and those of the other Slav nations To define exactly the position in which the beginning of the war found Russia it is necessary briefly to survey her political condition at the moment The country was still feeling the disturbing effects of the Revolution of 1905 6 The intellectual classes which had now received access to and obtained a share in political life and legislation were engrossed by the struggle with the Government This turmoil centred specially in the Imperial Duma With the opening of military action this internal strife of the parties as in other European countries and the striving for supremacy between the Imperial Duma and the Government died down at first but later became gradually acute again This we observe was the case with all our Allies and in a certain degree with our enemies After three years of war this struggle becoming still more acute brought about a crisis which ended in the Revolution of March 1917 About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works War, Revolution, and Peace in Russia Bertrand M. Russia's War Against Ukraine Mark Edele, 2023-08-15 In February 2022 Russia launched a full scale invasion of Ukraine a fellow East Slav state with much shared history Mark Edele a world authority on the history of the Soviet Union explains why and how this conflict came about He considers competing historical claims and arguments with authority and lucidity His primary focus however is on the different paths taken by these two former members of the Soviet Union Since the implosion of that state in 1991 Ukraine has developed a vibrant if often troubled democracy For an increasingly dictatorial Russian political elite including but not limited to Vladimir Putin Ukraine has appeared more and more threatening Humiliated by the degradation of Russia's international standing feeling betrayed by an expanding NATO and anxious about democratic revolutions in the former Soviet space Putin and his allies have increasingly retreated into a resentful ultra nationalism Dreams of past imperial glory stand in place of any attempt to solve the problems of the present

War, Revolution, and Nation-making in Lithuania, 1914-1923 Tomas Balkelis, 2018 In this book Tomas Balkelis explores how the Lithuanian state was created and shaped by the Great War from its onset in 1914 to the last waves of violence in 1923 As the very notion of independent Lithuania was constructed during the war violence is seen as an essential part of the formation of Lithuanian state nation and identity War was much more than simply the historical context in which the tectonic shift from empire to nation state took place It transformed people policies institutions and modes of thought in ways that would continue to shape the nation for decades after the conflict subsided In telling the story of the post WWI conflict in Lithuania War Revolution and Nation Making in Lithuania 1914 1923 focuses on the soldiers and civilians involved in the conflict rather than the strategies and acts of politicians generals or diplomats The volume's two main themes are the impact of military social and cultural mobilizations on the local population and different types of violence that were so characteristic of the region throughout the period The actors in this story are people displaced by war and mobilized for war refugees veterans volunteers peasant conscripts POWs paramilitary fighters and others who took to guns not diplomacy to assert their power This is the story of how their lives were changed by war and how they shaped the society that emerged after war
