Same Same but Different Marie Antoinette El-Helou, 2022-11-28 Have you ever wondered if there is more than meets the eye to mental illness than what the medical establishment offers? Have you ever wondered if maybe those voices could be real? Have you had strange phenomena happening to you making you wonder if you were crazy? The world is experiencing the biggest global shift ever known to mankind. Spiritual awakenings and psychic phenomena are becoming more common than ever before. The next step in our spiritual evolution is understanding the nature of the soul. Chances are you or someone close to you has been touched by mental health issues whether you've been diagnosed or not or have had great times of darkness and despair. Maybe you want to live a life of purpose and freedom and just can't get there. Perhaps you've felt crazy because you've had unusual experiences in your life apparently unexplainable ones. Perhaps you have gut feelings, strange occurrences, and a pull to learn more about spiritual and esoteric subjects without knowing why. Perhaps you want to learn how to raise and use your intuition or what your purpose is here on this planet. Within these pages Marie shares stories of her personal journey and channelled information and activations from spiritual and galactic guides she has grown to know and love. Readers are offered an experience of solace, self understanding, and a deep integral shift especially to those who have ever felt different to everybody else. The 12 keys chapters in this book offer an empathic way out of the mainstream medical views to a soul approach also including a shamanic perspective. Each key has its own teaching and are designed to provide a deep intrapsychic activation and healing. Following over 15 years of research and experience Marie brings a light hearted down to earth and humorous multidimensional framework to how we view sanity.
