbuhler,Mihai Coman,2005-05-05 Media Anthropology is an interdisciplinary reader that represents a convergence of issues and interests on anthropological approaches to the study of media While other books on this topic examine traditional anthropology and push that field toward the media in this book editors Eric W Rothenbuhler and Mihai Coman take a novel approach by analyzing media studies and guiding that field toward anthropological thinking This anthology charts media anthropology as a field of study and provides examples of current research that identify its major concepts and methods in chapters written by leading scholars from several countries and academic disciplines Key Features Offers original articles and a few selected reprints from leading worldwide scholars in a variety of academic disciplines to provide the most integrated treatment of this interdisciplinary topic Contains introductions that set the context for articles written from varying points of view Includes a Theory into Practice section that shows how anthropological concepts and methods can improve the teaching and practice of media studies Makes the relevant literature accessible in an up to date and even handed organization offering students a broader understanding than they could obtain from other books which are primarily anthropological in disciplinary orientation Media Anthropology is an excellent textbook for undergraduate and graduate students studying media anthropology in communication and media studies journalism anthropology sociology and cultural studies programs
