San Juan De La Cruz Obra Completa T 1:

San Juan de la Cruz Saint John of the Cross,1996-01-01 St John San Juan de la Cruz is one of the greatest mystics and poets in any language This is a new introduction and translation of St John poetry presented in both Spanish and English and prose commentaries that includes his biography providing an integrated vision that resurrects the power of his poetic voice

San Juan de la Cruz Crisógono de Jesús Sacramentado,1929 , Obras Completas Del Santo Maestro Juan de Avila: Sermones: ciclo santoral. Pláticas espirituales. Tratado sobre el sacerdocio Saint John (of Avila),1970 **Queer God de Amor** Miguel H. Díaz,2022-09-13 Queer God de Amor explores the mystery of God and the relationship between divine and human persons It does so by turning to the sixteenth century writings of John of the Cross on mystical union with God and the metaphor of sexual relationship that he uses to describe this union Juan s mystical theology which highlights the notion of God as lover and God s erotic like relationship with human persons provides a fitting source for rethinking the Christian doctrine of God in John s own words as un no s qu an I know not what In critical conversations with contemporary queer theologies it retrieves from John a preferential option for human sexuality as an experience in daily life that is rich with possibilities for re sourcing and imagining the Christian doctrine of God Consistent with other liberating perspectives it outs God from heteronormative closets and restores human sexuality as a resource for theology This outing of divine queerness that is the ineffability of divine life helps to align reflections on the mystery of God with the faith experiences of queer Catholics By engaging Juan de la Cruz through queer Latinx eyes Miguel D az continues the objective of this series to disrupt the cartography of theology latinamente Athenaeum and Literary Chronicle ,1847 The Athenaeum ,1847 The Athenæum ,1848 **A New Companion to Hispanic Mysticism** ,2010-06-15 Winner of the 2011 SCSC Bainton Prize for Reference Works The canon of Hispanic mysticism is expanding No longer is our picture of this special brand of early modern devotional practice limited to a handful of venerable saints Instead we recognize a wide range of marginal figures as practitioners of mysticism broadly defined Neither do we limit the study of mysticism necessarily to the Christian religion nor even to the realm of literature Representations of mysticism are also found in the visual plastic and musical arts The terminology and theoretical framework of mysticism permeate early modern Hispanic cultures Paradoxically by taking a more inclusive approach to studying mysticism in its marginal manifestations we draw mysticism in all its complex iterations back toward its rightful place at the center of early modern spiritual experience Contributors Colin Thompson Alastair Hamilton Christina Lee Clara E Herrera Darcy Donahue Elena del R o Parra Evelyn Toft Fernando Dur n L pez Francisco Morales Freddy Dom nguez Glyn Redworth Jane Ackerman Jessica Boon Jos Adriano de Freitas Carvalho Luce L pez Baralt Mar a Carri n Maryrica Lottman and Tess Knighton **Thought and Poetic Structure in San Juan de la Cruz's Symbol of Night** N. Humanism and Religion in Early Modern Spain Terence O'Reilly, 2021-09-30. *Humanism and Religion in Early Modern Spain* brings together twenty-five essays by renowned historian Terence O'Reilly. The essays examine the interplay of religion and humanism in a series of writings composed in sixteenth-century Spain. It begins by presenting essential background: the coming together during the reign of the Emperor Charles V of Erasmian humanism and various movements of religious reform, some of them heterodox. It then moves on to the reign of Philip II, focusing on the mystical poetry and prose of St. John of the Cross. It explores the influence on his writings of his humanist learning, classical, biblical, and patristic. The third part of the book concerns a verse epistle by John's contemporary Francisco de Aldana. One chapter presents the text with a parallel version in English, whilst two others trace its debt to Florentine Neoplatonism, particularly the thought of Marsilio Ficino. The final part is devoted to the humanism of the poet and Scripture scholar Luis de León and specifically to the confluence in his work of biblical and classical motifs. This book is essential reading for scholars and students of early modern Spanish history, as well as those interested in literary studies and the history of religion. CS 1102
