

SAMUEL WISEMAN'S *BOOK OF RECORD*

The Official Account of
Bacon's Rebellion in Virginia, 1676–1677

Edited, annotated, and introduced by
MICHAEL LEROY OBERG

Samuel Wisemans Of Record The Official Account Of Bacons Rebellion In Virginia

Brendan G. Carr

Samuel Wisemans Of Record The Official Account Of Bacons Rebellion In Virginia :

Samuel Wiseman's Book of Record Samuel Wiseman, 2005-01-01 In 1676 Nathaniel Bacon led a well known colonial uprising against the authority of King Charles II in the person of Virginia s governor Sir William Berkeley Bacon s Rebellion dramatically altered relations between Chesapeake colonists and Native Americans and also induced late Stuart imperialists to crack down on colonial autonomy Michael Leroy Oberg has transcribed edited and introduced the official record left by Samuel Wiseman King Charles II s scribe assigned to this uprising s investigation making this history widely available for the first time in book form

Samuel Wiseman's Book of Record Samuel Wiseman, 2009-01-01 In 1676 Nathaniel Bacon led a well known colonial uprising against the authority of King Charles II in the person of Virginia s governor Sir William Berkeley Bacon s Rebellion dramatically altered relations between Chesapeake colonists and Native Americans and also induced late Stuart imperialists to crack down on colonial autonomy Michael Leroy Oberg has transcribed edited and introduced the official record left by Samuel Wiseman King Charles II s scribe assigned to this uprising s investigation_ making this history widely available for the first time in book form

Tales from a Revolution James D. Rice, 2012 In the spring of 1676 Nathaniel Bacon a hotheaded young newcomer to Virginia led a revolt against the colony s Indian policies Bacon s Rebellion turned into a civil war within Virginia and a war of extermination against the colony s Indian allies that lasted into the following winter sending shock waves throughout the British colonies and into England itself James Rice offers a colorfully detailed account of the rebellion revealing how Piscataways English planters slave traders Susquehannocks colonial officials plunderers and intriguers were all pulled into an escalating conflict whose outcome month by month remained uncertain In Rice s rich narrative the lead characters come to life the powerful charismatic Governor Berkeley the sorrowful Susquehannock warrior Monges the wiley Indian trader and tobacco planter William Byrd the regal Pamunkey chieftain Cockacoeske and the rebel leader himself Nathaniel Bacon The dark slender Bacon born into a prominent family soon earned a reputation in America as imperious ambitious and arrogant But the colonial leaders did not foresee how rash and headstrong Nathaniel Bacon could be nor how adept he would prove to be at both inciting colonists and alienating Indians As the tense drama unfolds it becomes apparent that the struggle between Governor Berkeley and the impetuous Bacon is nothing less than a battle over the soul of America Bacon died in the midst of the uprising and Governor Berkeley shortly afterwards but the profoundly important issues at the heart of the rebellion took another generation to resolve The late seventeenth century was a pivotal moment in American history full of upheavals and far flung conspiracies *Tales From a Revolution* brilliantly captures the swirling rumors and central events of Bacon s Rebellion and its aftermath weaving them into a dramatic tale that is part of the founding story of America

Lethal Encounters Alfred A. Cave, 2011-01-20 This in depth narrative history of the interactions between English settlers and American Indians during the Virginia colony s first century explains why a harmonious coexistence proved impossible Britain s first successful settlements in America occurred

over 400 years ago Not surprisingly the historical accounts of these events have often contained inaccuracies This compelling study of colonial Virginia is based upon the latest research shedding new light on the tensions between the English and the American Indians and clarifying the facts about storied relationships In *Lethal Encounters Englishmen and Indians in Colonial Virginia* the author examines why the Anglo settlers were unable to establish a peaceful and productive relationship with the region's native inhabitants Readers will come to understand how the deep prejudices harbored by both whites and Indians the incompatibility of their economic and social systems and the leadership failures of protagonists like John Smith Powhatan Opechacanough and William Berkeley caused this breakdown ***Patriarchy in Peril*** Dennis Todd, 2023-07-07

William Byrd II was a prominent eighteenth century Virginian who at the time of his death owned over 180 000 acres and employed laborers and enslaved Africans to work his land His letters diaries and surveying documents have become key texts in the study of American history and he is one of the most quoted and discussed figures of his era Byrd himself was perhaps the early colonial epitome of a patriarch and typically when historians examine Byrd and the prominence of patriarchal thought in colonial Virginia they examine his relationships with his immediate family In this book however Dennis Todd examines the patriarchal relations between Byrd and the workers on his plantations his apprentices his wageworkers his overseers his white servants and especially his slaves In doing so this book illuminates a neglected stage in the formation of slavery in Virginia Todd argues that patriarchal principles which are often assumed to have justified slavery and to have offered a template for slave management in fact did neither Byrd was not the only Virginian to wrestle with the contradictions between patriarchal values and the realities of slavery but few were as articulate In examining Byrd through the twin lens of slavery and patriarchy *Patriarchy in Peril* makes an important contribution to our understanding of the man and his place in Virginia society as well as the contentious formation of early America ***Workers in America*** Robert E.

Weir, 2013-01-08 This encyclopedia traces the evolution of American workers and labor organizations from pre Revolutionary America through the present day In 2001 Robert E Weir's two volume *Historical Encyclopedia of American Labor* was chosen as a New York Public Library Best in Reference selection Weir recently revised this groundbreaking resource resulting in content that is more accessible comprehensive and timely The newest edition *Workers in America A Historical Encyclopedia* features updated entries recent court cases a chronology of key events an enriched index and an extensive bibliography for additional research This expansive encyclopedia examines the complete panorama of America's work history including the historical account of work and workers the social inequities between the rich and poor violence in the Labor Movement and issues of globalization and industrial economics Organized in two volumes and arranged in A Z order the 350 entries span key events collective actions pivotal figures landmark legislation and important concepts in the world of labor and work

Nature and History in the Potomac Country James D. Rice, 2009-03-06 How environmental forces and human responses to them profoundly shaped both Native American and colonial life along the Potomac River James D Rice's fresh

study of the Potomac River basin begins with a mystery Why when the whole of the region offered fertile soil and excellent fishing and hunting was nearly three quarters of the land uninhabited on the eve of colonization Rice wonders how the existence of this no man s land influenced nearby Native American and later colonial settlements Did it function as a commons as a place where all were free to hunt and fish Or was it perceived as a strange and hostile wilderness Rice discovers environmental factors at the center of the story Making use of extensive archaeological and anthropological research as well as the vast scholarship on farming practices in the colonial period he traces the region s history from its earliest known habitation With exceptionally vivid prose Rice makes clear the implications of unbridled economic development for the forests streams and wetlands of the Potomac River basin With what effects Rice asks did humankind exploit and then alter the landscape and the quality of the river s waters Equal parts environmental Native American and colonial history Nature and History in the Potomac Country is a useful and innovative study of the Potomac River its valley and its people

Loyalty to the Monarchy in Late Medieval and Early Modern Britain, c.1400-1688 Matthew Ward,Matthew Hefferan,2020-06-30 This book explores the place of loyalty in the relationship between the monarchy and their subjects in late medieval and early modern Britain It focuses on a period in which political and religious upheaval tested the bonds of loyalty between ruler and ruled The era also witnessed changes in how loyalty was developed and expressed The first section focuses on royal propaganda and expressions of loyalty from the gentry and nobility under the Yorkist and early Tudor monarchs as well as the fifteenth century Scottish monarchy The chapters illustrate late medieval conceptions of loyalty exploring how they manifested themselves and how they persisted and developed into early modernity Loyalty to the later Tudors and early Stuarts is scrutinised in the second section gauging the growing level of dissent in the build up to the British Civil Wars of the seventeenth century The final section dissects the role that the concept of loyalty played during and after the Civil Wars looking at how divergent groups navigated this turbulent period and examining the ways in which loyalty could be used as a means of surviving the upheaval

Plain Paths and Dividing Lines Jessica Lauren Taylor,2023-08-11 It is one thing to draw a line in the sand but another to enforce it In this innovative new work Jessica Lauren Taylor follows the Native peoples and the newcomers who built and crossed emerging boundaries surrounding Indigenous towns and developing English plantations in the seventeenth century Chesapeake Bay In a riverine landscape defined by connection Algonquians had cultivated ties to one another and into the continent for centuries As Taylor finds their networks continued to define the watery Chesapeake landscape even as Virginia and Maryland s planters erected fences and forts policed unfree laborers and dispatched land surveyors By chronicling English and Algonquian attempts to move along paths and rivers and to enforce boundaries Taylor casts a new light on pivotal moments in Anglo Indigenous relations from the growth of the fur trade to Bacon s Rebellion Most important Taylor traces the ways in which the peoples resisting colonial encroachment and subjugation used Native networks and Indigenous knowledge of the Bay to cross newly created English boundaries She

thereby illuminates alternate visions of power freedom and connection in the colonial Chesapeake *Republic of Indians*
Bradley J. Dixon, 2024-12-03 A sweeping history of the Native Southerners who wrote their principles into Spanish and English law A sweeping history of the Native Southerners who challenged European empires from the inside Republic of Indians tells the story of Indigenous leaders who wrote their principles into Spanish and English law While in the Spanish Empire Natives were a recognized part of la rep blica de indios the republic of Indians other Natives across the early American South understood themselves to be joined with European colonists in larger polities each jealously guarding their own bodies of liberties under royal sanction Thus rather than simply rejecting European pretensions to rule them as subjects and vassals Native Southerners as diverse as the Apalachees Pamunkeys Powhatans and Timucuas redefined their status to become political players in legislative assemblies and the courts of distant monarchs They pushed for incorporation in larger political systems in which they had a say and were themselves instrumental in creating Adapting pre invasion practices to the technology of writing and the challenges of colonialism Indigenous petitioners sought exemptions from labor and protection for the lands that God gave to them as well as the right to install preferred leaders avoid enslavement ally with the Crown against colonists ease harsh colonial laws and even amend the terms of treaties and compacts Bradley J Dixon shows how their petitions also stand as enduring contributions to American political thought and how it was these vassals and subjects who gave meaning to the modern idea of tribal sovereignty In the South the Spanish and English empires came to resemble one another precisely because they were both dependent to a remarkable degree on maintaining Indigenous political consent and were founded in large part on Indigenous conceptions of law **Urban Dreams, Rural Commonwealth** Paul Musselwhite, 2018-12-21 The English settlers who staked their claims in the Chesapeake Bay were drawn to it for a variety of reasons Some sought wealth from the land while others saw it as a place of trade a political experiment or a potential spiritual sanctuary But like other European colonizers in the Americas they all aspired to found organize and maintain functioning towns an aspiration that met with varying degrees of success but mostly failure Yet this failure became critical to the economy and society that did arise there As Urban Dreams Rural Commonwealth reveals the agrarian plantation society that eventually sprang up around the Chesapeake Bay was not preordained rather it was the necessary product of failed attempts to build cities Paul Musselwhite details the unsuccessful urban development that defined the region from the seventeenth century through the Civil War showing how places like Jamestown and Annapolis despite their small size were the products of ambitious and cutting edge experiments in urbanization comparable to those in the largest port cities of the Atlantic world These experiments though stoked ongoing debate about commerce taxation and self government Chesapeake planters responded to this debate by reinforcing the political economic and cultural authority of their private plantation estates with profound consequences for the region s laborers and the political ideology of the southern United States As Musselwhite makes clear the antebellum economy around this well known waterway was built not in the absence of cities but

upon their aspirational wreckage Justice in a New World Brian P Owensby, Richard J Ross, 2019-01-15 A historical and legal examination of the conflict and interplay between settler and indigenous laws in the New World As British and Iberian empires expanded across the New World differing notions of justice and legality played out against one another as settlers and indigenous people sought to negotiate their relationship In order for settlers and natives to learn from maneuver resist or accommodate each other they had to grasp something of each other s legal ideas and conceptions of justice This ambitious volume advances our understanding of how natives and settlers in both the British and Iberian New World empires struggled to use the other s ideas of law and justice as a political strategic and moral resource In so doing indigenous people and settlers alike changed their own practices of law and dialogue about justice Europeans and natives appealed to imperfect understandings of their interlocutors notions of justice and advanced their own conceptions during workaday negotiations disputes and assertions of right Settlers and indigenous peoples legal presuppositions shaped and sometimes misdirected their attempts to employ each other s law Natives and settlers construed and misconstrued each other s legal commitments while learning about them never quite sure whether they were on solid ground Chapters explore the problem of legal intelligibility How and to what extent did settler law and its associated notions of justice become intelligible tactically technically and morally to natives and vice versa To address this question the volume offers a critical comparison between English and Iberian New World empires Chapters probe such topics as treaty negotiations land sales and the corporate privileges of indigenous peoples Ultimately Justice in a New World offers both a deeper understanding of the transformation of notions of justice and law among settlers and indigenous people and a dual comparative study of what it means for laws and moral codes to be legally intelligible The Historical Origins of Terrorism in America Robert Kumamoto, 2014-02-05 When we think of American terrorism it is modern individual terrorists such as Timothy McVeigh that typically spring to mind But terrorism has existed in America since the earliest days of the colonies when small groups participated in organized and unlawful violence in the hope of creating a state of fear for their own political purposes Using case studies of groups such as the Green Mountain Boys the Mollie Maguires and the North Carolina Regulators as well as the more widely known Sons of Liberty and the Ku Klux Klan Robert Kumamoto introduces readers to the long history of terrorist activity in America Sure to incite discussion and curiosity in anyone studying terrorism or early America The Historical Origins of Terrorism in America brings together some of the most radical groups of the American past to show that a technique that we associate with modern atrocity actually has roots much farther back in the country s national psyche **Class in America** Robert E. Weir, 2007-06-30 In the United States social class ranks with gender race and ethnicity in determining the values activities political behavior and life chances of individuals Most scholars agree on the importance of class although they often disagree on what it is and how it impacts Americans This A Z encyclopedia the first to focus on class in the United States surveys the breadth of class strata throughout our history for high school students to the general public Class is illuminated in 525 essay

entries on significant people terms theories programs institutions eras ethnic groups places and much more This useful set is an authoritative fascinating source for in demand information on key aspects of our culture and society and helps researchers to narrow down a broad topic Class is revealed from angles that often intersect through history with entries such as Founding Fathers the Industrial Revolution Westward Expansion through economics with entries such as Dot com Bubble Robber Barons Chicago School of Economics Lottery Wage Slaves Economic Equal Opportunity Act Stock Market Inheritance Taxes Wal Mart Welfare through social indicators such as Conspicuous Consumption the Hamptons WASP Homelessness Social Climbing through politics with entries such as Anarchism Braceros Heritage Foundation Communist Party Kennedy Family and through culture through entries such as Country Music The Great Gatsby Television and Studs Terkel Class is also approached from ethnic sexual religious educational and regional angles Special features include an introduction timeline suggested reading per entry cross references reader s guide to topics and thorough index Sample entries Immigration Education Labor Movement Pink Collar Workers AFL CIO Strikes Great Depression Jacob Riis Literature the Rockefellers Slavery Music Academia Family Suburbia McMansions Taxation Segregation Racism Ivy League Robber Barons Philanthropists Socialites Religion Welfare the American Dream Dot com Millionaires Equal Opportunity Founding Fathers Wage Slaves Industrial Revolution Capitalism Economics Appalachia Horse Racing Gender Communist Party Country Clubs Religion American Indians Conspicuous Consumption Studs Terkel Film Class Consciousness Work Ethic Media Television Puritans Homelessness Status Symbols Assimilation Melting Pot Art Westward Expansion Poverty The Great Gatsby Stock Market Working Poor Gated Communities the Hamptons Social Climbing Crime Lottery Elitism WASP American Dream Noam Chomsky Fortune Magazine [Native America](#) Michael Leroy Oberg, 2017-05-30 Native America A History Second Edition offers a thoroughly revised and updated narrative history of American Indian peoples in what became the United States The new edition includes expanded coverage of the period since the Second World War including an updated discussion of the Red Power Movement the legal status of native nations in the United States and important developments that have transformed Indian Country over the past 75 years Also new to this edition are sections focusing on the Pacific Northwest Placing the experiences of native communities at the heart of the text historian Michael Leroy Oberg focuses on twelve native communities whose histories encapsulate the principal themes and developments in Native American history and follows them from earliest times to the present A single volume text ideal for college courses presenting the history of native peoples in the region that ultimately became the United States from ancient America to the present A work that illustrates the great diversity in the historical experience of native peoples and spotlights the importance of Native Americans in the history of North America A supplementary website MichaelLeroyOberg.com includes resources for teachers and students including a resource guide links to primary source documents suggestions for additional readings test and discussion questions and an author s blog *The New Encyclopedia of Southern Culture* Amy Louise Wood, Charles Reagan

Wilson,2011-11-14 Much of the violence that has been associated with the United States has had particular salience for the South from its high homicide rates or its bloody history of racial conflict to southerners popular attachment to guns and traditional support for capital punishment With over 95 entries this volume of The New Encyclopedia of Southern Culture explores the most significant forms and many of the most harrowing incidences of violence that have plagued southern society over the past 300 years Following a detailed overview by editor Amy Wood the volume explores a wide range of topics such as violence against and among American Indians labor violence arson violence and memory suicide and anti abortion violence Taken together these entries broaden our understanding of what has driven southerners of various classes and various ethnicities to commit acts of violence while addressing the ways in which southerners have conceptualized that violence responded to it or resisted it This volume enriches our understanding of the culture of violence and its impact on ideas about law and crime about historical tradition and social change and about race and gender not only in the South but in the nation as a whole

England's Other Countrymen Onyeka Nubia,2019-06-15 The Tudor period remains a source of timeless fascination with endless novels TV programmes and films depicting the period in myriad ways And yet our image of the Tudor era remains overwhelmingly white This ground breaking and provocative new book seeks to redress the balance revealing not only how black presence in Tudor England was far greater than has previously been recognised but that Tudor conceptions of race were far more complex than we have been led to believe Onyeka Nubia s original research shows that Tudors from many walks of life regularly interacted with people of African descent both at home and abroad revealing a genuine pragmatism towards race and acceptance of difference Nubia also rejects the influence of the Curse of Ham myth on Tudor thinking persuasively arguing that many of the ideas associated with modern racism are in fact relatively recent developments England s Other Countrymen is a bravura and eloquent forgotten history of diversity and cultural exchange and casts a new light on our own attitudes towards race

The Head in Edward Nugent's Hand Michael Leroy Oberg,2013-02-12 Roanoke is part of the lore of early America the colony that disappeared Many Americans know of Sir Walter Raleigh s ill fated expedition but few know about the Algonquian peoples who were the island s inhabitants The Head in Edward Nugent s Hand examines Raleigh s plan to create an English empire in the New World but also the attempts of native peoples to make sense of the newcomers who threatened to transform their world in frightening ways Beginning his narrative well before Raleigh s arrival Michael Leroy Oberg looks closely at the Indians who first encountered the colonists The English intruded into a well established Native American world at Roanoke led by Wingina the weroance or leader of the Algonquian peoples on the island Oberg also pays close attention to how the weroance and his people understood the arrival of the English we watch as Wingina s brother first boards Raleigh s ship and we listen in as Wingina receives the report of its arrival Driving the narrative is the leader s ultimate fate Wingina is decapitated by one of Raleigh s men in the summer of 1586 When the story of Roanoke is recast in an effort to understand how and why an Algonquian weroance was murdered

and with what consequences we arrive at a more nuanced and sophisticated understanding of what happened during this the dawn of English settlement in America

American Indian History Day by Day Roger M. Carpenter, 2012-10-02 This unique day by day compilation of important events helps students understand and appreciate five centuries of Native American history Encompassing more than 500 years American Indian History Day by Day A Reference Guide to Events is a marvelous research tool Students will learn what occurred on a specific day read a brief description of events and find suggested books and websites they can turn to for more information The guide's unique treatment and chronological arrangement make it easy for students to better understand specific events in Native American history and to trace broad themes across time The book covers key occurrences in Native American history from 1492 to the present It discusses native interactions with European explorers missionaries and colonists as well as the shifting Indian policies of the U S government since the nation's founding Contemporary events such as the opening of Indian casinos are also covered In addition to accessing comprehensive information about frequently researched topics in Native American history students will benefit from discussions of lesser known subjects and events whose causes and significance are often misunderstood

Feral Animals in the American South Abraham Gibson, 2016-08-30 This book retells American southern history from feral animals perspective examining social cultural and evolutionary consequences of domestication and feralization
