Veronico, Reg McGovern, Janet McGovern, 2010 Located midway on the San Francisco Peninsula Redwood City's outstanding weather begat the motto Climate Best by Government Test Once a Mexican rancho Redwood City became the port for exporting timber from the coastal mountains and later the San Mateo County seat Through a series of contrasting vintage and modern images this book shows the city's amazing transformation **Best Bike**

Westlake Bunny Gillespie, 2008-09-29 The Westlake section of Daly City is the quintessential postwar suburban modernist development and it was the singular vision of Henry Doelger that made it so Westlake was to the San Francisco Bay Area what Levittown was to New York after World War II providing affordable housing for thousands of service veterans and war industry personnel who remained in California after their tours of duty The area abuts San Francisco's Sunset District where Doelger built thousands of homes in the shifting sands before battling the dunes in northern San Mateo County in 1948 Doelger was lauded as the Bay Area's best-known builder of homes apartments and shopping centers Daly City increased in size almost by half when Westlake was annexed in 1948 **Fort Caroline, the Search for America's Lost Heritage**

Richard Thornton, 2014-07-10 In 1564 the French attempted to establish a colony calling it Fort Caroline along the May River now St John's River The original site has been lost Here Thornton uses histories documents and maps in an effort to locate the elusive Fort Caroline and to determine if it might be located in Georgia or Florida which has been historically debated

**Dividing the Public** Matthew Gardner Kelly, 2024-01-15 Winner of the Vincent P DeSantis Book Prize from The Society for Historians of the Gilded Age and Progressive Era and awarded with Honorable Mention in the Outstanding Book Award by the History of Education Society and Honorable Mention in the New Scholar's Book Award from AERA's Division F In **Dividing the Public** Matthew Gardner Kelly takes aim at the racial and economic disparities that characterize public education funding in the United States With California as his focus Kelly illustrates that the use of local taxes to fund public education was never an inadvertent or de facto product of past practices but an intentional decision adopted in place of well known alternatives during the Progressive Era against past precedent and principle in several states From efforts to convert expropriated Indigenous and Mexican land into common school funding in the 1850s to reforms that directed state aid to expanding white suburbs during the years surrounding World War II **Dividing the Public** traces in intricate detail how a host of policies connected to school funding have divided California by race and class over time In bringing into view the neglected and poorly understood history of policymaking connected to school finance Kelly offers a new story about the role

public education played in shaping the racially segregated economically divided and politically fragmented world of the post 1945 metropolis

**Concentration Camps on the Home Front** John Howard, 2009-05-15 Without trial and without due process the United States government locked up nearly all of those citizens and longtime residents who were of Japanese descent during World War II Ten concentration camps were set up across the country to confine over 120 000 inmates Almost 20 000 of them were shipped to the only two camps in the segregated South Jerome and Rohwer in Arkansas locations that put them right in the heart of a much older long festering system of racist oppression The first history of these Arkansas camps *Concentration Camps on the Home Front* is an eye opening account of the inmates experiences and a searing examination of American imperialism and racist hysteria While the basic facts of Japanese American incarceration are well known John Howard s extensive research gives voice to those whose stories have been forgotten or ignored He highlights the roles of women first generation immigrants and those who forcefully resisted their incarceration by speaking out against dangerous working conditions and white racism In addition to this overlooked history of dissent Howard also exposes the government s aggressive campaign to Americanize the inmates and even convert them to Christianity After the war ended this movement culminated in the dispersal of the prisoners across the nation in a calculated effort to break up ethnic enclaves Howard s re creation of life in the camps is powerful provocative and disturbing *Concentration Camps on the Home Front* rewrites a notorious chapter in American history a shameful story that nonetheless speaks to the strength of human resilience in the face of even the most grievous injustices

Stern, 2010-08-01 In 1692 two young girls who lived in Salem Massachusetts began acting strangely They made odd sounds for no reason flapped their arms like birds and had fits in which they choked and screamed as if being attacked Had they been bewitched by an evil spell People in their village were terrified As rumors of witchcraft spread many villagers were accused of being witches Were seemingly ordinary people actually being taken over by evil spirits An exciting narrative format brings a dark episode of American history to life while providing plenty of creepy details to satisfy young horror fans Chilling photos and illustrations and clear age appropriate text will keep readers turning the pages to discover the truth about the Salem witch trials
