San Luis Valley:

The San Luis Valley, Second Edition Virginia McConnell Simmons, 1999-06-15 In this sparkling new edition of *The San Luis Valley Land of the Six Armed Cross* Virginia McConnell Simmons lays before the reader the stories and voices of this multicultural land Ranging from prehistoric peoples and historic Indians to early Spanish settlers trappers American explorers railroads and Euro American pioneers this book is a comprehensive volume covering the geography and social history of Colorado's San Luis Valley

Some History and Reminiscences of the San Luis Valley, Colorado Darrel Nash, 2019-02-13 Who does this land belong to How have cultures gained access to this land Who gets to decide who is right These are the questions that inspired Nash to write this book Although in recent decades there have been significant studies and reports on the history of San Luis Valley and more generally the southwestern United States this intriguing story is largely unknown to many residents More importantly most of the history commonly known is told by those that won the valley from several previous inhabitants and cultures This work gives a prominent place to the stories as told by indigenous people and Spanish speaking people before the arrival of northern European descendants Nash draws from a wide variety of sources to bring a condensed version of this broader story
