The Same Jesus Daniel A. Helminiak, 1986 **THE SAME JESUS: A CONTEMPORARY CHRISTOLOGY** Helminiak Daniel, 1986 *Systematic Theology* Francis Schüssler Fiorenza, John P. Galvin, 1991-01-01 Unique among contemporary resources the landmark *Systematic Theology* and its distinguished contributors present the major areas or loci of Roman Catholic theology in light of contemporary developments especially the sea change since Vatican II thought the best new historical studies of traditional doctrines and Scripture and the diverse creative impulses that come from recent philosophy and hermeneutics culture and praxis and ecumenical contacts This new volume combines and updates both previous volumes incorporates into the framework nearly twenty years of fresh thought and bibliography in each area and adds revisions to key articles to take account of a diverse fluid and postmodern situation *The Analogy of Love* Gary Chartier, 2015-11-09 This book offers an overview of Christian theology organized around the twin themes of divine and human love The book covers the traditional theological topics as well as basic questions of theological method It seeks to integrate a focus on love throughout While love is regularly canvassed as a dominant theme in Christian thought it has rarely been the focus of Christian theological construction or a constraint on theological formulation The book seeks to suggest chapter by chapter how a given topic relates to the broad theme of love The book is written in a way designed to make it accessible to university students and educated laypersons At the same time it takes positions on controverted scholarly issues and the methodological approach outlined at the beginning will be of interest to academic theologians **Sex and the Sacred** Daniel A Helminiak, 2012-12-06 A down to earth look at the spiritual power of sex Sex and the Sacred examines the spiritual dimension of human sexuality in a way that is free of religious affiliation but still open to traditional religion and belief in God Dr Daniel Helminiak author of the best selling *What the Bible Really Says about Homosexuality* looks at the relationship between sexuality and spirituality first from a humanistic perspective and then a more familiar Christian point of view In particular he encourages LGBTI people to reclaim their spiritual heritage without apology This unique book emphasizes spiritual commitment as an essential facet of LGBTI queer consciousness and addresses such burning themes as coming out the importance of self acceptance gay marriage gay bashing and the ethics of gay sex Sex and the Sacred combines a psychological approach to spirituality with common sense and compassion inspiring a break from moralistic religion and an understanding of what true spirituality means The book applies this understanding to Christian topics such as the Bible Fundamentalism and the future of Christianity and shows how coming out was an issue for Jesus how homosexual experience relates to the Christian Trinity and how Western Civilization became so sex negative Sex and the Sacred presents in the end a radical vision of Christianity open to all people Religious leaders of all denominations educators counselors members of the gay lesbian bisexual transgender community non religious spiritual seekers and anyone interested in the relationship between spirituality and sexuality will find this book enlightening and uplifting Sex and the Sacred examines the spiritual

drive that is built into human sexuality the standard religious arguments against gay marriage a sustained argument that Biblical Fundamentalism is not Christian spiritual lessons from the AIDS epidemic the right and wrong of sexqueer and otherwise homosexuality in Catholic teaching and practice sexual ethics without religion a vision for a renewed Christianity within a global community

Brain, Consciousness, and God Daniel A. Helminiak, 2015-07-16 Brain Consciousness and God is a constructive critique of neuroscientific research on human consciousness and religious experience An adequate epistemology a theory of knowledge is needed to address this topic but today there exists no consensus on what human knowing means

especially regarding nonmaterial realities Daniel A Helminiak turns to twentieth century theologian and philosopher Bernard Lonergan s breakthrough analysis of human consciousness and its implications for epistemology and philosophy of science Lucidly summarizing Lonergan s key ideas Helminiak applies them to questions about science psychology and religion Along with Lonergan eminent theorists in consciousness studies and neuroscience get deserved detailed attention Helminiak demonstrates the reality of the immaterial mind and addressing the Cartesian mind body problem explains how body and mind could make up one being a person Human consciousness is presented not only as awareness of objects but also as self presence the self conscious experience of human subjectivity a spiritual reality Lonergan s analyses allow us to say exactly what spiritual means and it need have nothing to do with God **Religion and Ethnocentrism** Dave Dean

Capucio,2010-05-10 Previous studies reveal that religion despite its ideal of solidarity hospitality and compassion has been the primary origin of ethnocentrism However other researches dispute this sweeping claim by indicating several other factors that affect this complex relationship This empirical theological study is an endeavour to dig deeper into these factors by examining the extent to which a number of religious images which are culled from five religious themes namely God Jesus Spirit salvation and church contribute to ethnocentrism It situates these religious attitudes within the framework of the Dutch civil religion and the different reactions to it by contemporary Dutch catholic believers **Religion and the Human**

Sciences Daniel A. Helminiak,1998-01-01 Proposes a new paradigm for interdisciplinary studies by applying the thought of Bernard Lonergan to define spirituality as the missing link between religion and theology Encountering Christ in the Suffering Humanity (Mt 25:31-46) Cynthia Pinto,2011 **The T&T Clark Companion to Augustine and Modern**

Theology C.C. Pecknold,Tarmo Toom,2013-07-18 The T T Clark Companion to Augustine and Modern Theology is both a theological companion to the study of Augustine and a resource for thinking about Augustine s importance in modern theology Each of the essays brings Augustinian depth to a broad range of contemporary theological concerns The volume unveils cutting edge Augustinian scholarship for a new generation and at the same time enables readers to see the timely significance of Augustine for today Each of the essays not only introduces readers to key themes in the Augustinian corpus but also provides readers with fresh interpretations that are fully conversant with the theological problems facing the church in our world today Designed as both a guide for students and a reference point for scholars it will seek both to outline the frameworks of key Augustinian debates while at all times pushing forward fresh interpretative strategies concerning his thought God the Son Incarnate Stephen J. Wellum,2016-11-16 Nothing is more important than what a person believes

about Jesus Christ To understand Christ correctly is to understand the very heart of God Scripture and the gospel To get to the core of this belief this latest volume in the Foundations of Evangelical Theology series lays out a systematic summary of Christology from philosophical biblical and historical perspectives concluding that Jesus Christ is God the Son incarnate both fully divine and fully human Readers will learn to better know love trust and obey Christ unashamed to proclaim him as the
