Sam Adams along with Boone and Alan Webster travels from San Francisco all the way to Denver having dangerous encounters on the way. Sam who played a vital role in shutting down the San Francisco Dream Services Center and waking up half a million dreamers hopes to meet a mysterious contact in Denver who will recruit him for his next mission. The goal of the nationwide Resistance is to cripple the Dream Factories completely and wake up all Americans saving them from their psychic dependence on machine induced dreams which are far more exciting and fulfilling than the often dull existence of ordinary life. Severely injured Sam almost died in his narrow escape from the Center. He feels lucky to be alive and to have the two companions he does. Alan was a police officer in San Francisco and Boone is a jack of all trades who's good at fixing things. Later though Sam wonders if Boone appeared too conveniently in his customized car to rescue them and if he can be trusted. They have barely begun their quest across an America that has regressed to being a lawless frontier. Wherever they stop thieves and murderers attack them. Will they ever survive to reach their destination?
