## **Sammy Marks:**

**The Illustrated at the Fireside** Roger Webster, 2003 A new collection of stories about real life characters and events that have shaped our past and that have never been told before e stories of bravery and honor greed and failure hope and despair but ultimately stories of people who went beyond the expected and of events that surpassed the ordinary *Hidden Pretoria* Johan Swart, 2019-10-01 Despite being South Africa s capital city Pretoria has often played a supporting role to bold and brash Johannesburg and Cape Town s cosmopolitan charms However when it comes to architectural heritage the Jacaranda City is well endowed From the skyline dominating Union Buildings and Voortrekker Monument to the imposing edifices of its administrative precincts Pretoria might be deserving of a second moniker the city of sandstone brick and granite But when you look beyond the impressive fa ades soaring columns and linear planes of buildings that were intended to convey power and authority you ll find light filled interiors embellished with decorative touches that are only hinted at from the outside Murals mosaics domes galleries stained glass windows gleaming brass and impressive woodwork are often hidden from view behind doors that are closed to the public And even those museums buildings and places of worship that are open to all have noteworthy architectural and design features that are easily overlooked The history of the city and of the country has been played out in many of the buildings featured in *Hidden Pretoria* This book captures facets of our diverse heritage historic and contemporary so that a new generation might recognise the need to embrace the past in order to build our common future *The Chronicles of a Contractor* George Pauling, 1926 **The Truth about the Jameson Raid** John Hays Hammond, Alleyne Ireland, 1918 *The Rise of the Global Company* Robert Fitzgerald, 2016-01-07 This is the first full account of how an influential form of commercial organization the multinational enterprise drove globalization and contributed to the making of the modern world Robert Fitzgerald explores the major role of multinational enterprises in the events of world history from the nineteenth century to the present revealing how the growth of businesses that operated across borders contributed to an unprecedented worldwide transformation and deepening interdependence between countries He demonstrates how international businesses shaped the economic development and competitiveness of nations their politics and sovereignty and the balance of power in international relations *The Rise of the Global Company* uses the lessons of history to question prominent contemporary interpretations of multinationals and their consequences and offers a truly wide ranging survey of multinational enterprise spanning two hundred years and five continents **Heshel's Kingdom** Dan Jacobson, 1999 The Orthodox rabbi Heshel Melamed s sudden death by heart attack in 1919 set his widow and children free to leave Lithuania the country that he insisted be their home In light of the Holocaust that took place in Europe twenty years later his death became ironically a gift of life Heshel Melamed s family left Europe before the war and settled safely in South Africa In *Heshel s Kingdom* Dan Jacobson recounts his journey in the 1990s to post Communist Lithuania where he searched for traces of his grandfather Heshel s world More than a genealogical narrative however this deeply

personal memoir becomes at times a philosophical tableau of secularism religion family and modern Judaism Book Jacket

*Voices of Sharpeville* Nancy L. Clark, William H. Worger, 2023-11-17 This is the first in depth study of Sharpeville the South African township that was the site of the infamous police massacre of March 21 1960 the event that prompted the United Nations to declare apartheid a crime against humanity *Voices of Sharpeville* brings to life the destruction of Sharpeville's predecessor Top Location and the careful planning of its isolated and carceral design by apartheid architects A unique set of eyewitness testimonies from Sharpeville's inhabitants reveals how they coped with apartheid and why they rose up to protest this system narrating this massacre for the first time in the words of the participants themselves Previously understood only through the iconic photos of fleeing protestors and dead bodies the timeline is reconstructed using an extensive archive of new documentary and oral sources including unused police records personal interviews with survivors and their families and maps and family photos By identifying nearly all the victims many omitted from earlier accounts the authors upend the official narrative of the massacre Amid worldwide struggles against racial discrimination and efforts to give voices to protestors and victims of state violence this book provides a deeper understanding of this pivotal event for a newly engaged international audience

*A Question Of Treason* Francis Hugh De Souza, 2004 *Economic Development of Africa, 1880-1939 vol 4* David Sunderland, 2017-09-29 One of the main motives for British imperialism in Africa was economic gain This collection examines the ways in which Britain developed Africa and in so doing benefited her own economy

*Sammy Marks* Richard Mendelsohn, 1991 *James Kelman* Simon Kovesi, 2013-01-18 James Kelman is Scotland's most influential contemporary prose artist This is the first book length study of his groundbreaking novels and it analyses and contextualises each in detail It argues that while Kelman offers a coherent and consistent vision of the world each novel should be read as a distinct literary response to particular aspects of contemporary working class language and culture Richly historicised through diverse contexts such as Scottish socialism public transport emigration Booker Prize culture and Glasgow's controversial City of Culture status in 1990 Simon Kovesi offers readings of Kelman's style characterisation and linguistic innovations This study resists the prevalent condemnations of Kelman as a miserable realist and produces evidence that he is acutely aware of an unorthodox politicised literary tradition which transgresses definitions of what literature can or should do Kelman is cautious about the power relationship between the working class worlds he represents in his fiction and the latent preconceptions embedded in the language of academic and critical commentary In response this study is boldly self critical and questions the validity and values of its own methods Kelman is shown to be deftly humorous assiduously ethical philosophically alert and politically necessary

Davenport, 2013-12-18 Before the advent of the great mineral revolution in the latter half of the 19th century South Africa was a sleepy colonial backwater whose unpromising landscape was seemingly devoid of any economic potential Yet lying just beneath the dusty surface of the land lay the richest treasure trove of gold diamonds platinum coal and a host of other metals and minerals that has ever been discovered in one country It was the discovery and exploitation of first diamonds in 1870 and then gold in 1886 that proved the catalyst to the greatest mineral revolution the world has ever known which transformed South Africa into the supreme industrialised power on the African continent Here for the first time is the complete history of South Africa s phenomenal mineral revolution spanning a period of more than 150 years from its earliest commercial beginnings to the present day incorporating seven of the major commodities that have been exploited Digging Deep describes the establishment and unparalleled growth of mining tracing the history of the industry from its humble beginnings where copper was first mined on a commercial basis in Namaqualand in the Cape Colony in the early 1850s to the discovery and exploitation of the country s other major mineral commodities This is also the story of how mining gave rise to modern South Africa and how it compelled the country to develop and progress the way in which it did It also incorporates the stories of the visionary men Cecil Rhodes Alfred Beit Barney Barnato Sir Ernest Oppenheimer Sammy Marks and Hans Merensky who pioneered and shaped the development of the industry on which modern South Africa was built Roads Taken Hasia

R. Diner, 2015-01-01 Between the late 1700s and the 1920s nearly one third of the world s Jews emigrated to new lands Crossing borders and often oceans they followed paths paved by intrepid peddlers who preceded them This book is the first to tell the remarkable story of the Jewish men who put packs on their backs and traveled forth house to house farm to farm mining camp to mining camp to sell their goods to peoples across the world Persistent and resourceful these peddlers propelled a mass migration of Jewish families out of central and eastern Europe north Africa and the Ottoman Empire to destinations as far flung as the United States Great Britain South Africa and Latin America Hasia Diner tells the story of millions of discontented young Jewish men who sought opportunity abroad leaving parents wives and sweethearts behind Wherever they went they learned unfamiliar languages and customs endured loneliness battled the elements and proffered goods from the metropolis to people of the hinterlands In the Irish Midlands the Adirondacks of New York the mining camps of New South Wales and so many other places these traveling men brought change to themselves and the families who later followed to the women whose homes and communities they entered and ultimately to the geography of Jewish history On
