San Francisco 1939 Seymour Snaer,1980 **World's Fair** ,1982 **California History** ,1980 **Encyclopedia of Twentieth-Century Photography, 3-Volume Set** Lynne Warren,2005-11-15 The Encyclopedia of Twentieth Century Photography explores the vast international scope of twentieth century photography and explains that history with a wide ranging interdisciplinary manner This unique approach covers the aesthetic history of photography as an evolving art and documentary form while also recognizing it as a developing technology and cultural force This Encyclopedia presents the important developments movements photographers photographic institutions and theoretical aspects of the field along with information about equipment techniques and practical applications of photography To bring this history alive for the reader the set is illustrated in black and white throughout and each volume contains a color plate section A useful glossary of terms is also included **Edward Weston--photographs** Amy Conger,University of Arizona. Center for Creative Photography,1992 **Intimate Companions** David Leddick,2015-11-24 Leddick makes a strong case for why his subjects remain vital and important American artists Publishers Weekly Photographer George Platt Lynes painter Paul Cadmus and critic Lincoln Kirstein played a major role in creating the institutions of the American art world from the late 1920s to the early 1950s The three created a remarkable world of gay aesthetics and desire in art with the help of their overlapping circle of friends lovers and collaborators Through hours of conversation with surviving members of their circle and unprecedented access to papers journals and previously unreleased photos David Leddick has resurrected the influences of this now vanished art world along with the lives and loves of all three artists in this groundbreaking biography Monthly Bulletin San Francisco Public Library,1919 *The Italian Theatre in San Francisco* Lawrence Estavan,Mary A. Burgess,Mary Wickizer Burgess,1991-01-01 A history of the Italian American operatic dramatic and comedic productions presented in the San Francisco Bay area through the Depression Era with reminiscences of the leading players and impresarios of the time reworked and re edited by Mary A Burgess from the Federal Writers Project production of 1939 **The Social and the Real: Political Art of the 1930s in the Western Hemisphere** ,2006 *Feed/back* ,1980 "Women, Workers, and Race in LIFE Magazine " Dolores Flamiano,2017-07-05 The tension between social reform photography and photojournalism is examined through this study of the life and work of German gr ansel Mieth 1909 1998 who made an unlikely journey from migrant farm worker to Life photographer She was the second woman in that role after Margaret Bourke White Unlike her colleagues Mieth was a working class reformer with a deep disdain for Life s conservatism and commercialism In fact her work often subverted Life s typical representations of women workers and minorities Some of her most compelling photo essays used skillful visual storytelling to offer fresh views on controversial topics birth control vivisection labor unions and Japanese American internment during the Second World War Her dual role as reformer and photojournalist made her a desirable commodity at Life in the late 1930s and early 40s but this role became untenable in Cold War America when her

career was cut short Today Mieth's life and photographs stand as compelling reminders of the vital yet overlooked role of immigrant women in twentieth century photojournalism *Women Workers and Race in LIFE Magazine* draws upon a rich array of primary sources including Mieth's unpublished memoir oral histories and labor archives The book seeks to unravel and understand the multi layered often contested stories of the photographer's life and work It will be of interest to scholars of photography history women's studies visual culture and media history
