San Pedro, Colombia Miles Richardson,1986 San Pedro, Colombia Miles Richardson,1970 *San Pedro, Colombia* Richardson Miles,1983 **San Pedro, Colombia** Miles Richardson,1965 *Pentecostalism in Colombia* Cornelia Butler Flora,1976 This sociological study details the nature of the Pentecostal movement in Colombia the comparative patterning of precedent conditions in a regional system and among individuals the comparative internal structure of the movement and its reflection in the membership and the consequences of the movement s emergence and survival on municipios and individuals

Historical Dictionary of Colombia Harvey F. Kline,2012-06-01 Colombia is the fourth largest country in South America and one of the continent s most populous nations It has substantial oil reserves and is a major producer of gold silver emeralds platinum and coal along with a significant number of natural resources Colombia has also been ravaged by a decades long violent conflict involving outlawed armed groups drug cartels and gross violations of human rights Recently the country has made some progress towards improving security and President Santos has pledged to continue to improve security by passing laws to strengthen the judicial system a reform of the manner of distributing royalties paid by mining and petroleum companies and a tougher law against corruption The Historical Dictionary of Colombia covers the history of Colombia through a chronology an introductory essay appendixes and a bibliography The dictionary section has over 1 000 cross referenced entries on important personalities politics economy foreign relations religion and culture This book is an excellent access point for students researchers and anyone wanting to know more about Colombia **Being-in-Christ and**

Putting Death in Its Place Miles Richardson,2006-09-01 Winner of the James Mooney Award of the Southern Anthropological Society In this bracingly original anthropological study Miles Richardson draws on forty years of empirical research to explore the paradox that while humans must die like all evolving life forms they have adapted a unique symbolic communication that makes them aware of their naturally occurring fate and through word and artifact they dwell upon that discovery Using the concepts of culture and place he illuminates how two groups Catholics in Spanish America and Baptists in the American South create being in Christ and thereby put death in its place The book combines biological cultural archaeological and linguistic anthropology a rigorous evolutionary framework and a postmodern dialogic stance to view humanity as inescapably a product of nature without sacrificing the interpretative social constructions that turn a primate into a poem Hard won ethnographic detail and moving religious insight make this an enthralling work Colombia United States. Department of State. Bureau of Public Affairs,1975 **Revolutionary Social Change in Colombia** James J. Brittain,2009-12-09 Although they are one of the most powerful military forces in Latin American history little is known about the Revolutionary Armed Forces of Colombia People s Army FARC EP This book explains why this political military movement came into existence and assesses whether the methods employed by the insurgency have the potential to free those marginalised in Colombia By evaluating the FARC EP s actions ideological construction and their theoretical placement the

book gauges how this guerrilla movement relates to revolutionary theory and practice and through what tangible mechanisms if any they are creating a new Colombia
