Samuel Cunard The North Atlantic:

Samuel Cunard and the North Atlantic Thomas William Edgar Roche, 1971 **De teelt van paradijsvogelbloemen (Strelitzia reginae).**, 1969 **Transatlantic** Stephen Fox, 2004-06-29 During the nineteenth century the roughest but most important ocean passage in the world lay between Britain and the United States Bridging the Atlantic Ocean by steamship was a defining remarkable feat of the era Over time Atlantic steamships became the largest most complex machines yet devised They created a new transatlantic world of commerce and travel reconciling former Anglo American enemies and bringing millions of emigrants who transformed the United States In Transatlantic the experience of crossing the Atlantic is re created in stunning detail from the varied perspectives of first class steerage officers and crew The dynamic evolution of the Atlantic steamer is traced from Brunel s Great Western of 1838 to Cunard s Mauretania of 1907 the greatest steamship ever built *Steam Titans* William M. Fowler, 2017-08-08 Winner of the Brewington Book Prize for Maritime History The story of the epic contest between shipping magnates Samuel Cunard and Edward Collins for mid 19th century control of the Atlantic Between 1815 and the American Civil War the greatest invention of the Industrial Revolution delivered a sea change in oceanic transportation Steam travel transformed the Atlantic into a pulsating highway dominated by ports in Liverpool and New York as steamships ferried people supplies money and information with astounding speed and regularity American raw materials flowed eastward while goods capital people and technology crossed westward The Anglo American partnership fueled development worldwide it also gave rise to a particularly intense competition Steam Titans tells the story of a transatlantic fight to wrest control of the globe s most lucrative trade route Two men Samuel Cunard and Edward Knight Collins and two nations wielded the tools of technology finance and politics to compete for control of a commercial lifeline that spanned the North Atlantic The world watched carefully to see which would win Each competitor sent to sea the fastest biggest and most elegant ships in the world hoping to earn the distinction of being known as the only way to cross Historian William M Fowler brings to life the spectacle of this generation long struggle for supremacy during which New York rose to take her place among the greatest ports and cities of the world and recounts the tale of a competition that was the opening act in the drama of economic globalization still unfolding today Cunard and the North Atlantic 1840-1973 Francis E. Hyde, 1975-06-18 **Samuel Cunard** John M. Bassett, 1976 Esquisse biographique abondamment illustrée du célèbre armateur Samuel Cunard fondateur de la compagnie de navigation du même nom On lui doit entre autres les fameux paquebots Queen Mary et Queen Elizabeth Niveau secondaire **Atlantic Kingdom** John A. Butler, 2001 In Atlantic Kingdom maritime historian John A Butler pays tribute to the American mariners and businessmen who challenged Cunard the giant English company that initially monopolized shipping on the North Atlantic In vivid prose Butler chronicles larger than life men such as Cornelius Vanderbilt P T Barnum Edward Knight Collins Enoch Train and Samuel Samuels who battled like mythical gods for control of the high seas **Titanic** John Lang, 2023-06-14 By far the most thorough and well written

investigative book on RMS Titanic's short life and tragic sinking that this reviewer has read fascinating Choice Reviews The sinking of the Titanic on her maiden voyage in April 1912 was one of the defining moments of the twentieth century Books and films about the disaster that befell the iconic liner are commonplace and it seems almost inconceivable that anything fresh can emerge But there is one angle that has not been covered and Titanic examines the events of April 1912 from that completely new perspective John Lang brings the standards of a twenty first century accident investigation to bear on the events of April 1912 using his expertise and his investigator's instinct to determine exactly what happened a century ago and what important lessons still need to be learned A fascinating account this book looks at the facts from a new perspective and uncovers some unexpected findings A worthwhile read Royal Naval Sailing Association Provides genuine insight into what almost certainly happened before during and after the ice sliced through the five compartments on the liner's starboard bow Viewpoint Lang with his experience of marine accident investigation has found an angle in examining events of April 1912 from the perspective of an MAIB officer His analysis is supported by detailed background material enabling the reader to understand the events of the collision and sinking more fully as he brings the standards of a 21st century investigation to bear on the events in determining exactly what happened and why Flash **Great Britain and Her World, 1750-1914** William Otto Henderson,1975 **Captain of the Carpathia** Eric L. Clements,2016-02-11 Responding to Titanic's distress calls in the early hours of 15 April 1912 Captain Arthur Rostron raced the Cunard liner Carpathia to the scene of the sinking rescued the seven hundred survivors of the world's most famous shipwreck and then carried them to safety at New York After twenty five years at sea the competence and compassion Rostron displayed during the rescue made him a hero on two continents and presaged his subsequent achievements During the First World War he participated in the invasion of Gallipoli and commanded Cunard's Mauretania as a hospital ship in the Mediterranean and a troop transport in the Atlantic As her longest serving master he commanded that legendary vessel in transatlantic passenger service through most of the 1920s Rostron retired in 1931 as the most esteemed master mariner of his era celebrated for the Titanic rescue decorated for his war service and knighted for his contributions to British seafaring This account uses newspaper reports company records government documents contemporary publications and memoirs to recount Rostron's seafaring life from his first voyage as an apprentice rounding Cape Horn in sail to his retirement forty four years later as commodore of the Cunard Line Set within the context of his times and featuring particulars of the ships in which he served and commanded this is the first comprehensive biography of Arthur Rostron before during and after his year as captain of the Carpathia *The Way of the Ship* Alex Roland,W. Jeffrey Bolster,Alexander Keyssar,2008 The Way of the Ship offers a global perspective and considers both oceanic shipping and domestic shipping along America's coasts and inland waterways with explanations of the forces that influenced the way of the ship The result is an eye opening authoritative look at American maritime history and the ways it helped shape the nation's history BOOK JACKET **Ships for All Nations** Ian Johnston,2015-10-30 A worthy tribute to

the John Brown company and to British shipbuilding a joy to enthusiasts of the great ships of the past Australian Naval Institute The Clydebank shipyard built some of the most famous vessels in maritime history great transatlantic liners like Lusitania Queen Mary and QE2 and iconic warships like the battlecruiser Hood and Britain's last battleship HMS Vanguard Starting life as J G Thomson in 1847 the business acquired its more famous persona when taken over in 1899 by the Sheffield based steelmaker John Brown Co which enhanced the yard's existing reputation for turning out first class products both naval and mercantile This book charts the fortunes of the company in terms of its business development its management and personnel as well as the great variety of ships it built during the century and a quarter of its existence It also tells a wider story of the rise to world domination of the British shipbuilding industry and its eventual decline and collapse in the post war decades as reflected in the experience of John Brown Written by an acknowledged authority on Clydeside shipbuilding the book was originally published in a limited edition in 2000 but this reprint is entirely new and revised although it retains all the original photographs from the yard's own unrivaled collection Essential to anyone's maritime collection Sea Breezes The profusely illustrated beautifully produced and very detailed story of John Brown Company Army Rumour Service **The Ocean Railway: Isambard Kingdom Brunel, Samuel Cunard and the Revolutionary World of the Great Atlantic Steamships** Stephen Fox, 2011-04-14 An epic social history of steamship travel from the 19th century to the Lusitania the Mauretania and the Titanic **Trade and Traders in Mid-Victorian Liverpool** Graeme J. Milne, 2000-01-01 This book charts the development of Liverpool's trade shipping and business culture in the third quarter of the nineteenth century It assesses the causes and consequences of major changes in the port's economy At the Ocean's Edge Margaret Conrad, 2020-06-16 At the Ocean's Edge offers a vibrant account of Nova Scotia's colonial history situating it in an early and dramatic chapter in the expansion of Europe Between 1450 and 1850 various processes sometimes violent often judicial rarely conclusive transferred power first from Indigenous societies to the French and British empires and then to European settlers and their descendants who claimed the land as their own This book not only brings Nova Scotia's struggles into sharp focus but also unpacks the intellectual and social values that took root in the region By the time that Nova Scotia became a province of the Dominion of Canada in 1867 its multicultural peoples including Mi kmaq Acadian African and British had come to a grudging unequal and often contested accommodation among themselves Written in accessible and spirited prose the narrative follows larger trends through the experiences of colourful individuals who grappled with expulsion genocide and war to establish the institutions relationships and values that still shape Nova Scotia's identity Canada's Entrepreneurs John English, 2011-01-01 Beginning with an accessible overview of the rise of entrepreneurialism in Canada it features portraits of 61 individuals organized thematically Here readers will meet a variety of seminal characters the merchants of the first trading posts and the commercial empire of the St Lawrence the industrialists of the Maritimes Central Canada and the West the railway builders and urban developers and everyone in between R sum de l diteur
