One night they were asked to accompany two strange minders and the son of the owner's butler to help carry the spirits of the animals back to Africa where a ceremony was to be held. On their way their craft was attacked by some evil aliens called jungoes who were after the spirits. They were forced to take a short cut through a world called The Outer Reaches. On arrival they found that the world had been taken over by the jungoes who had built an electro magnetic shield around the world to stop everyone entering or leaving plus a plant designed to change the atmosphere to a gas which would kill all the creatures. After many adventures they escape with a promise to return and reach the ceremony site. They return later together with volunteers to rid the world of the jungoes and destroy both the shield and the gas plant. Upon returning to earth Sammy was attacked by a jungo. This added a potentially horrific twist to the story.
