Miyamoto Musashi Charles River Editors, 2020-01-26 Includes pictures Includes excerpts of contemporary accounts Includes a bibliography for further reading Study strategy over the years and achieve the spirit of the warrior Today is victory over yourself of yesterday tomorrow is your victory over lesser men Miyamoto Musashi Samurai Sasaki Kojiro was growing increasingly impatient as he waited on the beach at Funa Island in Kokura An undefeated master swordsman he was tense and his anger was getting the better of him He was on the small island for a duel a clash of steel between two swordsmen where a man's life could end in seconds The duel was the ultimate test of the swordsman and Sasaki one of the best in Japan was known as The Demon of the Western Provinces However the Sasaki on the beach did not resemble the fierce warrior of his reputation as he paced back and forth frustrated by the tardiness of his opponent the enigmatic Miyamoto Musashi Sasaki knew nothing about Musashi except that the mysterious swordsman was undefeated because aside from that little was known about Musashi's style or lineage Although Musashi did have a reputation for keeping a rather unkempt appearance and an unpredictable personality the mysterious swordsman also was the subject of conflicting stories about his courage and prowess Though he was understandably confident Sasaki did not underestimate his opponent who finally arrived to the island on a small boat Sasaki noticed something shocking Musashi did not bring a sword Instead Musashi who appeared as if he had just rolled out of bed brought a wooden oar carved into a makeshift sword as his dueling weapon Sasaki was furious and though he was beyond insulted he drew his sword and prepared to fight to the death The duel between the two masters thus began with one of them having no sword at all Little may have been known about Musashi at the time but centuries later he is the most infamous and renowned warrior in Japanese history As a veteran of the Battle of Sekigahara 1600 Naniwa 1615 and the Shimabara Rebellion in Hizen 1637 1638 Musashi was a seasoned battlefield soldier went undefeated in over 60 duels and authored an essential book on strategy Go Rin No Sho The Book of Five Rings He

invented a swordsmanship style called Hi no shita Kaizan Shimmei Miyamoto Musashi Masana ryu a two sword style that some historians think Musashi may have come up with after being influenced by the two handed drumming of Japanese drummers His style has continued to be an influence on the practice of kendo into the modern era Adding to his legend was the fact that Musashi did not look like a typical samurai warrior He was widely reported to have never bathed never washed his hair and did present himself like a man with a position in the ruling samurai class This man considered to be Japan s finest swordsman looked more like a wandering vagabond than an elegant aristocratic warrior The typical samurai employed by daimyos were expected to be properly dressed and groomed with clean clothes and neatly cut hair Some samurai even applied rouge to their cheeks to appear healthy and ready to die for their lords Musashi on the other hand seemed to have appeared out of thin air claiming no famous teacher school or lineage He also never entered long term service with a daimyo married or settled down although he did serve a number of different prestigious clans Instead he wandered throughout the island of Japan as a free spirit apparently valuing observation and intuition far above technique Shockingly he also rarely used a real sword while he respected the sword he was not beholden to it and often used whatever was available to duel an opponent In the same vein he taught his own students to avoid preferences or to rely on any one tool Put simply Musashi was a Japanese warrior like no other
