Slavery in the Global Diaspora of Africa Paul E. Lovejoy, 2019-03-07 The collective significance of the themes that are explored in *Slavery in the Global Diaspora of Africa* bridge the Atlantic and thereby provide insights into historical debates that address the ways in which parts of Africa fitted into the modern world that emerged in the Atlantic basin The study explores the conceptual problems of studying slavery in Africa and the broader Atlantic world from a perspective that focuses on Africa and the historical context that accounts for this influence Paul Lovejoy focuses on the parameters of the enforced migration of enslaved Africans including the impact on civilian populations in Africa constraints on migration and the importance of women and children in the movement of people who were enslaved The prevalence of slavery in Africa and the transformations of social and political formations of societies and political structures during the era of trans Atlantic migration inform the book's research The analysis places Africa specifically western Africa at the center of historical change not on the frontier or periphery of western Europe or the Americas and provides a global perspective that reconsiders historical reconstruction of the Atlantic world that challenges the distortions of Eurocentrism and national histories *Slavery in the Global Diaspora of Africa* will be of interest to scholars and students of colonial history African history Diaspora Studies the Black Atlantic and the history of slavery

The Prehistory of Iberia María Cruz Berrocal, Leonardo García Sanjuán, Antonio Gilman, 2013-03-05 The origin and early development of social stratification is essentially an archaeological problem The impressive advance of archaeological research has revealed that first and foremost the pre eminence of stratified or class society in today's world is the result of a long social struggle This volume advances the archaeological study of social organisation in Prehistory and more specifically the rise of social complexity in European Prehistory Within the wider context of world Prehistory in the last 30 years the subject of early social stratification and state formation has been a key subject on interest in Iberian Prehistory This book illustrates the differing forms of resistances the interplay between change and continuity the multiple paths to and from social complexity and the failures of states to form in Prehistory It also engages with broader questions such as when did social stratification appear in western European Prehistory What factors contributed to its emergence and consolidation What are the relationships between the notions of social complexity social inequality social stratification and statehood And what are the archaeological indicators for the empirical analysis of these issues Focusing on Iberia but with a permanent connection to the wider geographical framework this book presents for the first time a chronologically comprehensive up to date approach to the issue of state formation in prehistoric Europe

Protecting Heritage in the Caribbean Peter E.

Siegel, Elizabeth Righter, 2011-09-15 This volume addresses the problem of how Caribbean nations deal with the challenges of protecting their cultural heritages or patrimonies within the context of pressing economic development concerns **African American Life in the Georgia Lowcountry** Philip Morgan, 2011-11-01 The lush landscape and subtropical climate of the Georgia coast only enhance the air of mystery enveloping some of its inhabitants people who owe in some ways as much to Africa as to America As the ten previously unpublished essays in this volume examine various aspects of Georgia lowcountry life they often engage a central dilemma the region's physical and cultural remoteness helps to preserve the venerable ways of its black inhabitants but it can also marginalize the vital place of lowcountry blacks in the Atlantic World The essays which range in coverage from the founding of the Georgia colony in the early 1700s through the present era explore a range of topics all within the larger context of the Atlantic world Included are essays on the double edged freedom that the American Revolution made possible to black women the lowcountry as site of the largest gathering of African Muslims in early North America and the coexisting worlds of Christianity and conjuring in coastal Georgia and the links with variations to African practices A number of fascinating memorable characters emerge among them the defiant Mustapha Shaw who felt entitled to land on Ossabaw Island and resisted its seizure by whites only to become embroiled in struggles with other blacks Betty the slave woman who in the spirit of the American Revolution presented a list of grievances to her master and S Quash the Arabic speaking Muslim who arrived on one of the last legal transatlantic slavers and became a head man on a North Carolina plantation Published in association with the Georgia Humanities Council **Do Markets Corrupt Our Morals?** Virgil Henry Storr, Ginny Seung Choi, 2019-08-21 The most damning criticism of markets is that they are morally corrupting As we increasingly engage in market activity the more likely we are to become selfish corrupt rapacious and debased Even Adam Smith who famously celebrated markets believed that there were moral costs associated with life in market societies This book explores whether or not engaging in market activities is morally corrupting Storr and Choi demonstrate that people in market societies are wealthier healthier happier and better connected than those in societies where markets are more restricted More provocatively they explain that successful markets require and produce virtuous participants Markets serve as moral spaces that both rely on and reward their participants for being virtuous Rather than harming individuals morally the market is an arena where individuals are encouraged to be their best moral selves Do Markets Corrupt Our Morals invites us to reassess the claim that markets corrupt our morals What is a Slave Society? Noel Emmanuel Lenski, Catherine M. Cameron, 2018-05-10 Interrogates the traditional binary slave societies societies with slaves as a paradigm for understanding the global practice of slaveholding
